2. I also append the reports, as per margin, submitted by the Collectors and Presidents of the different Boards.

STATEMENT No. I.

3. The area remained the same as last year. The population has been shown according to the Imperial Census of 1891.

4. There was no change in the number and constitution of the Boards., there being 6 District Boards and 40 Táluka Boards as in the previous year, The former were presided over by the Collectors of their respective districts, and the latter by Assistant and Deputy Collectors in charge of sub-divisions. The Panch Maháls is the only district in this Division in which the elective franchise has not been conferred owing to its backward condition.

5. The number of *ex-officio*, nominated and elected members was 11,391 and 328 respectively, the same as last year. Of the total number of members, *viz.* 730, 180 were officials and 550 non-officials against 188 officials and 542 non-officials in the preceding year. The number of Europeans and Eurasians decreased from 39 to 37, while there was a proportionate increase in the number of natives, *viz.* from 691 to 693.

6. The triennial terms of the Local Boards of the Division except Broach having expired during the year, they were reconstituted, and the following table shows the interest evinced in the elections in the several districts concerned :—

| District. | Names of Boards. | Number of persons entitled to vote. | Number of voters who attended the poll. | Percentage of voters who attended the poll to the total number of voters. | Number of seats. | Number of candidates. | Number of votes obtained by successful candidates. |

| | Bassein ... ... | 467 | 354 | 75·8 | 8 | 39 | 220 |

7. From the above table it will be seen that except in Modása, Mátar and Mándvi there was keen competition for seats, especially in the Ahmedabad and Thána Districts. The electors, however, did not show the same amount of interest. The smallness of their number at the poll was marked in all the districts. It was only in five tálukas, *viz.*, Modása, Kapadvanj, Máhim, Bassein and Sháhápur, that more than 50 per cent. of the voters exercised their right of franchise. Of the remaining tálukas, in 15 more than 33 per cent., in 7 more than 25 per cent., and in 5 less than 25 per cent. came to the poll.

8. The following table shows the number of meetings held in each district, the number of official and non-official members on the Boards, and the average attendance:—

| District. | Number of Meetings. | Members. | | | Average Attendance. | | |
|---|---|---|---|---|---|---|---|
| | | Officials. | Non-officials. | Total. | Officials. | Non-officials. | Total. |
| Ahmedabad ... ... | 53 | 56 | 97 | 153 | 3 | 5·1 | 8·1 |
| Kaira ... ... ... | 37 | 36 | 108 | 144 | 1·9 | 6·4 | 8·3 |
| Panch Mahals... ... | 12 | 11 | 21 | 32 | 2·1 | 3·9 | 6·0 |

| Thána ... ... ... | 39 | 30 | 140 | 170 | 2·0 | 5·7 | 7·7 |
| Total ... | 214 | 180 | 550 | 730 | 2·19 | 6·08 | 8·3 |

9. The number of meetings held by the several Boards was 214 against 201 in the preceding year. Thirteen meetings had to be adjourned without transacting any business for want of a quorum. The average attendance of the non-official members indicates a slight improvement in the districts of Broach and Surat, while Thána shows a corresponding decline. The attendance

of official members was almost the same as last year, except in Surat and Kaira, where a slight decrease is noticeable.

Under the recent orders contained in Government Resolution No. 3954 of 12th July 1898, the number of meetings adjourned for want of a quorum have been included in column 14 of Statement No. I, and they have also been shown separately in the column of remarks. In Ahmedabad there were four such meetings, 2 in Kaira and Surat and 5 in Thána. The Táluka Local Boards of Dhandhuka, Godhra, Dohad, Broach, A'mod, Sálsette, Máhim, Murbád, Kalyán, and Bhiwndi held less than four meetings during the year. The explanation generally furnished is that the number of meetings held by those Boards was sufficient for the transaction of business, or that it was done by circulating papers under Section 34 of the Act. The system is, however, objectionable for obvious reasons, as it lacks the advantage of a personal discussion of the matter in hand. The attention of the Boards will again be drawn to the advisability of holding at least four meetings in the year.

10. The District Local Boards held 22 meetings against 19 in the previous year. The number of meetings and the average attendance were as per margin. Except in Ahmedabad there has been a general falling off in the attendance of members, especially in Surat. All the Boards complied with the provisions of the law regarding the holding of half-yearly meetings.

STATEMENT No. II.

11. The total income of the several Local Boards amounted to Rs. 12,43,518-2-0 against Rs. 12,83,468-1-5 last year, showing a decrease of Rs. 39,949-15-5. Adding to the total income the balance of Rs. 7,09,534-3-10 at the commencement of the year, the sum available for expenditure during the year was Rs. 19,53,052-5-10 against Rs. 20,46,968-3-3 in the preceding year.

12. The following table exhibits the principal items of income as compared with the receipts in the preceding year :—

| Heads. | 1897-98. | 1896-97. |

13. *VI.—Provincial Rates.*—The net proceeds of the one-anna cess levied under the Bombay Local Funds Acts of 1869 and 1884 constitute the principal source of income of the Local Boards under this head. The following table shows the proportion of the net receipts from this one-anna cess to the total income, and the incidence of the cess per head of population.:—

| District | Total income. | Revenue derived from one-anna cess. | Percentage of column 3 to column 2. | Incidence of one-anna cess per head of population |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |

| Total ... | 12,43,518 2 0 | 7,80,786 2 10 | 62·8 | 0 3 2 |

14. As compared with last year there is a net increase of Rs. 25,293-12-2 This increase is contributed to by all the districts except Ahmedabad, where there was a decrease of Rs. 4,091-3-1, due to smaller realisations of Land Revenue during the year. The largest contributors are Broach and Thâna, where the increase amounts to Rs. 11,499-1-10 and Rs. 8,555-8-2, respectively, due to the recovery of Land Revenue instalments payable in the preceding year but the collection of which was deferred on account of the unfavourableness of the season. In Thâna the increase is also due to the enhanced rates of assessment owing to revision survey. In Kaira the increase of Rs. 4,984-3-10 is also due to revised assessments. The increase of Rs. 3,333-2-10 in Surat is attributed to the introduction of revised survey rates of revenue assessment in the Chorâsi and Bârdoli Tâlukas. The small increase of Rs. 1,012-14-7 in the Panch Mahâls is said to be due to larger realisations of Land Revenue during the year.

15. *XIX—Education.*—There is a decrease of Rs. 3,635-2-0 as compared with the receipts of the previous year. The largest decreases are in Ahmedabad (Rs. 1,904-13-6), Kaira (Rs. 847-1-7) and Thâna (Rs. 519-13-7). In Ahmedabad the decrease is due to the fact that no contribution was received from the Limbdi Darbâr during the year, whereas last year contributions for 1895-96 and 1896-97 were received from that State in lump. Free admission to Dharalla boys in Local Board schools, with a view to promote education among that class, is responsible for the decrease in Kaira, while in Thâna it is attributed to the fall in the attendance at the schools in plague-infected areas. The fluctuations in the other districts are small and need no special mention.

16. *XX.—Medical.*—The total receipts under this head amounted to Rs. 12,112-2-7, showing an increase of Rs. 3,032-0-8. The increase chiefly occurs in the Panch Mahâls and Broach. The increase of Rs. 1,435-3-7 in the Panch Mahâls is due to the transfer of the Dohad Municipal Dispensary fund to the management of the District Local Board, under Government Resolution No. 5390, dated 4th October 1897, while in Broach the increase (Rs. 2,780-5-3) is attributed to the sale of a Government promissory note for the construction of a dispensary at Kavi. There is also an increase of Rs. 948-12-5 in Thâna which is mainly due to the receipt of the Government grant for the Chinchni Dispensary for 1896-97 and 1897-98 during the year. Surat shows a decrease of Rs. 2,213-14-0, which is due to adjustments made under instructions from the Accountant General.

17. *XXXII.—Civil Works.*—The principal items credited to this head are receipts from ferries and tolls on roads, and contributions from private persons. The income under this head during the year amounted to Rs. 1,62,129-2-3 against Rs. 1,80,231-15-8 in the previous year. The decrease of Rs. 18,102-13-5 is due to the fall in the realizations from ferries and tolls owing to plague restrictions, and to smaller contributions.

18. *Toll Collections.*—There was a net decrease of Rs. 13,140-7-5 under this sub-head which was shared more or less by all the districts except Thâna. In Ahmedabad and Broach it is chiefly due to smaller amounts realized from

contractors. In Kaira the decrease is due to the falling off in the receipts. So also in the Panch Mahâls, where the decrease is explained to be due to smaller realizations consequent on plague restrictions. The large decrease in Surat is due to the falling off of cart and boat traffic on account of the plague, to the management of the Aurunga ferry by the Public Works Department, and to the inability of the Surat Municipality to pay its share of the Hope Bridge toll in time.

19. *XXXII.—Civil Works, Miscellaneous.*—The receipts under this head amounted to Rs. 6,000-9-5 against Rs. 6,980-9-5 last year. The sale-proceeds of road-side trees, grass, &c., are credited to this head as per Government Resolution No. 5130, dated 22nd September 1897.

20. *Contributions under XXXII—Civil Works.* The decrease of Rs. 5,237-9-10 under this sub-head is small as compared with Rs. 17,308-4-6 last year. The decrease chiefly occurs in Kaira, Panch Mahâls and Thâna, and is due to the receipt of smaller contributions from private individuals.

21. *Contributions.*—The decrease under this head amounts to Rs. 46,807-1-8, and is distributed over all the districts. It is due to smaller Government grant for water-supply and to no grant having been received during the year for the construction of school buildings.

22. The following table furnishes details of the items comprising these receipts :—

| District. | Fees for permission to remove sand or to quarry. | Fixed contributions in lieu of one-anna cess on excise revenue. | Government grant for village sanitation and water-supply. | Government grant for primary education. | Fisheries fees and fines. | Government grant towards the Veterinary Dispensaries. | Government grant towards the construction of roads or other public works. | Total |

*Exclusive of Rs. 2,140-7-6 on account of contribution from other Boards.

23. *Miscellaneous.*—The receipts amounted to Rs. 4,542-15-11 against Rs. 2,500-3-4 in the previous year, and are made up of the following items :—

| | Rs. | a. | p |
|---|---|---|---|
| Sale of old stores, &c. ... ... | 418 | 5 | 3 |
| Staging bungalow fees ... ... | 1,291 | 12 | 4 |

| Other items ... ... ... | 2,450 | 5 | 7 |
| Rs. ... | 4,542 | 15 | 11 |

The increase of Rs. 2,042-12-7 is chiefly due to larger receipts under " Other items ", which being of a fluctuating nature call for no remark.

24. *Cattle-pound Receipts.*—The receipts under this head amounted to Rs. 21,147-1-10 against Rs. 23,258-10-2 in the preceding year. The decrease is due to a smaller number of cattle having been impounded during the year.

*Debt.*—The debt amounted to Rs. 4,170-5-0 against Rs. 2,611 in the previous year. The increase of Rs. 1,559-5-0 occurs in Kaira and Broach, and is due to larger sums having been received during the year on account of deposits.

25. The incidence of income per head of population in the several districts of this Division is as under :—

| | Rs. | a. | p. |
|---|---|---|---|
| Ahmedabad ... ... ... | 0 | 3 | 8 |
| Kaira ... ... ... ... | 0 | 4 | 9 |
| Panch Mahâls ... ... ... | 0 | 3 | 4 |
| Broach ... ... ... | 0 | 10 | 1 |
| Surat... ... ... ... | 0 | 6 | 7 |
| Thâna ... ... ... | 0 | 4 | 5 |

The fluctuations under this head are small, and do not call for any special remarks.

STATEMENT No. III.

26. The total expenditure of the several Boards amounted to Rs. 12,85,580-1-8 against Rs. 13,37,433-15-5 in the preceding year, showing a decrease of Rs. 51,853-13-9. In the following table are given the principal items of expenditure during the year as contrasted with those of the preceding year :—

27. *Administration.*—The expenditure under this head amounted to Rs. 34,102-14-2, showing an increase of Rs. 705-11-5 over the figures for the past year. As usual, the expenditure under this head includes charges on account of establishments entertained by the several Local Boards under Section 38 of the Local Boards Act, as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors. In Broach, there was an increase of Rs. 734-7-1 due to the establishments employed in the offices of Vice-Presidents of the Táluka Local Boards. The fluctuations in the other districts are small and do not call for remark.

28. *Education.*—The comparative table given below shows the expenditure incurred under this head (Rs. 4,21,872-13-11) against Rs. 4,25,342-14-6 in the previous year, being a decrease of Rs. 3,470-0-7 :—

| | 1897-98. | 1896-97. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Primary Schools ... ... ... | 4,01,010 11 11 | 3,94,972 1 9 |
| Grants-in-aid to Indigenous Schools and Schools transferred to Municipality ... ... | 7,754 4 4 | 17,662 11 9 |

| Miscellaneous ... ... ... | ..... | 102 9 6 |
| Refunds ... ... ... ... | 800 0 0 | ..... |
| Total ... | 4,21,872 13 11 | 4,25,342 14 6 |

The decrease of Rs. 9,244-11-1 occurs in Ahmedabad, Kaira and Thana, whereas there is an increase of Rs. 5,774-10-6 in the other districts of this Division. In the Panch Mahâls, the increase is due to the grant of scholarships to the students in the Male and Female Training Colleges at Ahmedabad as per Government Resolution No. 29, dated 4th January 1897, to the refund of Rs. 800 to Government out of the sale-proceeds of the old school-house at Hâlol as per Government Resolution No. 1705, dated 3rd March 1897, and to the raising of the pay of the trained teachers. In Surat, the increase is due to the last of the above-mentioned causes. The decrease in Ahmedabad, Kaira and Thâna is chiefly due to less expenditure on grants-in-aid and scholarships.

29. *Medical.*—The charges under this head are made up of the following items:—

| | 1897-98. | 1896-97. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Grants to Hospitals and Dispensaries ... | 43,157 6 9 | 40,414 13 0 |
| Vaccination Establishment and Charges ... | 22,002 4 4 | 20,897 9 0 |
| Sanitation Charges ... ... ... | 939 10 7 | 3,072 7 1 |
| Bubonic Plague charges ... ... | 34,342 10 0 | ..... |
| Total ... | 1,00,441 15 8 | 64,384 13 1 |

The net increase of Rs. 36,057-2-7 is distributed over all the districts, the principal contributors being Broach, Surat and Thâna, where large expenses were incurred for the prevention and suppression of plague. In Broach, it is partly due to the grant paid for the construction of a dispensary at Hansot.

30. *Scientific and other Minor Departments.*—The details of expenditure as compared with the previous year are given below:—

| | 1897-98. | 1896-97. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Veterinary Charges ... ... ... | 5,570 1 7 | 5,510 10 7 |
| Bull and Stallion Charges ... ... | 1,601 14 7 | 1,270 13 2 |
| Total ... | 7,172 0 2 | 6,781 7 9 |

The small increase of Rs. 390-8-5 under this head occurs in Ahmedabad and Kaira, and does not call for any special remark.

31. *Stationery and Printing.*—The expenditure under this head has risen from Rs. 2,812-12-9 to Rs. 3,453-4-4, showing an increase of Rs. 640-7-7, which

is spread over all the districts. The increase is chiefly due to more printing charges having been incurred during the year in connection with the triennial elections. In the Panch Mahâls, more printed forms were indented for from the Government Central Press for the use of the Local Boards.

32. *Miscellaneous.*—The charges on account of dharmshâla and staging bungalow establishments, petty establishments maintained by Local Boards and contributions to Municipalities under Section 47 of the Local Boards Act are included under this head. On the whole, the expenditure fell from Rs. 19,699-13-8 last year to Rs. 17,597-1-7. The decrease mainly occurs in Ahmedabad (Rs. 2,550-8-1) and is due to a smaller amount having been paid this year to the Ahmedabad Municipality under Section 47 of the Act. There is an increase of Rs. 596-3-6 in Kaira, which is partly due to the refund of the amount of the Government grant for water-supply drawn in excess, and partly to the expenditure incurred towards purchasing lands for the accumulation of manure heaps. Panch Mahâls also shows an increase of Rs. 229-1-8, which is caused by the payment of grain compensation to certain Local Boards' employés, and also on account of the expenditure incurred on the purchase of apparatus for the fire-engine at Hâlol.

The fluctuations in Surat and Thâna being small, need no remarks.

33. The charges on account of petty establishments shown under this head amount to Rs. 8,502-12-8, out of which Rs. 4,818-12-2 were spent on account of the pay and contingencies of establishments entertained to watch and clean staging bungalows and dharmshâlas, &c., in charge of Local Boards. The remaining sum of Rs. 3,684-0-6 was expended as detailed below:—

| | Rs. | a. | p. |
|---|---|---|---|
| Pay of water-bearers to fill water in troughs for cattle, &c. | 1,918 | 6 | 7 |
| Pay of a servant to look after the fire-engine at Hâlol in Panch Mahâls ... ... ... ... | 24 | 0 | 0 |
| Charges on account of establishment entertained to ply ferries in the Broach District ... ... ... | 1,741 | 9 | 11 |
| | 3,684 | 0 | 6 |

The cost of the establishments maintained for the planting and preservation of road-side trees has been shown under the head "Civil Works" as directed in Government Resolution No. 3954, dated 12th July 1898.

34. *Civil Works.*—The total expenditure under this head fell from Rs. 7,38,245-13-1 to Rs. 6,65,128-10-11. The charges represent 51·4 per cent. of the total expenditure during the year against 55·1 per cent. last year. The following table furnishes details of the items comprised under this head as well as the agency by which the works were executed:—

THA'NA.

Of the total expenditure of Rs. 76,354-11-2 on communications, Rs. 14,804-4-8 were spent on original works and Rs. 61,550-6-6 on repairs. The details of expenditure on new roads, &c., are as follows:—

38. The expenditure under the head improvement of water-supply amounted to Rs. 1,96,677-15-7 against Rs. 1,96,900-1-9 last year. The details of the works are given in Statement No. IV.

39. *Contributions.*—The expenditure under this head amounted to Rs. 20,356-13-5 against Rs. 14,590-8-11 in the preceding year, showing a

net increase of Rs. 5,766-4-6. The increase mainly occurs in Kaira and Thána, and is chiefly due to the amount of contributions paid under Section 47 of the Act.

40. *Debt.*—The expenditure under this head fell from Rs. 30,756-13-6 to Rs. 14,210-15-6 during the year under report. The decrease mainly occurs in Surat, where the final instalment of the Hope Bridge loan was paid up last year. The increase in Ahmedabad is due to the payment of the Ellis Bridge loan for 1897-98 and 1898-99, while in Kaira it is attributed to the advances made to several Táluka Boards to meet charges for famine relief works.

41. *Interest on Debt.*—This item represents the amount of interest for 1897-98 and 1898-99 on the balance of loan advanced to the District Local Board of Ahmedabad.

42. *Balance.*—The actual balance at the close of the year was Rs. 6,67,472-4-2 against Rs. 7,09,534-3-10 last year. The balances at the credit of the several Local Boards are as under:—

| | 1897-98. | | | 1896-97. | | |
|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. |
| Ahmedabad... ... ... ... | 88,075 | 15 | 6 | 1,23,354 | 0 | 7 |
| Kaira ... ... ... ... | 1,52,075 | 5 | 5 | 1,30,761 | 11 | 4 |
| Panch Mahals ... ... ... | 26,912 | 8 | 2 | 30,373 | 11 | 1 |
| Broach ... ... ... ... | 1,53,813 | 1 | 4 | 1,70,194 | 14 | 1 |
| Surat ... ... ... ... | 1,52,263 | 8 | 3 | 1,62,968 | 0 | 1 |
| Thána ... ... ... ... | 94,331 | 13 | 6 | 91,881 | 14 | 8 |
| Total ... | 6,67,472 | 4 | 2 | 7,09,534 | 3 | 10 |

As compared with the previous year, the closing balances show a reduction in all the districts, except Kaira and Thána. The balances, however, in each of the districts exceed the minimum prescribed by Government Resolution No. 107, dated 8th January 1896, but this is mainly due to the orders contained in Government Resolution No. $\frac{53}{53\ P}$ of 5th January 1898, which required Local Boards to curtail their expenditure so as to meet possible expenditure on plague. Another cause for maintaining larger balances than those prescribed, is attributed to the fact that some important works are proposed to be carried out in Ahmedabad, Panch Mahals, Broach and Surat during the next year. As regards the present mode of calculating the closing balances, none of the Collectors have expressed any objection, but as a matter of fact the system has had practically no fair trial given it owing to the exceptional circumstances of the year.

45. The total expenditure on water-supply amounted to Rs. 1,96,677-15-7 against Rs. 1,96,900-1-9 last year. Out of this, Rs. 38,068-7-11 were expended on 80 new tanks and Rs. 55,410-1-5 for 220 new wells and cattle troughs. The existing sources of water-supply were improved at an outlay of Rs. 1,03,199-6-3.

46. Rs. 115-8-0 were spent in the Surat District on sanitary arrangements at the Bodhan Fair, while a sum of Rs. 144-10-10 was devoted to providing lamps on the road from Jalálpor to the Navsári Railway Station for the benefit of the rural population. Rs. 907-12-7 were spent in Thâna on the conservancy of towns and villages. In Ahmedabad, Rs. 85-10-6 were spent on improving village sites. As usual, careful attention has been paid by District officers to the subject of village sanitation for which the Boards have had to incur no special charges.

47. I submit herewith the notes of the several Executive Engineers in this Division, showing the original cost, mileage and the present state of the Local Fund roads, as directed in Government Resolution No. 779, dated 30th January 1890.

48. The following is a brief summary of the working, in the several districts, of Rule 2 of the Local Boards Rules as to the appointment of a works committee for the inspection of works in progress, and how far, and with what results, it has been possible to interest the villagers in works in the manner explained in paragraph 2 of Government Resolution No. 2870 of 19th May 1898.

In Ahmedabad, all the Táluka Local Boards have their separate works committees consisting mostly of non-official members, who are reported to have discharged their duties satisfactorily. The works committee at Sánand, however, is spoken of unfavourably and it is hoped the members of the committee will be better impressed with their responsibilities in the future. The District Local Board has also a works committee of its own, which is composed of all the Táluka Local Board non-official members elected for the District Board under Section 7 A of the Local Boards Act, the duty of which it is to inspect the works of the District Board carried on in the different tálukas. The Collector reports that, as almost all the District Board works are undertaken by the Public Works Agency, the members of the Board have very little to do.

As regards the interest evinced by the villagers in the execution of works, the Collector thinks it somewhat premature to give any opinion at this stage, as the Government Resolution on the subject is of a recent date, and practically no works are executed during the rains. In some of the villages in the Viramgám Táluka, however, where a few works were carried on, the villagers are reported to have shown satisfactory interest. The Collector promises to draw the attention of the Presidents of the various Táluka Boards to this subject again.

In Kaira there are work committees for the District Local Board as well as for the Táluka Local Boards. The former consists of the Assistant and District Deputy Collectors and a non-official member, and the District officers

while on tour inspect the works of the District Board in progress. As regards the composition of the Táluka Boards committees, each táluka is divided into as many groups as there are members. One group is then assigned to each member to whom timely intimation of the work to be commenced in his charge is given. All bills, whether for materials or labour, are not paid until signed by the member of the group concerned.

The Collector reports that as Government Resolution No. 2870 was received late in May last, there was no time to give effect to the suggestion conveyed therein, namely, to call in the aid of the villagers when works were in progress. He has, however, promised to attend to the wishes of Government during the current year and to report the results in his next report.

In the Panch Mahâls, committees for the inspection of works in progress were brought into existence during the year under report and they are said to have discharged their duties satisfactorily. The burden of the work, however, chiefly falls on the Mámlatdárs and Mahálkaris. With reference to Government Resolution No. 2870, dated 19th May last, the Collector reports that the people in the district are very backward, and as the Government Resolution referred to was received only recently, it has not been possible to see how far the villagers will take an interest in the execution of works. Steps will, however, be taken to create an interest among them, as suggested in the above Resolution. The Surat Code of Rules was adopted in May last with a few modifications suitable to the requirements of the district.

In Broach, committees have been appointed for the supervision of works in each táluka. The constitution of each committee is composed of elected and nominated members, including especially the Mámlatdár and the Head Kárkun of each táluka. As regards the interest evinced by villagers in Local Fund works, Mr. Candy makes the following remarks :—

"I do not find that villagers, as a rule, take any interest in Local Fund works. When people come to me and ask me to undertake a certain work, I refer them to their Local Board member whose duty it is to make every inquiry and bring forward schemes at the Táluka Board meetings, but the members of committees are very supine and do not realize the honour of unpaid services. Even Mámlatdárs were, in my opinion, very slack in looking after works, but I have changed much of this. Local Fund overseers were left a great deal to themselves and no one made a complaint openly against their malpractices. A Collector and his Assistants can, if they show a keen interest in local works, arouse some spirit in the villagers, but it needs time."

In Surat, works committees were formed for the inspection of works in progress, and each member was assigned certain specified works for his direct supervision. The members, on the whole, took satisfactory interest in the works entrusted to their charge.

In Thána, the question of the reconstitution of the works committee of the District Baord is under consideration and will probably be disposed of at the next meeting of the Board. As regards the interest evinced by villagers in the progress of works carried on in their villages, the Collector reports that the orders on the subject being recent, he is unable to furnish any information of the matter. The Collector reports unfavourably of the works committees of the táluka Boards except those of Sálsette, Bassein, Kalyán and Murbád, and remarks that they have as yet shown no great energy in carrying out the duties entrusted to them. The Commissioner hopes that the attention of the officers in charge of sub-divisions will be especially drawn to this fact with a view to awaken among the members of committees a sense of their duty and responsibility in this respect.

The Surat Code of Rules has been adopted in all the Districts of this Division with certain modifications suited to the requirements of each District.

49. In accordance with the orders of Government conveyed in paragraph 15 of their Resolution No. 3179, dated 30th July 1895, a brief review is given of the progress made during the year in material improvements in the several districts of this Division.

*Ahmedabad.*—The most important works carried out during the year were:—

(1) Remaking the road from Ahmedabad to Dholka up to mile No. 8 (Rs. 5,899-6-2).

(2) Improving the road from Dhandhuka to Tagdi (Rs. 1,009-11-5).

(3) Addition of an extra span to a culvert on the Dhollera-Whittle Bandar road (Rs. 1,106-4-8).

(4) Branch road connecting the Ahmedabad-Dholka road with the village of Sahijpur (Rs. 756-11-4), and

(5) Constructing a causeway across the Bhogawa between the Fedra Bridg and Gundi (Rs. 810-11-4).

Several other useful works taken in hand were the metalling of the most important roads in the vicinity of Ahmedabad City, 3 school-houses, 1 dharmshála, a roof over the dharmshála at Amli, and additions to a store-room at Dholka at an aggregate cost of Rs. 4,993-14-4. The expenditure of Rs. 50,751-0-9 on repairs to roads in charge of the Public Works Agency was as usual a heavy charge on the resources of the Local Funds, and hence the Civil Works Agency was unable to undertake any important work.

The improvement of water-supply has received more attention than in the previous year, and it is satisfactory to record that, in spite of a very small grant this year, the expenditure on this account has increased from Rs. 43,662 in 1896-97 to Rs. 48,033. 6 new tanks and 37 new wells were constructed at a cost of Rs. 4,237 and Rs. 12,194 respectively, while 43 wells and 74 tanks and other existing sources of water-supply were improved at an outlay of Rs. 31,602.

*Kaira.*—Of the total expenditure of Rs. 53,986 on communications, Rs. 51,891 were spent on repairing and maintaining existing roads and improving rural cart tracts, while only a sum of Rs. 2,094 was expended on the construction of original works, which mainly consisted of small roads. Much attention has been paid to water-supply. During the year, 20 new tanks were built at a cost of Rs. 6,443, and 85 tanks and 28 wells were repaired at an outlay of Rs. 32,883. The tanks were excavated with the object of affording relief to the poor at places where high prices prevailed on account of scarcity. 5 new school-houses were built at a cost of Rs. 2,589 and a hay-shed for stallions at Nadiád for Rs. 920. The District Local Board of Kaira also maintains two veterinary institutions (as stated in last year's report) with the help of contributions from the Nadiád Municipality and a grant-in-aid from Government. The institutions are becoming more and more useful.

*Panch Mahals.*—The only new works of importance undertaken during the year were the construction of a dispensary building at Hálol at a cost of Rs. 489 and the surveying of the road from Dohad to Alirájpur up to British limits. Both these works were in progress at the end of the year. Of the total sum of Rs. 13,090 spent on communications, the greater portion (Rs. 12,923) was taken up on repairs to existing roads in charge of the Public Works Agency. The improvement of water-supply has received much attention, and Rs. 12,755 were spent as against Rs. 8,812 in the previous year. 41 new tanks and 15 new wells were constructed at an outlay of Rs. 8,049 and Rs. 2,476 respectively, while of the existing sources of water-supply, 13 tanks and 12 wells were repaired at a cost of Rs. 2,230.

*Broach.*—The following works of importance were undertaken during the year at a cost of Rs. 16,455-11-7 :—

(1) Broach-Jhádeshvar road.

(2) Road from Dehgám to Kukerváda.

(3) Bridge across the Kim river at Sahol.

(4) A low-level bridge across the Bhukhi river.

(5) Two bridges and a drain on the Broach-Dehej road.

The most important feature of the year's administration in the disirict was the completion of the first two of the above undertakings at a total expenditure of Rs. 8,833 and Rs. 5,817 respectively. Other minor works were also executed during the year under report, such as metalling some of the existing roads, building culverts, &c. No new school-houses were built, but repairs to existing ones were executed, which cost some Rs. 1,549. Rs. 3,496-14-5 were spent on building a dispensary at Kavi, and servants' quarters and a store-room were added to the dispensary at Ilav at an outlay of Rs. 1,533-11-5. In connection with measures adopted for the prevention of plague, the District Local Board paid its share liberally to other Boards and Municipalities in the district. The expenditure on water-supply fell to Rs. 32,601 as against Rs. 64,326 in the previous year. 16 new tanks were excavated and 27 new wells were built at a cost of Rs. 18,370, while repairs to the existing sources of water-supply entailed an expenditure of Rs. 14,231.

*Surat.*—The total expenditure of the Boards amounted to Rs. 2,77,955 against Rs. 2,86,010 in the year preceding. The amount spent on communications was Rs. 88,397, of which Rs. 23,278 were expended on original works. The road from Jáfferali Gate to the Pársi Tower of Silence was completed during the year at a total cost of Rs. 6,838, which was wholly defrayed by Bái Dinbái Petit. The important road from Ránder to Bhesán, which could not be proceeded with owing to the plague in Ránder last year, was completed at a cost of Rs. 9,420 and was opened for traffic during the year under report. Bridge No. 19 on the Bulsár-Dharampor road was reconstructed during the year at a cost of Rs. 1,331. A road from Olpád to Sahol is in progress and Rs. 999 have already been spent on it. Several other minor works were also taken in hand. A school-house at Mansad in the Jalálpor Táluka (Rs. 2,592) and a dharmshála at Dungri in Bulsár (Rs. 883) complete the list of the more important works of the year's administration. Rs. 37,966 were spent on water-supply. 16 new tanks and 55 new wells were built at an outlay of Rs. 22,453, and, in regard to the existing sources of water-supply, Rs. 15,514 were spent on repairing 20 tanks, 59 wells and a bund.

*Thána.*—The total expenditure during the year under report amounted to Rs. 2,22,195 against Rs. 2,06,986, and shows an increase of Rs. 15,209. Rs. 14,804 were spent on original works and Rs. 61,550 were spent on repairs to existing roads, &c. The principal original works undertaken during the year were (1) road from Badlápur Railway Station to the village, (2) road from Ambádi to Vajreshwari, (3) branch road connecting Pápdi, Gokhirwa and Satioli Khind.

Three school-houses and two sheds were constructed at a total outlay of Rs. 2,219. Good progress was made in the improvement of water-supply. The expenditure under this head rose from Rs. 17,107 to Rs. 25,997, the increase being mainly due to the expenses incurred on the construction of the water-works at Murbád which are now in progress. One new tank and 66 new wells were constructed, and 45 wells and 11 tanks were repaired, at an expenditure of Rs. 25,997.

50. Works committees, as required by Rule 2 of the Local Board Rules, appear to have been regularly appointed in all districts.

In Ahmedabad all the committees are reported to have worked satisfactorily, except Sánard, and the Collector has taken notice of this. In Surat they are reported to have taken a fair amount of interest in the works going on, as was the case in the Panch Maháls.

In Kaira the Collector reports a novel system in force in part of the district. Each non-official member is given a certain group of villages in the táluka, and when a work is begun in his group, intimation is given him that he may supervise it. For each work a visitor's book is provided in which the member is expected to write his remarks after each visit, and these remarks are read out and discussed at the next meeting of the Board presided over by the Assistant Collector. This system is reported to have a very stimulating effect on the non-official members and no doubt it will have, so long as it is new, but I doubt its success in the long run; and when members find they are liable to censure for remarks made, they will cease to make them.

In Broach, committees have been appointed, but nothing has been stated as to how they work. Seeing, however, that each works committee has the Mámlatdár and the Head Kárkun on it, not much reliance is apparently being placed on the energy of the non-official members.

As remarked last year, public spirit is a plant of slow growth, and while Local Board members are keen enough in looking after the interests of their own particular village, they are still inclined to view with indifference what is going on elsewhere, but a slight improvement is visible and it will gradually increase.

I have the honour to be,

Sir,

Your most obedient Servant,

H. F. SILCOCK,

Acting Commissioner, N. D.

No. $\frac{R}{4535}$ of 1898.

From

The Honourable Mr. J. K. SPENCE, C.S.I.,
Commissioner, C. D.;

To

The SECRETARY to GOVERNMENT,
General Department,

*Poona, 29th October 1898.*

Sir,

I have the honour to submit the Report on the Administration of Local Boards in the Central Division for the year 1897-98 and to append the prescribed Statements Nos. I to IV.

Statement No. I.

2. There was no alteration in the constitution of any of the Boards during the year, and their number remained unchanged at 6 District and 65 Táluka Boards.

As regards the area and population within the jurisdiction of the several District Boards, the Director General of Statistics pointed out certain discrepancies last year. The inquiry which followed led to the discovery of mistakes under both heads and Government in their Resolution No. 3060 of 24th April 1897 directed that they should be corrected. This fact accounts for a decrease of 268·3 square miles in the area and of 1,646 persons in the population as compared with the corresponding figures reported last year.

3. The total number of members serving on the Boards was the same as that in the preceding year, *viz.*, 1,214; and of these 6 were *ex-officio*, 568 elected and 640 nominated. The official and non-official members numbered 273 and 941 respectively. The *ex-officio* members already referred to were confined to the Peint Táluka of the Násik District, a particularly backward tract of country to which the elective franchise has not yet been extended.

4. The average attendance of the official and non-official members at meetings of the Boards, calculated in accordance with the instructions contained in Government Resolution No. 2843 of the 25th May 1897, is exhibited in the following table :—

| Districts. | Number of Meetings. | Members. | | | Average Attendance. | | |
|---|---|---|---|---|---|---|---|
| | | Official. | Non-official. | Total. | Official. | Non-official. | Total. |
| Ahmednagar ... ... | 56 | 53 | 149 | 202 | 2·39 | 5·34 | 7·73 |
| Khándesh ... ... | 61 | 53 | 245 | 298 | 3 | 5 | 8 |
| Násik ... ... ... | 48 | 59 | 152 | 211 | 2·68 | 5·56 | 8·24 |
| Poona ... ... ... | 40 | 31 | 124 | 155 | 2 | 6 | 8 |
| Sátára ... ... ... | 63 | 43 | 167 | 210 | 2 | 7 | 9 |
| Sholápur ... ... | 29 | 34 | 104 | 138 | 2·53 | 5·42 | 8 |
| Total ... | 297 | 273 | 941 | 1,214 | 2·43 | 5·72 | 8·15 |

5. As compared with that of the previous year, the attendance of non-official members shows a slight improvement in the Násik District. In Sátára the attendance remained the same, while in the remaining four districts of the Division it shows a decline. As regards the officials, the attendance decreased

everywhere. But even in favourable circumstances it is not possible for the Assistant Collectors and other Government servants who constitute the official element to attend meetings except to a limited extent and during the year under review they were more than usually handicapped by plague and famine.

None of the District Boards failed to hold the minimum of two meetings prescribed in the rules, while all the Táluka Boards except those of Taloda and Sávda in Khándesh and that of Haveli in Poona met a fair number of times for the disposal of business. The three Boards referred to held only one meeting each in the year. The Collector of Khándesh reports that all available funds had to be saved for meeting plague charges and that there was no occasion for the Taloda and Sávda Boards to meet more than once. The Collector of Poona gives no explanation in respect of the Haveli Board, but the presumption is that there was a difficulty in securing attendance in consequence of the prevalence of plague in Poona City.

6. The triennial term of the Táluka Local Boards in the Násik, Ahmednagar, Khándesh, Sátára and Sholápur Districts expired on the 31st March 1898. The term of office of the Násik Boards was extended for special reasons till the 15th April following, but group elections in all the five districts were held during the year of report. The measure of interest evinced in the elections both by electors and candidates may be judged from the following statistics —

| District. | Number of persons entitled to vote. | Number of persons who attended the poll. | Percentage of voters who attended the poll to the total number of voters. | Number of seats. | Number of candidates. |
|---|---|---|---|---|---|
| Ahmednagar ... .. | 10,414 | 3,025 | 29 | 65 | 160 |
| Khándesh ... .. | 23,763 | 12,446 | 52 | 99 | 403 |
| Násik ... ... .. | 10,067 | 2,692 | 26 | 66 | 107 |
| Sátára ... ... .. | 10,155 | 4,164 | 40 | 66 | 175 |
| Sholápur ... .. | 5,730 | 2,452 | 43 | 42 | 169 |

The most striking point in the foregoing statement is the comparative success of the elections in Khándesh, the most backward district in the Division. The percentage of voters as well as candidates was the largest in the Division, and although it varied in the different tálukas, in no single case did a group election fail for want either of voters or candidates. The worst results were attained in the Nasik District, where the fewest votes were recorded and the proportion of candidates to seats was the smallest. It was also the district in which the largest number of elections failed. Thus in the Násik Táluka there were no voters at one election and at two others there were neither candidates nor voters; while in the Sinnar Táluka all elections save one proved abortive in the entire absence of both classes. Plague accounts, no doubt, for these highly unsatisfactory results; but in Sinnar they were probably due not so much to the prevalence of the epidemic as to the sulky mood of the populace subsequent to the riots. Nagar did appreciably better than Násik. The percentages were higher and the only elections which failed were those of Inámdárs in the Karjat and Párner Tálukas. No votes were recorded and nominations were therefore made by the Collector under Section 24 of the Act. In the remaining two districts—Sátára and Sholápur—the results were apparently up to the average and call for no special remarks. On the whole as much local interest was evinced in the elections as could have been expected in the circumstances of the year.

STATEMENT NO. II.

7. The total income of the Boards from all sources amounted to Rs. 13,07,977-13-6, being less by Rs. 93,565-12-8 than that realized in the year 1896-97. With the addition of the opening balance of Rs. 5,35,401-4-0 the sum available for expenditure during the year was Rs. 18,43,379-1-6. In the preceding year the funds at the disposal of the Boards were much larger, amounting to Rs. 21,15,780-10-7. In the following statement the receipts of the two years are contrasted under the various heads of accounts.

| | | | Net Decrease ... | 93,565 12 8 |

The causes of the fluctuations in the various items will be briefly explained below.

8. *I—Land Revenue.*—The receipts under this head now chiefly represent the sale proceeds of grass. In previous years the receipts realised by the sale of road-side trees, their loppings, &c, used also to be credited to it. The practice was discontinued during the year of report under the orders contained in Government Resolution No. 5130 of 22nd September 1897, and the fact accounts for the decrease of Rs. 2,128-6-0 observed under this item.

9. *VI—Provincial Rates.*—The proceeds of the one-anna cess are brought to account under this head. The collections during the year show an increase of Rs. 59,376-4-7, due to the realization of arrears and to a fuller recovery of the normal demand than was possible the year before. The incidence of the cess per head of population shows a proportionate increase, having risen from Re. 0-1-11 to Re. 0-2-1. These particulars as well as the proportion borne by the proceeds of the cess, the largest single item of revenue to the total income of the District Boards of the Division, will be seen from the following statement:—

| Year. | Total income. | Net revenue derived from the one-anna cess. | Percentage of column 3 to column 2. | Incidence of the one anna cess per head of population. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| 1896-97 ... ... | 14,01,543 10 2 | 7,60,949 6 7 | 54 4 6 | 0 1 11 |
| 1897-98 ... ... | 13,07,977 13 6 | 8,20,325 11 2 | 62 11 6 | 0 2 1 |

10. *XII—Interest.*—To this head is credited the interest accruing on Government securities pertaining to Dispensary Funds. The receipts were exactly the same as in the year 1896-97, amounting to Rs. 76-13-0 in the Násik and to Rs. 69-13-2 in the Sholápur District.

11. *XVII—Police.*—This item represents the receipts from cattle pounds, which fell off from Rs. 1,03,306-2-10 in the year 1896-97 to Rs. 77,255-8-4 in the year under report. The decrease has occurred in every district of the Division and is ascribed to fewer impoundings of cattle owing to the famine and the consequent opening of forests to grazing.

12. *XIX—Education.*—The receipts under this head aggregating Rs. 42,746-3-8 were made up of the following items:—

| | Rs. a. p. |
|---|---|
| (i) School fees ... ... ... ... | 40,133 5 0 |
| (ii) Contributions ... ... ... ... | 820 2 6 |
| (iii) Miscellaneous ... ... ... ... | 1,792 12 2 |

In the preceding year the realizations were larger by Rs. 5,148-11-4. The decrease in the year of report was chiefly due to loss of fees consequent on the closing of schools on account of the plague.

13. *XX—Medical.*—This item is composed of (1) hospital and dispensary receipts (Rs. 305-4-6), (ii) contributions (Rs. 1,435) and miscellaneous credits (Rs. 131-7-7). The total amounting to Rs. 1,871-12-1 is smaller by Rs. 6,129-5-5 than the realizations in the year 1896-97. The decrease has taken place chiefly under hospital stoppages.

14. *XXI—Scientific and other Minor Departments.*—The total receipts for the year amounted to Rs. 2,054-4-9, of which a sum of Rs. 1,565-12-3 was contributed by the Poona and Khándesh Districts on account of veterinary fees, Rs. 435-6-6 by Khándesh on account of interest on the Máheji Exhibition Endowment Fund and Rs. 49-2-0 by Násik on account of ground-rent recovered from squatters and keepers of booths at the Naitala Fair. The recoveries fell off by Rs. 1,958-12-7, veterinary fees having declined to that extent in Poona and Khándesh.

15. *XXV—Miscellaneous.*—The total *credits* under this head amounted to Rs. 1,902-10-6. The receipts of the previous year were much larger. A large portion of the decrease of Rs. 1,996-14-1 was due to a falling off in the receipts on account of staging bungalow fees. Many smaller items also contributed to it, but it is unnecessary to refer to them in detail, as they are necessarily of a fluctuating nature.

16. *XXXII—Civil Works.*—The receipts during the year amounted to Rs. 1,33,205-7-7, made up as follows:—

| | Rs. | a. | p. |
|---|---|---|---|
| Tolls on ferries and roads ... ... ... | 1,23,430 | 3 | 6 |
| Rent of buildings and lands ... ... | 588 | 6 | 4 |
| Sale proceeds of stores and materials ... ... | 293 | 3 | 8 |
| Miscellaneous ... ... ... ... | 4,526 | 15 | 5 |
| Contributions ... ... ... ... | 4,366 | 10 | 8 |

The total of the preceding year was Rs. 1,89,103-0-3. The decrease of Rs. 55,897-8-8 was due to smaller receipts under "Tolls" and "Contributions." It is hardly necessary to mention that tolls suffered in consequence of the obstacles to traffic resulting from plague restrictions, and that there were smaller contributions from the people towards the cost of local works on account of the famine.

17. *Contributions.*—These fall under two heads, *viz.*, Provincial Contributions and Contributions by one Board to the revenues of another. The latter item is a trivial one, having amounted during the year to Rs. 596-10-8 only. The former amounted to Rs. 2,26,767-11-5. The details of this sum are given in the following table:—

| Districts. | Fees for permission to remove sand and to quarry. | Proceeds from fees, fines and penalties under Bombay Act VIII of 1866. | Fixed contributions in lieu of one-anna cess on excise revenue. | Government grant for village sanitation and water-supply. | Government grant for primary education. | Government grant for dispensaries. | Government grant towards the construction of school buildings. | Government contribution for vaccination establishment in the Dángs (Khándesh). | Madha Ghát Annachhatra Allowance. | Government grant towards the construction of roads or other public works. | Total. |

| Sholápur ... | 4,692 10 3 | ... | 3,513 0 0 | 2,276 0 0 | 20,490 0 0 | 625 0 0 | ..... | ... | ..... | ..... | 31,596 10 3 |
| Total ... | 9,961 12 7 | 185 0 0 | 35,969 0 0 | 9,398 0 0 | 1,31,827 5 4 | 10,106 0 0 | 27,337 1 6 | 65 0 0 | 1,918 8 0 | ..... | 2,26,767 11 5 |

Taking both classes of contributions together, there was a decrease of Rs. 54,612-14-2 as compared with the previous year's figures. It was chiefly due to smaller grants by Government on account of water-supply and other works.

18. *Debt.*—There is an increase under this head of Rs. 981-1-6, of which, however, no detailed explanation is necessary. It represents contractors' deposits, permanent advances for Local Fund works and other items of a similar nature not really affecting the resources of Local Boards.

STATEMENT No. III.

19. The total expenditure of the several Boards amounted to Rs. 13,80,764-1-8 as compared with an outlay of Rs. 15,80,379-6-7 in the year 1896-97. There was thus a decrease of Rs. 1,99,615-4-11 during the past year. The following statement gives the expenditure under the different account heads for the last two years for purposes of comparison :—

| Heads. | Expenditure during 1897-98. | Expenditure during 1896-97. | Increase. | Decrease. |

20. *18. Administration.*—The charges during the year under report amounted to Rs. 43,964-4-1 as compared with Rs. 50,280-13-8 during the preceding year. The decrease of Rs. 6,316-9-7 was partly due to the transfer of certain items to another head of accounts and was so far nominal, and partly to charges on account of Local Fund Establishments in Government offices, which were adjusted in the accounts of the year 1896-97, having disappeared from those of the past year.

21. *22. Education.*—The expenditure incurred was Rs. 4,50,641-15-1, showing a decrease of Rs. 12,044-10-3 as compared with the previous year's figures. The details of the charges are as follows :—

| | Rs. a. p. |
|---|---|
| Primary schools ... ... ... ... | 4,04,602 15 6 |
| Grants-in-aid ... ... ... ... | 15,038 4 0 |
| Scholarships ... ... ... ... | 14,288 10 6 |
| Miscellaneous ... ... ... ... | 16,025 9 1 |
| Refunds ... ... ... ... | 686 8 0 |

The decrease is mostly due to smaller expenditure under "Grants-in-aid," "Scholarships" and "Miscellaneous."

22. *24. Medical.*—The recorded expenditure during the year amounted to Rs. 83,296 0-8 and was made up of the following items :—

| | Rs. a. p. |
|---|---|
| Hospital and dispensaries ... ... ... | 41,963 13 0 |
| Vaccination—Establishment and charges ... ... | 36,527 5 5 |
| Bubonic Plague charges ... ... ... | 4,363 4 6 |
| Sanitation charges ... ... ... ... | 241 9 9 |
| Medical schools and charges ... ... ... | 200 0 0 |

As compared with the previous year's total there is an increase of Rs. 8,422-5-11, which occurred under the first three items. It was due to the famine so far as the hospital and dispensary and sanitation charges were concerned.

23. *XXVI.—Scientific and other minor Departments.*—The expenditure during the year, amounting to Rs. 17,854-5-0, is made up of the following items:—

| | Rs. | a. | p. |
|---|---|---|---|
| Cattle fairs ... ... ... ... | 1,000 | 0 | 0 |
| Veterinary charges ... ... ... ... | 7,577 | 14 | 10 |
| Bull and stallion charges ... ... ... | 9,197 | 6 | 8 |
| Botanical and other public gardens ... ... | 78 | 15 | 6 |

The second and third items mainly account for the increase of Rs. 2,235-4-4 under this head.

24. *XXIX.—Superannuation Allowances and Pensions.*—The increase of Rs. 2,033-5-3 under this item is nominal, being due to the transfer of certain charges from "XVIII.—Administration" to this head.

25. *XXX.—Stationery and Printing.*—This item exhibits a large increase, amounting to Rs. 7,329-12-5. It was due to printing charges incurred in connection with the triennial elections held during the year in 5 out of the 6 districts of the Division.

26. *XXXII.—Miscellaneous.*—The small increase of Rs. 148-5-9 was contributed by a number of petty items to which it is unnecessary to refer in detail.

27. *XXXIII.—Famine Relief.*—The Sátára District Board paid a contribution of Rs. 9,000 towards the Government expenditure on Famine Relief, while the Násik and Poona Boards spent Rs. 6,966-14-5 and Rs. 6,237-10-2 respectively on relief works within their jurisdiction. The total of these items, *viz.*, Rs. 22,204-8-7, represents the recorded expenditure under this head during the year. The question of the recovery of adequate contributions from Local Funds is still under consideration, and when it is settled much larger sums will probably have to be paid by these and other Boards.

28 *XLV.—Civil Works.*—There was a heavy decline in the expenditure under this head, as will be seen from the following figures:—

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 9,28,563 | 8 | 9 |
| 1897-98 ... ... ... ... | 5,89,540 | 4 | 5 |
| Decrease ... | 3,39,023 | 4 | 4 |

The cause of the decrease has not been clearly explained by all Collectors, but it is understood that funds were accumulated to meet possible demands on account of famine and plague expenditure.

Of the total outlay incurred during the year, a sum of Rs. 2,62,525-2-10 was spent on works carried out by Civil Agency and the rest on works executed by the Public Works Department. The details of the expenditure under both heads will be observed from the following statements:—

The following table shows separately for each district and for the whole division the opening and closing balances as well as the receipts and expenditure during the year.

33. The closing balances of the year under report, though smaller in most districts than those reported for the previous year, were still in excess of the prescribed minimum except in Násik. The circumstances of the year were, however, exceptional. Owing to famine and plague the Boards were under the necessity of husbanding their resources, and they will probably not be relieved of it for a year or two yet as they have incurred liabilities of which a part only has so far been liquidated.

## Statement No. IV.

34. The following table shows for each district the total expenditure incurred under different heads for the improvement of village sanitation :—

| Districts. | Improvement of water-supply. | Improvement of village site, &c., including removal of rank vegetation. | Conservancy of towns and villages. | Other objects calculated to promote the safety, health, comfort and convenience of rural population. | Total. |

35. Inclusive of the sum of Rs. 5,000 annually paid by the Sátára District Board to the local Municipality and Rs. 800 paid by the Sholápur District Board to the Sángola Municipality, the amount spent in the year under report on the improvement of water-supply in the Division was Rs. 83,925-3-10 against Rs. 1,05,924-13-10 in the preceding year, showing a decrease of Rs. 21,099-10-0. The decrease is observable in all the districts of the Division, but is most noticeable in Ahmednagar and was due to smaller grants made by Government for water-supply.

36. The expenditure incurred on the improvement of village sites, &c., amounted to Rs. 1,237-8-10 against Rs. 2,664-8-11 in the previous year, showing a decrease of Rs. 1,427-0-1. The money was wholly spent on the removal of prickly-pear in village sites in the districts of Násik, Poona and Sholápur. The amount spent in each district was as follows :—

| | Rs. a. p. |
|---|---|
| Násik ... ... ... | 458 10 8 |
| Poona ... ... ... | 583 14 8 |
| Sholápur ... ... ... | 194 15 6 |

The sum of Rs. 132 shown against the "Scavenging Establishment" in the statement is on account of the pay of a sweeper engaged at the village of Kurduwádi in the Madha Táluka of the Sholápur district.

37. The amount of Rs. 74-2-2 shown under "Other objects calculated to promote the public safety, &c.," is made up of Rs. 23-13-2 spent by the Páchora Sanitary Committee in Khándesh for the purchase of cholera medicines and of Rs. 50-5-0 paid by the Bhimthadi Táluka Local Board in the Poona district to the G. I. P. Railway Company for the supply of water to travellers putting up at the dharmshála near the Dhond Railway Station.

38. The material progress during the year, of which a sketch is to be furnished under the orders contained in paragraph 15 of Government Resolution No. 3179 of the 30th July 1895, does not compare favourably with that recorded in the last report if judged by figures alone. But such a comparison would be fallacious. In the first place a large portion of the expenditure incurred in the year 1896-97 was necessitated by famine, and relief to the same extent was not required in 1897-98. A contrast with the figures of normal years like 1894-95 or 1895-96 would also be unsatisfactory because for reasons already explained all unavoidable expenditure had to be almost entirely stopped last year. Another factor vitiating any useful comparison is the relative utility of the works carried out during the past two years and those executed before that period. Many of the works carried out for relief purposes are not of a permanent character, or cannot be maintained without an annually recurring outlay beyond the means of the Boards concerned, so that the expenditure of non-famine years is indicative of more substantial progress than that of famine years. However, I give below the statistics of the past four years for such comparison as may be possible:—

| | 1894-95. | 1895-96. | 1896-97. | 1897-98. |

I also append an account of the more important original works carried out during the year to give some idea of the direction in which the funds were utilized.

*(1)—Ahmednagar.*

Except 2 new school-houses and 16 wells which were built during the year, no works of any importance were carried out. The District Board has incurred heavy liabilities on account of famine expenditure and had to carefully economize its balances.

The total expenditure on original works of all kinds amounted during the year to Rs. 7,828-12-2.

*(2)—Khándesh.*

This district suffered the least from famine and plague and was able to spend a fair sum of money on public works. The South-Tápti approach on the Dharangaon-Chopda road was completed during the year and is reported to be of great use in facilitating traffic. The Amalner-Chopda and the Bhusáwal-Jalgaon roads were completed. The North approach to the Tápti River on the Táloda-Nandurbár road was finished and opened for traffic. The earth-work on the Sindkheda-Gorána road, which had been started as a famine work, was nearly finished. The Jámner Dispensary and the Dhulia Veterinary Dispensary were completed. 47 wells, 24 chávdis and 2 dharamshálas were also built.

The total cost on original public works of all descriptions during the year amounted to Rs. 62,947-7-9.

(3)—*Násik.*

A large number of wells (45) was sunk during the year. The causeway across the Nasardi on the Násik-Trimbak road was completed. The Nanashi-Barhe road, a fairly important traffic route, was considerably improved; and a road connecting the village of Dholbari with Shelbari was built. Not much was done in the way of school-houses, only one new building having been constructed.

The total outlay incurred on original works of all descriptions amounted to Rs. 34,088-8-8.

(4)—*Poona.*

Roads, the names and numbers of which are not given by the Collector, were constructed at a cost of about Rs. 2,000. The number of wells built was 47, of dharmsháles 7 and chávdis 5.

The total expenditure on original works of all kinds was Rs. 21,394-12-0.

(5)—*Sátára.*

The Nhávi-Deor road, the Wárna-Valley road and the Vita-Kundal road were substantially improved during the year. The construction of 54 wells, 2 school-houses, 6 dharmsháles and 5 chávdis is also reported.

The total outlay on original works of all descriptions is returned at Rs. 30,606-1-1.

(6)—*Sholápur.*

The list of important works in this district is a small one. It consists of 30 wells, 2 school-houses, 5 chávdis and 1 dharmshála.

The total expenditure on original works of all kinds amounted to Rs. 8,917-0-6.

39. Two other points on which remarks have been called for by Government, *viz.*, (1) the arrangements in force for the supervision and execution of works and (2) the measure of interest taken by the villagers in works, will now be dealt with.

40. Ever since the introduction of the system of local taxation for local purposes, the responsibility for the supervision and execution of works has been divided between the Imperial Public Works Department and the Local Bodies concerned. The share of the responsibility of Local Bodies has, however, been gradually enlarged, as will be seen from the following remarks.

41. Originally all works of any importance were carried out by the Public Works Department, petty road repairs and other small works requiring little or no skill being alone left to Local Fund Committees. Under such an arrangement the Committees must have had very little to do, whereas the responsibility for many scattered and relatively small works must have been thrown on the Public Works Department. In or about the year 1870 the execution of all works costing less than Rs. 500 was entrusted to the Committees. This involved a considerable extension of the scope of their duties and necessitated the employment of establishments on a much larger scale than before In some districts highly-paid Local Fund Engineers were appointed and the Public Works Department probably ceased to have anything whatever to do with Local Fund works, although the Collectors give no clear information on the point. But in a few years these expensive appointments were done away with and subordinates of the rank of overseers and sub-overseers alone were retained, the execution of important works reverting to the Public Works Department. The next stage in the history of these changes was reached in the year 1885-86, when the relative responsibility of the Public Works Department and of Local Boards was defined with reference to the provisions of Act I of 1884. Section 61 of the Act gives Government the power to define the classes of works which shall be executed by these agencies respectively; and the following classes of works were reserved for the Public Works Department on the authority of that section :—

(1) "Every work for which a plan and estimate, prepared or approved by the Executive Engineer, are required by Section 57, clause (*a*), and of which the estimated cost exceeds Rs. 2,500.

(2) "Every such work, as aforesaid, of which the estimated cost does not exceed Rs. 2,500, but which the Executive Engineer shall, for reasons stated, certify that it is desirable that he should execute, and which, on consideration of such certificate, the Commissioner of the Division shall instruct the Executive Engineer to execute."

This classification is still in force, but an addition to the reserved works was subsequently made under which water-works, to which Government have contributed, must be carried out by the Executive Engineer if the cost is not less than Rs. 500.

42. It will be seen from what has been stated above that past experience has suggested no radical change in the system under which local works have hitherto been carried out. It was but right that with the development of local self-government a gradually increasing measure of control should be vested in the Boards, but the principle that the trained agency of the Public Works Department should be utilized for the execution of works of importance has all along been maintained.

43. No special efforts were made during the year to interest the villagers in local works. The energies of officers of all grades were absorbed by famine and plague, while the people had their own distractions. It is to be hoped, however, that it will be possible to report some progress next year. All the Collectors admit the importance of the subject. The non-official members of Boards have not sufficient public spirit to devote their time and energies to the supervision of works and the official members, although they already do a good deal in this direction during the touring season, have many calls on their time. The people must be persuaded, as far as possible, to carry out their own works themselves or to exercise active supervision over those executed through the agency of the Local Fund staff, if budgetted allotments are not to lapse from year to year or the quality of the works is to improve.

44. As required by Government Resolution No. 779 of 30th January 1890 I append notes in original from the several Executive Engineers, showing the original cost, mileage and present condition of the Local Fund roads in their respective districts.

I have the honour to be,
Sir,
Your most obedient Servant,
J. K. SPENCE,
Commissioner, C. D.

The SECRETARY to GOVERNMENT,
General Department,

*Belgaum, 21st September 1898.*

Sir,

I have the honour to submit the Annual Report on the Administration of the Local Boards in the Southern Division for the year 1897-98, together with the usual statistical Statements Nos. I to IV compiled in the prescribed form.

Statement No. I.—Constitution of the Boards.

2. There is a slight change in the area due to the correction of the figures for the Karjat Táluka Local Board of the Kolába District, which is 358, instead of 359 square miles shown in previous reports. The population has been shown according to the Imperial Census of 1891. The number of Boards was the same as in 1896-97—six District and 50 Táluka Local Boards. Of the 896 members, 484 were nominated, 397 elected, and *15 ex-officio* in Kánara as in the preceding year.

3. The elective franchise was in force in the whole Division except the six tálukas of Kánara noted in the margin, where the only elected members are those returned by the Municipalities under Section 6 (*a*) of the Local Boards Act. The total number of meetings held (*including those adjourned for want of a quorum) was 326, *i.e.* five less than the number for 1896-97. The adjourned meetings were 30 in number, 10 in each of the three districts of Bijápur, Kánara and Ratnágiri. All the District Local Boards complied with the rule regarding the holding of half-yearly meetings. Out of the 20 meetings held in the aggregate, 12 were general and 8 special. The average attendance at these meetings in all the districts is given below :—

1. Ankola.
2. Honávár.
3. Siddápur.
4. Sirsi.
5. Supa.
6. Yellápur.

*Vide* paragraph 1 of Government Resolution No. 3954 of 12th July 1898.

| District Local Boards. | 1897-98. | | 1896-97. | |
|---|---|---|---|---|
| | Total number of members. | Average attendance. | Total number of members. | Average attendance. |
| Belgaum ... ... | 19 | 11·1 | 19 | 12·5 |
| Bijápur ... ... | 21 | 7·5 | 21 | 9·4 |

| Kolába ... ... | 17 | 8 | 17 | 8 |
| Ratnágiri ... ... | 20 | 10·7 | 21 | 9·8 |

A slight improvement in attendance is noticeable in Kánara and Ratnágiri and the reverse in Belgaum, Bijápur and Dhárwár. As regards the Táluka Local Boards, those mentioned in the margin failed to observe the standing orders requiring them to hold at least four meetings during the year. Of the remaining Táluka Local Boards, those of Rájápur and Kalghatgi held the largest number of meetings, 14 and 12 respectively.

4. In regard to average attendance, Chiplún (81 per cent.) and Vengurla (71 per cent.) show the best results. The subjoined table furnishes information concerning the attendance of official and non-official members both for the year under report and for 1896-97 :—

| District. | Average Attendance for 1897-98. | | Average Attendance for 1896-97. | |
|---|---|---|---|---|
| | Official. | Non-official. | Official. | Non-official. |
| Belgaum ... ... | 2·37 | 5·51 | 2·83 | 5·27 |

| For the Division ... ... | 1·63 | 5·66 | 1·60 | 5·92 |

Some improvement in non-official attendance is observable only in the Ratnágiri District: elsewhere it is very much the same as in the preceding year except in Bijápur. The divisional average shows no appreciable change.

5. The fifth triennial elections of the Local Boards in the Division were held during the year under report. The dates on which the new District Boards in each district commenced their terms of office are given below :—

Bijápur, 10th ,,
Dhárwár, 1st ,,
Kánára, 1st ,,

* Exclusive of figures for the Kuppelur group.

6. In the Belgaum District the total number of persons entitled to vote was 6,987, of whom 2,444 or 35 per cent. of the total number went to the poll. The percentage was highest (46) in the Gokák Táluka as on the last occasion and the smallest in Sampgaon (28).

In the Bijápur District, the total number of persons entitled to vote was 5,726, of whom 2,971 or 51·8 per cent., recorded their votes. The percentage was lowest (40·7) in the head-quarters Táluka of Bijápur, while the highest (60·3) was reached in the Indi Táluka.

In the Dhárwár District, out of a total number of 12,194 persons having the right to vote, 6,122 or 50·2 per cent. exercised the privilege. The percentage was highest (61·8) in the Kod Táluka and lowest (35·3) in the head-quarters táluka of Dhárwár.

In the Kánara District, out of 813 persons possessing the franchise, 346 or 42·3 per cent. made use of it.

In the Kolába District, out of 4,948 persons who were entitled to vote, 1,994 or 40·29 per cent. voted at the polls. The percentage was highest (51·82) in the Roha Táluka and lowest (25·45) in the Karjat Táluka.

In the Ratnagiri District, out of 5,945 voters, 1,863 or 31·3 per cent. actually exercised the privilege at the polls. The percentage was highest (42·9) in the Rájápur Táluka and lowest (17·7) in the Devgad Táluka as at the fourth triennial elections in 1894-95.

## Statement No. II.—Income.

7. The year opened with a divisional balance of Rs. 5,14,339-14-2. The total income of the several Boards from all sources amounted to Rs. 10,89,902-0-10 as compared with Rs. 11,62,768-1-6 in the preceding year, showing a decrease of Rs. 72,866-0-8. The subjoined table contrasts the receipts of the year under report with those of 1896-97 :—

| | | | Net Decrease. ... | 72,866 0 8 |

The decrease has principally taken place under the heads of (*a*) Civil Works, (*b*) Contributions and (*c*) Debt. Under (*a*) it was due to diminished receipts from tolls on account of the plague restrictions on traffic and also to smaller grants made by private persons and Municipalities. Under (*b*) it was caused by reduced grants from Government for water-supply and for primary schools, and under (*c*) it was due to the non-drawal by the Dhárwár District Board of the fourth instalment (Rs. 90,000) of the loan sanctioned in Government Resolution No. 1043 of 26th March 1895, Financial Department. The several sources of income contributed as follows :—

| | Per cent in 1897-98. | Per cent in 1896-97. |
|---|---|---|
| (1) One-anna Cess ... ... ... | 58·2 | 49·9 |
| (2) Toll receipts ... ... ... | 8·7 | 9·5 |
| (3) Contributions from Provincial Funds ... | 22·5 | 24·3 |
| (4) Fee receipts ... ... ... | 5·8 | 6·4 |
| (5) Other receipts ... ... ... | 4·8 | 10 |

The variations under the several heads of income are explained below :—

*VI—Provincial Rates.*—The income under this head is derived from the net proceeds of the one-anna cess levied under the Bombay Local Funds Act. The increase of Rs. 68,631-13-6, which chiefly occurs in the Dhárwár, Bijápur and Kolába Districts, is due to the realizations during the year of the cess on the Land Revenue, the recovery of which was postponed on account of famine.

*XVII—Police.*—The proceeds under this head represent receipts under the Cattle Trespass Act. The increase in Dhárwár is due to large impoundings of cattle, while the decrease in Bijápur was the result of the free-grazing concession which was in force up to the 1st January 1898 and on account of which fewer cattle were brought to the pound.

*XIX—Education.*—The revenue under this head does not include the one-third share of the one-anna cess. The decrease was brought about by reduced fee receipts, by the non-payment, during the year, of the extra grant of Rs. 1,800 promised by the Belgaum District Local Board (*vide* the last year's report) and by a falling off in the receipts of the School of Industry at Ratnágiri.

The details are :—

| | Rs. | a. | p. |
|---|---|---|---|
| (1) School fees ... ... ... | 64,005 | 4 | 9 |
| (2) Contributions (for purchase of furniture, clocks for schools, &c.) ... ... ... | 151 | 0 | 0 |
| (3) Sale-proceeds of wood work and furniture from the Ratnágiri School of Industry ... | 6,110 | 4 | 7 |
| (4) Miscellaneous items ... ... ... | 443 | 8 | 1 |
| Total ... | 70,710 | 1 | 5 |

*XX—Medical.*—The income under this head consists of contributions from Municipalities for the maintenance of vaccination establishments and of hospital and dispensary receipts. The receipts aggregated Rs. 6,312-6-1 as compared with Rs. 6,682-7-2 in the preceding year, showing a decline of Rs. 370-1-1. The difference is too small to need explanation.

*XXI—Scientific and other Minor Departments.*—The receipts appear against Belgaum alone and show a decrease of Rs. 69-0-11 which is due to smaller receipts on account of fees for medicines supplied by the Veterinary Dispensary at Belgaum.

*XXV—Miscellaneous.*—The income under this head is made up of occasional and fluctuating items such as sale-proceeds of old stores and materials, staging bungalow receipts, &c., and the decrease needs no remark.

*XXXII—Civil Works.*—The decrease under "Civil Works" aggregates Rs. 24,040-13-6 and has occurred chiefly under the sub-heads "Tolls on Roads and Ferries" and "Contributions." The total revenue of Rs. 1,05,426-11-2 from civil works in charge of civil officers was composed of the following items :—

Rs. 95,553-12-4—Tolls on roads and ferries.
„ 659-13-6—Rent of buildings and lands.
„ 12-1-0—Sale of buildings and other property.
„ 21-5-6—Sale of stores and materials.
„ 2,186-3-9—Miscellaneous.
„ 6,993-7-1—Contributions.

Total Rs. 1,05,426-11-2

There is a decrease in all the districts except Ratnágiri and Kánara under "Tolls." The increase in Ratnágiri of Rs. 2,187-7-2 is reported as due to higher bids. The general decrease is, as noted above, ascribable to the checks imposed

upon traffic by plague rules. The net decrease for the Division under tolls is Rs. 14,118-14-11.

The subjoined table furnishes particulars of the amounts paid by private persons and Municipalities :—

The diminution in the income under this sub-head occurred in all the districts in the Division.

† Excess of Rs. 1-8-0 subsequently communicated by the Accountant General not classed.

*Debt.*—The solitary item of income under this head is against the Bijápur District (Rs 6,300). It represents the amount recovered by the District Local Board from the several Boards in that district advanced to enable them to make daily payments to labourers on test relief works (*vide* Government Resolution No. 4943 of 9th November 1896). The reason of the decrease of Rs. 73,700 under this head is explained above (2nd clause, para. 7).

*Incidence.*—The incidences of taxation and that of income (excluding balance) per head of population for the Division were annas 2, pies 1·5 and

annas 3, pies 7·9 respectively against anna 1, pies 11 and annas 4, pies 7 in the preceding year.

It is only those items under which noticeable increase or decrease has occurred that are referred to below.

*18. Administration.*—The expenditure under this head amounted to Rs. 35,769-0-10, as under:—

(*a*) Rs. 11,653-10-4 and Rs. 4,438-4-5 were spent respectively on the salaries of establishments and on office contingencies by the several Boards as compared with Rs. 10,612-5-0 and Rs. 4,198-8-5 in the preceding year.

(*b*) Rs. 19,677-2-1 were expended during the year against Rs. 19,249-7-2 in 1896-97 on account of establishments in Government offices of control, *viz.*, those of the Commissioner, S. D., the Accountant General, the Collectors, and the Educational Inspector, S.D.

*22. Education.*—The gross expenditure under this head aggregated Rs. 4,35,563-15-1 against Rs. 4,45,400-10-2, showing a decrease of Rs. 9,836-11-1. The details of the former item are :—

(*a*) Rs. 10,063-15-10 on account of the Ratnágiri School of Industry.

(*b*) Rs. 3,78,760-10-5 on account of establishment charges of primary schools.

The number of primary and secondary schools maintained by the several Local Boards during the year 1897-98 as well as in the previous year is contrasted in the following table :—

(*c*) Rs. 12,536-14-1 on account of grants towards primary education. —The expenditure under this sub-head fell from Rs. 20,452-9-5 in 1896-97 to Rs. 12,536-14-1 in the year under report. The decrease is chiefly due to the non-payment of grants-in-aid to indigenous schools in Dhárwár and Ratnágiri. The subjoined table classifies district by district the grants made by the Boards to Municipalities as well as to private and indigenous schools for 1897-98 and 1896-97 :—

(*e*) *Rs. 23,345-9-11—Miscellaneous.*—The aggregate expenditure under this sub-head fell by Rs. 1,944-9-2 due to decreased outlay on books, furniture, &c., for schools.

(*f*) *Rs. 588-12-5—Refunds.*

24. *Medical.*—The total expenditure under this head amounted to Rs. 69,127-2-5 against Rs. 55,930-6-4 in the preceding year. The increase of Rs. 13,196-12-1 is wholly on account of measures undertaken for the suppression and prevention of the spread of plague in the districts of the Southern Division. The details are :—

(2) The vaccination figures (Rs. 31,918-7-8) show a slight increase of Rs. 525-4-6 owing to the grant of grain compensation to vaccinators and their peons.

(3) The sanitation charges (Rs. 14,467-8-9) increased during the year by Rs. 13,076-12-10 owing to plague expenditure referred to in the above sub-paragraph relating to 24.—Medical. The outlay in each district was—

|---|---|---|---|

*26. Scientific and other Minor Departments.*—The expenditure under this head amounted to Rs. 5,055-11-5 against Rs. 4,946-13-2 in 1896-97 and occurs only under the sub-head "Veterinary Charges." The variation in the figures calls for no remark.

*29. Superannuation Allowances and Pensions.*—These charges amount to Rs. 143-9-8; there was no outlay under this head in 1896-97. The items against Belgaum, Bijápur and Kolába represent gratuities paid to school-masters, and the one against Ratnágiri represents the gratuity paid to a peon on the vaccination establishment.

*30. Stationery and Printing.*—Under this head the expenditure rose from Rs. 2,589-6-4 in 1896-97 to Rs. 4,614-5-8 during the year under report. The increase of Rs. 2,024-15-4 was caused by the extra printing necessitated by the fresh triennial elections of members in all the districts.

*32. Miscellaneous.*—The enhanced expenditure of Rs. 25,953-11-11 against Rs. 19,070-4-7 in 1896-97 is chiefly due to the refund by the Bijápur District Local Board of the unspent balance of Rs. 10,000 out of the grant of Rs. 20,000 made by Government for the construction of roads, as per Government Resolution No. 732 (Revenue Department) of 1st February 1898.

The total expenditure was made up as under:—

| Rs. | a. | p. | |
|---|---|---|---|
| 400 | 0 | 0 | Contribution from the Belgaum District Local Board for the maintenance of two leper homes paid to the Roman Catholic Chaplain, Belgaum. |
| 12,254 | 1 | 11 | Charges on account of staging bungalow establishment. |
| 1,711 | 5 | 11 | Pay of watermen's and other petty establishments attached to dharmshálas. |
| 9 | 5 | 7 | Miscellaneous and unforeseen charges. |
| 11,578 | 14 | 6 | Miscellaneous refunds. |

*33. Famine Relief.*—The amount actually debited to this head consists of Rs. 246 in the Bijápur District on account of extra allowances and grain compensation to Local Board overseers and peons, and Rs. 3,185-7-9 in the Kolába District on account of the outlay on tanks and roads by the Public Works Department for famine relief. The expenditure in relief of famine incurred by the other Boards is included in the figures given under 45—Civil Works, and is not shown separately.

*45. Civil Works.*—The expenditure under this head is distributed as under :—

| | Rs. | a. | p. |

| (2) Communications ... ... ... | 4,14,902 | 11 | 3 |

* The total expenditure on water-works shown in column 10 of Statement IV is Rs. 1,15,250-1-2. That shown here is Rs. 1,12,276-13-5. The difference of Rs. 2,973-3-9 is made up of Rs. 2,903-3-9 spent on water-works in the Kolába District but included under the head 33. Famine Relief, and of Rs. 70 for a watchman on the Narangi Water-works in the same district included in Statement IV but not in Statement III.

The decrease of Rs. 90,869-2-3 in the expenditure of the year under report is due to the sums provided for less urgent works being diverted to make a provision for plague expenses.

The requisite particulars of each head are detailed below :—

*(1) Civil Buildings.*—In all a sum of Rs. 30,296-13-2 was spent under this head as shown in the following table, which contrasts the figures of the year under report with those of the year 1896-97 :—

Though the outlay on communications fell during the year by Rs. 34,671-14-0, the amount so expended was still larger than that spent in 1895-96 by Rs. 77,116-11-6, and this result was due to the test works that were undertaken for famine relief in all the districts (except Kánara) during the opening months of 1897-98. The original cost, mileage and present condition of the Local Fund roads in the Division in charge of the Public Works Department are given in the notes of the several Executive Engineers which are appended to this report as Appendix V. The following are the details of expenditure incurred in the several districts on original communications carried out by the Civil agency :—

*Debt and Interest on Debt.*—Of the total amount of Rs. 12,380-8-0 shown under "Debt," Rs. 3,289-8-1 were paid by the Bijápur District Local Board in liquidation of the loan of Rs. 50,000 granted by Government to that Board to meet the expenditure in the famine of 1876-77 on the Begam tank at Bijápur, and Rs. 2,704-15-11 by the Ratnágiri District Local Board in repayment of the loan made to that Board by Government for the construction of the Ambághát and subsidiary roads. The balance of the loans due by the said Boards on 31st March 1898 was respectively Rs. 7,689-15-3 and Rs. 12,814-12-8. The Dhárwár District Local Board also paid Rs. 4,886 towards the repayment of the loan made to it. Under "Deposits and Advances" the item of Rs. 1,500 against the Dhárwár District Local Board represents the amount of the additional permanent advance drawn by that Board. On the interest account for the year under report the following sums were paid :—

*Balances.*—The total balances, exclusive of the amount of deposits and permanent advances to the several Boards in the Division, amounted to Rs. 3,71,952-15-5 at the end of the year against Rs. 5,14,339-14-2 in 1896-97. The subjoined statement gives the details regarding the income and closing balance of each District Board for the last two years :—

The closing balance of the District Board of Belgaum was below the minimum prescribed by Government Resolution No. 107 dated 8th January 1896. The excess of Rs. 15,000 over the prescribed limit in the Bijápur District was only nominal, as the Local Board share of the expenses incurred by Government on certain roads during the famine was not communicated to the Board before the close of the year. The excess in Ratnágiri is very small. In the remaining three districts, the large balances were owing to the postponement of non-urgent works so as to make funds available for expenditure on plague, although in Dhárwár the balance was substantially reduced from Rs. 2,61,720-10-3 in 1896-97 to Rs. 1,13,775-8-7 in the year under report. For the same reason no action was taken under Government Resolution No. 318 of 18th January 1898 for reducing the balances.

9. The following table shows the proportion of their respective expenditure which the several Boards contributed, during the year under report, to Educational and Medical objects and to Public Works :—

It will be seen from the above statement that while the Ratnágiri District Board incurred the largest proportion of its total expenditure on educational objects as in past years, the Kanára Board did so on medical objects. As regards expenditure on public works, the percentage in all the districts is less than what it was in 1896-97. Compared with other districts, the percentage of expenditure on administration is, as in 1896-97, highest in Kolába and lowest in Bijápur.

* Includes Rs. 70 for a watchman on the Narangi water-works in the Kolába District.

The decrease of Rs. 16,989-6-8 in the divisional total is what might be expected when compared with the preceding year, in which on account of the famine a large outlay was specially incurred for the improvement of water-supply. It will appear that, as usual, Dhárwár heads the list in regard to expenditure on water-works. The addition of 40 new wells in the Bijápur District, which suffers from want of drinking water-supply, was satisfactory. The other heads of village sanitation did not receive as much attention, although Rs. 230 in the Belgaum and Rs. 725 in the Dhárwár Districts were spent on the removal of rank vegetation from village sites. Kánara also spent Rs. 780 in watering the roads and in keeping them clean in the towns of Ankola, Siddápur, Bilgi, Supa, Yellápur and Mundgod. In all 12 new tanks and 127 new wells were constructed at an aggregate cost of Rs. 45,243-15-9 as compared with 20 new tanks and 160 new wells costing Rs. 58,116-15-4 in the preceding year. The number of existing works repaired or otherwise improved during the year was 308 against 614 in 1896-97.

Interesting villagers in works near their villages.

12. As the orders about interesting villagers in local works were issued in Government Resolution No. 2870 of the 19th May last, *i.e.*, nearly towards the end of the touring season, the Collectors have promised to pay attention to the matter in the next season.

13. Compared with 1896-97, there is not much to record this year concerning progress in material improvements. The necessity for increased outlay on medical objects undoubtedly curtailed that under education and civil works. The most important works of improvement are noted below:—

Progress in material improvements.

*Communications.*—In the Belgaum District out of the total outlay of Rs. 26,854-9-6 incurred on original works, Rs. 20,899-11-4 were expended on new roads such as the Gokák-mills to Gokák town road, Kudchi-Terdal road and the Saundatti-Dhárwár road. A sum of Rs. 23,701-12-3 was spent in the Bijápur District on improvements to Bijápur-Sindgi, Indi-Sindgi and Bijápur-Bágevádi roads and Rs. 26,150-10-2 were expended on repairs of existing roads. This does not, however, represent the total outlay on such works in that district, as its share of the charges incurred by Government on certain relief works has not been communicated to the Board. The means of communication in the Dhárwár District were improved by the construction of the important road-works noted in the margin which were carried out during the year by the Public Works Agency at an aggregate cost of Rs. 1,16,718-4-11. In addition to this, the Board was able to spare Rs. 3,757 for the planting and preservation of road-side trees. The Kánara Boards spent only Rs. 3,477-4-7 on original works such as special repairs to important roads, culverts on roads, reconstruction of bridges and the like. The Collector repeats his complaint of the heavy annual burden regarding the repairs to existing roads, and as the Forest Department owns 80 to 90 per cent. of the area in the district, requests a contribution from that Department towards the maintenance of roads. In the Kolába District no road-work of any importance was undertaken during the year; Rs. 25,000, however, were spent on works of repair. The only original work completed by the Ratnágiri District Board was the Dhamapur Bridge, which cost Rs. 4,178-14-0. This Board is also considerably handicapped on account of many permanent calls on its comparatively slender resources.

1. Pala-Bádámi Road.
2. Ron-Gajendragad Road.
3. Naregal-Gajendragad Road.
4. Naregal-Mallápur Road.

*Water-supply, Improvement of Village Sites, &c.*—As already shown in detail in the remarks on Statement IV, improvement of water-supply was well looked after in all the districts. The Narangi water-works in Alibág Táluka were repaired at a cost of Rs. 6,684 in order to remove the scarcity of water which occurred in the villages of Mankule and Bahirichapada. Surveys are reported to be in progress for the Alibág-Khárápát water-supply scheme and for that for Goregaum.

*Schools and other Buildings.*—The number of new schools and other buildings, such as chávdis, dharmshálas, &c., constructed during the year was 16 each against 15 and 27 respectively in the preceding year. The total expenditure incurred on such buildings was Rs. 22,769-13-10 against Rs. 36,888-1-8 in 1896-97. Due attention was paid to the repairs of the existing buildings, on which Rs. 15,454 were spent.

*Medical Objects.*—No new dispensaries were opened during the year under report, a large amount having been spent in carrying out plague preventive measures. The charge of the Dápoli Dispensary was transferred to the Municipality from 1st April 1897. The existing veterinary dispensaries at Belgaum, Dhárwár, Alibág and Ratnágiri are reported to be doing useful work. The Roha travelling dispensary was not opened, as no hospital assistant was available on account of plague.

14. All the Táluka Boards (except Sirsi in the Kánara District and the Táluka Boards in Kolába) have works committees to look after the Local Fund works in progress. Rules on the lines of the Surat Code of Rules have been drafted in Dhárwár and Kánara. As regards the working of the Committees, the Collector of Belgaum reports that the members have, as a rule, gone out once in a quarter to inspect works in progress in the neighbourhood. This is not fully complying with the standing instructions of Government which require that one or more members of the committee *shall* visit every work at least once in every month. The Collector of Bijápur states that the members of the works committees take considerable

Works Committees.

interest in their work and inspect the works in progress once at least every month. The Collector of Dhárwár observes that the supervision of the works committees except at Hubli and Kod was not satisfactory. Mr. Cappel, however, hopes that the thorough re-organization of the Executive staff of maistries and sub-overseers, which has been effected in the year under report, will improve matters a good deal in future years. He further remarks that the villagers show no personal interest in the works which are being executed in their villages and that Mr. Lely's proposal to entrust village committees with the supervision of works in and about their villages may produce more encouraging results if adopted. In Kánara the committees are reported to have performed their duties in a fairly satisfactory way, except at Sirsi, which has no such committee. It is very unsatisfactory that in Kolába the works committee of the District Board did not hold even a single meeting during the year. As regards Ratnágiri, the Collector acknowledges that all the committees on the whole seem to work tolerably well, though there is much room for improvement. The Commissioner has the pleasure to notice the progress made in this direction in all the districts except Kolába, where no committees appear to exist for the several Táluka Boards. The attention of the Collector of Kolába will be drawn to the matter.

15. The remarks recorded by the several Collectors as regards the working of the Boards in their respective districts are as under :—

About the Belgaum Board, Mr. Drew observes that little interest is taken by the non-official members of the District and Táluka Boards. Almost all the work of the former is done by Ráo Bahádur Lallubhai Goverdhandas, who, besides keeping the accounts as Treasury Officer, is also Vice-President and Chairman of the Managing Committee. The Collector of Bijápur states that he has no reason to be dissatisfied with the working of the Boards, which have shown an eagerness to meet their responsibilities, and makes special mention of Ráo Sáheb Raghavendra Krishna, Vice-President of the District Board, as having taken great interest in the administration of the Board. In the Dhárwár District Mr. Cappel complains that the members of the Táluka Local Boards were mostly indifferent and irregular in attendance, and commends the services of the non-official Vice-Presidents of the Dhárwár and Karajgi Boards—Messrs. V. R. Katti and V. K. Joglekar. Mr. Narsinh Bhimáji Desái, the non-official Vice-President of the Hángal Board, had to be removed from his office on account of inefficiency and continued neglect of duty (Government Resolution, Revenue, No. 1555 of 15th March 1898). Mr. Cappel notices with satisfaction the good work done by Mr. Málápur, the Chairman of the District Local Board Managing Committee. The Collector of Kánara points out the satisfactory work done by the non-official members of the Local Boards in his district, *viz.*, Ráo Sáheb N. R. Udiavar, Messrs. Shivram Subrao Nagrakatti, Ganpati Venkat Subba Bhagawat, Damodar Pandurang Prabhu, Narhari Ghanasham Nadkarni, Ganapabhat Annayabhat, Venkatráo Gururáo Nadig, and Anant Yeshwant Kamat. Mr. Boyd expresses his regret that the District Board lost during the year the services of two efficient and influential persons—Mr. Bappaya Mhal Pai of Kumta and Mr. Puttapa Manjaya Chandragatgi of Siddápur. The first named gentleman died and the other resigned on account of old age. The Collector of Kolába does not make any remarks as to the working of the Boards in his district. The Collector of Ratnágiri specially mentions four non-official Vice-Presidents—Mr. Anant Yeshwant Desái of Rájápur, Mr. Bápat of Devgad, Mr. Sitárám Raghnath Desái of Málvan, and Ráo Sáheb Rangnath Bápuji Patki of Chiplún—for the commendable work they have done.

16. On the whole the working of the several Boards was satisfactory. They all responded willingly to the call of Government for co-operation in the campaign against plague.

I have the honour to be,
Sir,
Your most obedient Servant,
C. B. WINCHESTER,
Acting Commissioner, S. D.

No. 4025 of 1898.

STATEMENT No. I—CONSTITUTION OF BOARDS.

3. There was no change in the number of District Local Boards during the year under report, but the number of Táluka Boards has increased from 46 to 49, owing to separate Boards having been established for the six talukas of Karáchi, Sakro, Sháhbandar, Jati, Sujáwal and Mirpur Batoro in the Karáchi District, in place of three Joint Boards. The Collectors and Deputy Commissioners preside over the District Boards, and the Assistant and Deputy Collectors in charge of tálukas over the Táluka Boards, excepting those of Jacobabad, and Shahdádpur in the Upper Sind Frontier District, which are presided over by the Mukhtiárkars of those tálukas.

4. There has been no change in the area and population of the Boards, but the figures have been corrected this year by the addition of the area and population of the town of Mirpur Batoro, which should have been added to the population and area of the Local Board when the town ceased to be a municipal district on 1st November 1893, but which hitherto were omitted through oversight.

5. The elective system is in force in the districts of Karáchi, Hyderabad and Shikárpur only and in the táluka of Mirpur Khás in the Thar and Párkar District to which the elective franchise was extended when it formed part of the Hyderabad District. In the rest of the Thar and Párkar and in the whole of the Upper Sind Frontier District, the Boards consist of nominated members only.

6. The several Local Boards in the Karáchi, Hyderabad and Shikárpur Districts were reconstituted during the year, and the information required by Government Resolution No. 2617, dated 1st September 1887, regarding the elections, is given in the subjoined table :—

7. As compared with the previous year, there is an increase of 30 members in the Karáchi District and 10 in the Hyderabad District. The increase in the former is due to the change in the number of Táluka Local Boards from 10 to 13, whereas the increase of 2 members in each of the tálukas of Tando Alahyar, Shahdádpur, Badin, Sakrand and Naushahro is due to the holders of alienated villages in these tálukas having elected a member, the other member for each of the tálukas being nominated by the Commissioner in Sind.

8. The number of meetings, including 21 adjourned meetings, held during the year was 367 against 331 in the preceding year, showing an increase of 36, which is chiefly due to increase in the number of Táluka Boards in the Karáchi District. All the District Boards held the required number of meetings (*viz.*, 2 half-yearly) with the exception of the Karáchi District Board, which met once only owing to the inconvenience of getting the members together on account of the plague. Of the Táluka Boards, the following held less than 4 meetings during the year—Kotri-Mánjhand (2), and Sháhbandar, Sukkur, Kakar and Nasirabad (3 each). As explained by the Collector of Shikárpur, the prevalence of plague in the early part of the year restricted the movements of members

living outside the head-quarter station, and the failure of these Táluka Boards to hold at least 4 meetings and the diminution of the number of meetings in some other Boards is thus accounted for. It appears, however, that the provisions of Section 34 of the Local Boards Act of 1884, which authorizes the conduct of business by circulating propositions, were made use of whenever necessary, and important work was not allowed to suffer.

9. The average attendance of the members has fallen off slightly in the Karáchi District, while there is a slight improvement in each of the other 4 districts in the Province.

10. The following table shows the income of the several Local Boards in Sind:—

11. Compared with the income derived in 1896-97, there was a net decrease of Rs. 33,173-15-3 in all the five districts. In Hyderabad the decrease was Rs. 39,279-8-3, in Karáchi Rs. 10,018-0-7, and in Upper Sind Frontier Rs. 2,270-8-6, while in Shikárpur and Thar and Párkar the income increased by Rs. 17,797-13-0 and Rs. 596-5-1, respectively.

The causes of increase or decrease against each item of income given in the above table are stated below.

12. *VI—Provincial Rates.*—The principal source of income is the one-anna cess, which fluctuates according as the land revenue rises or falls. The realizations amounted to Rs. 4,94,361-12-0 as against Rs. 4,68,359-2-7 in the preceding year, showing a net increase of Rs. 26,002-9-5. Four districts contribute to the increase; the exception is Hyderabad, where, as the Collector says, the prevalence of plague retarded the collection of the land revenue, and consequently the local cess recovered during the year was Rs. 12,588-5-6 less than in 1896-97. The large increase of Rs. 25,766-6-1 in the Shikárpur District is due to the favourable inundation of the year.

13. *XII—Interest.*—The income amounted to Rs. 2,510-8-10 as against Rs. 1,913-10-6 in the preceding year. It is derived from investments in Government paper of surplus balances of dispensaries and the balances of certain defunct minor Municipalities in the Thar and Párkar District which were abolished in 1878. The balances were made over to the Local Boards having jurisdiction in the areas in which the Municipalities existed, and these Boards maintain certain institutions in the villages concerned. The increase of Rs. 596-14-4 chiefly occurs in the Karáchi District and is due to the interest accrued on Rs. 11,600 belonging to Jati Dispensary and Sháhbandar Medical Relief Funds invested in Government securities at the end of 1896-97.

14. *XVII—Police.*—The total receipts amounted to Rs. 22,490-12-1 as against Rs. 33,174-10-2 in the preceding year, or a net decrease of Rs. 10,683-14-1 to which all districts (except Karáchi, which shows an increase of Rs. 28-10-11) contributed in the following proportions:—

| | Rs. a. p. |
|---|---|
| Hyderabad ... ... ... ... | 2,631 6 4 |
| Shikárpur ... ... ... ... | 3,712 0 10 |
| Thar and Párkar ... ... ... ... | 3,076 3 3 |
| Upper Sind Frontier ... ... ... ... | 1,292 14 7 |

The pound fees, which make up this income, depend on the number of stray cattle impounded. The plentiful rains on the hills led the graziers to take their cattle there, and the high inundation also prevented cattle from straying into cultivation as they otherwise would have done.

15. *XIX—Education.*—The receipts were Rs. 6,680-5-0. As compared with Rs. 7,385-3-8 in 1896-97 there is a decrease of Rs. 704-14-8. The income is made up of the following items:—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Fees received from students attending schools ... | 2,237 | 11 | 0 |
| 2. Contributions ... ... ... ... | 1,300 | 0 | 0 |
| 3. Miscellaneous ... ... ... ... | 3,142 | 10 | 0 |

The decrease under the last item is chiefly due to fewer articles manufactured in the Industrial schools in the Karáchi and Hyderabad Districts having found a sale during the year.

16. *XX—Medical.*—The total receipts amounted to Rs. 3,237-11-10 against Rs. 2,941-11-3, showing an increase of Rs. 346-0-7; the details are:—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Hospital and Dispensary receipts ... ... | 144 | 0 | 4 |
| 2. Contributions ... ... ... ... | 2,901 | 8 | 0 |
| 3. Miscellaneous—other receipts... ... ... | 242 | 3 | 6 |

17. *XXI—Scientific and other Minor Departments.*—Under this head there is a falling off of Rs. 934-15-5 due to smaller realizations from gardens in Hyderabad and to the abolition of the dairy farm in that district which was closed, as it was not found to be self-supporting. The receipts are made up as follows:—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Botanical and other Public Gardens ... ... | 7,269 | 15 | 11 |
| 2. Veterinary receipts ... ... ... | 1,522 | 9 | 6 |
| 3. Receipts on account of experimental cultivation ... | 915 | 10 | 6 |
| 4. Public Exhibitions and Fairs ... ... ... | 2,503 | 15 | 7 |
| | 12,212 | 3 | 6 |

18. *XXV—Miscellaneous.*—The receipts, Rs. 4,281-3-2 as against Rs. 6,654-14-8 in the preceding year, show a decrease of Rs. 2,373-11-6. They include fees for staging bungalows, seráis, sale-proceeds of old stores and materials, and other items of a fluctuating nature, and do not need comment.

19. *XXXII—Civil Works.*—The receipts under this head fell from Rs. 85,640-5-7 to Rs. 56,222-5-5, a net decrease of Rs. 29,418-0-2 as under:—

| Heads. | 1897-98. | | | 1896-97. | | | Increase. | | | Decrease. | | |

20. The increases are slight and do not call for particular mention.

For the decrease under "Tolls and Ferries" the fall in receipts from the Kotri-Gidu ferry is principally responsible. There was also a small decrease in the revenue of the Syedpur-Tanka ferry. Both ferries affect the Hyderabad and Karáchi districts. The Kotri-Gidu ferry is in charge of the Railway Department, which after deducting all expenses makes over half of the net profits to Local Funds, out of which one-half is credited to the District Local Board, Hyderabad, and the other half to Karáchi. Owing to the prevalence of plague, the passenger traffic diminished considerably for some months in the year. But the bulk of the decrease is due to the fact that a sum of Rs. 12,307-8-11 incurred by the North-Western Railway on account of loading and unloading charges from October 1895 to September 1896, and omitted from the accounts for that period, was deducted from the receipts for the year under report.

The other item of revenue under "Contributions" is of a fluctuating nature. The receipts fell from Rs. 23,743-14-10 to Rs. 8,204; in 1895-96 they were Rs. 14,441. The decrease shows that works towards which others contribute because of the benefit they derive from them, were constructed to a smaller extent; but the Boards had the suppression and prevention of plague to attend to during the year, and contributions did not come in freely from any direction.

21. *Contributions.*—The receipts under this class of contributions fell to Rs. 2,39,507-1-5 from Rs. 2,55,411-1-2 in the preceding year, thus showing a decrease of Rs. 15,903-15-9.

Of these, Provincial contributions, as detailed below, amounted to Rs. 2,33,679-0-4 against Rs. 2,49,817-15-6 in the preceding year. The decrease is due chiefly to Government having reduced their grants to primary schools and undertaken to aid rural aided schools directly from Provincial Revenues. The sources from which the receipts are derived are shown in the subjoined statement:

| District. | Fishery Receipts. | Contribution in lieu of one-anna cess on Excise Revenue. | Government grant to Primary Education. | Government grant towards roads and other Public Works. | Fees for permission to remove sand or to quarry. | License Fees for sale of poisonous drugs. |

25. *XVIII—Administration.*—The expenditure amounted to Rs.25,255-2-8 or Rs. 1,124-10-7 more than that incurred in the preceding year. It includes, as usual, charges on account of establishments entertained by the several Local Boards, as also the pay and allowances of clerks employed on Local Fund work in Government offices such as Commissioner's, the Collectors', &c., &c. The increase occurs in the Hyderabad and Thar and Párkar Districts and is due (1) to the employment of two temporary clerks in the offices of the Presidents of the Táluka Boards in the Tando and Hála Divisions for 12 and 3 months respectively to do Local Fund work and (2) to the purchase of dead-stock articles for the Thar and Párkar District Board Office and the Local Fund bungalows at Sánghar and Jhuda.

26. *XXII—Education.*—The total expenditure was Rs. 2,41,558-8-11 as against Rs. 2,44,261-1-6 or a decrease of Rs. 2,702-8-7 which occurs principally under the sub-head 'Grants in aid'; a result of the new system by which Provincial grants to indigenous schools were for the first time in 1897-98 made direct to the schools instead of through the Local Boards.

27. *XXIV—Medical.*—The charges under this head consist of the following items:—

| Items. | Karáchi. | Hyderabad. | Shikárpur. | Thar and Párkar. | Upper Sind Frontier. | Total. |
|---|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Hospitals and Dispensaries ... | 4,854 0 7 | 11,838 2 8 | 10,578 0 7 | 9,274 1 1 | 2,641 13 5 | 39,186 2 4 |
| Vaccination Establishment and Charges ... ... ... ... | 6,025 11 10 | 5,235 1 5 | 6,258 15 8 | 3,538 8 1 | 1,792 11 5 | 22,851 0 5 |
| Sanitation Charges ... ... | 7 13 0 | 358 15 6 | 847 12 0 | ..... | 914 13 11 | 2,129 6 5 |
| Medical School and Colleges ... | ..... | 1,500 0 0 | 500 0 0 | ..... | ..... | 2,000 0 0 |
| Total ... | 10,887 9 5 | 18,932 3 7 | 18,184 12 3 | 12,812 9 2 | 5,349 6 9 | 66,166 9 2 |

28. The decrease of Rs. 13,834-13-8 as contrasted with the expenditure in 1896-97 is largely due to the investment in that year of the sum of Rs. 11,085-8-0 belonging to the Jati Dispensary Fund when it was shown as expenditure and partly to the transfer this year of expenditure on the Richmond Crawford Veterinary Dispensary in Karáchi to the head "Veterinary Charges" under XXVI—Scientific and other Minor Departments. In 1896-97 these charges amounted to Rs. 3,918-15-11 and were included in the sum of Rs. 20,280-2-3 against "Hospitals and Dispensaries."

29. *XXVI—Scientific and other Minor Departments.*—The following are the details of expenditure as compared with the preceding year:—

| | 1897-98. | 1896-97. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Experimental cultivation ... | ... 405 9 10 | 1,640 11 7 |
| Public Exhibitions and Fairs... | ... 13,671 2 2 | 13,755 2 3 |
| Veterinary Charges ... | ... 11,464 4 8 | 6,399 10 8 |
| Bull and Stallion Charges ... | ... 6,500 1 11 | 6,866 9 7 |
| Botanical and other public gardens | ... 21,643 15 0 | 23,029 3 0 |
| Provincial statistics ... | ... 589 13 5 | 770 9 11 |
| Total | ... 54,274 15 0 | 52,461 15 0 |

Against decreases under all items aggregating Rs. 3,251-10-0 there was an increase in Veterinary Charges of Rs. 5,064-10-0. This is made up of increases in Karáchi (Rs. 5,034-8-9) and Hyderabad (Rs. 622-1-11) as against decreases in Shikárpur (Rs. 469-8-2) and Thar and Párkar (Rs. 122-8-4). The increase in Karáchi is due principally to the transfer this year explained above of the expenditure on the Richmond Crawford Veterinary Dispensary to this head, and also the Veterinary Graduate in charge of the Dispensary being given an increment of pay of and an allowance of Rs. 25 per mensem for house-rent; the opening of a shoeing forge at the dispensary from September 1897 also helped to swell the expenditure. In the Hyderabad District there was also an increase due probaby to establishment of an Itinerating Veterinary Dispensary at Moro in November 1897.

30. *XXX—Stationery and Printing.*—The expenditure under this head includes charges for stationery purchased for office use and printing forms, &c. The total amount expended during the year is Rs. 1,690-4-4 against Rs. 3,665-3-0 in the preceding year. Less printing work and advertising was done during the year.

31. *XXXII—Miscellaneous.*—The expenditure on the maintenance of travellers' bungalows, &c., amounted to Rs. 5,262-15-11 against Rs. 4,692-13-9 in the preceding year. The amount spent in each district is given in the subjoined comparative table:—

| District. | 1897-98. | 1896-97. | Increase. | Decrease. | Remarks. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | |

| Total ... | 5,262 15 11 | 4,692 13 9 | 944 14 7 | 374 12 5 | Net increase Rs. 570-2-2. |

32. New furniture was purchased for the travellers' bungalow at Hyderabad during the year.

33. Expenditure on 'other petty establishments' amounted to Rs.12,813-1-1 against Rs. 15,144-15-3. The decrease of Rs. 2,331-14-2 occurs principally in the Karáchi District and is due to the absence of expenditure during the year for registration of trade between Jungshahi and Baghiar and partly to less expenditure incurred on fuel and stores for the Syedpur-Tanka ferry steamer, as the vessel was under repairs at Kotri for about 2 months.

34. Miscellaneous and unforeseen charges amounted to Rs.54,262-7-5 against Rs. 9,313-10-1 in the preceding year. As the increase is considerable, the following comparative table of details by district is given:—

| District. | 1896-97. | 1897-98. | Increase. | Decrease. | Remarks. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | |

The increases occurred in the three districts affected by plague during the year and were due to the necessity which the Boards readily realised of combating the plague.

35. *XLV—Civil Works.*—The total expenditure amounted to Rs.3,89,265-13-6against Rs. 4,34,434-14-5, showing a decrease of Rs. 45,169-0-11. Of the total expenditure Rs. 3,33,051-5-11 and Rs. 56,214-7-7 were spent on works carried out by Civil and Public Works Agency respectively. Details are given in the following table:—

36. The figures need no comment. Taking construction and maintenance together, Rs. 41,697-10-0 were spent on civil buildings as against Rs. 41,603-12-6 in 1896-97; and Rs. 2,90,382-13-1 on communications as against Rs. 2,93,859-4-4 in 1896-97. As nothing new can be said on the subject of how works are carried out by the Boards, and Government require the information in this report, the description given in the report for 1896-97 is quoted in full.

"Works in this Province are carried out either by contract or by departmental labour. Those costing over Rs. 2,500 are carried out by Public Works Agency, and others by Local Boards themselves, excepting in the case of works requiring professional skill, which, though costing under Rs. 2,500, are done by the Public Works Department in case the Boards have no overseers or other professional men in their employ. All District Local Boards in the Province, excepting that of Karáchi, employ overseers for the preparation of plans and estimates for original as well as repair works and for the execution of such works. Plans and estimates for works, costing over Rs. 500, are in each case approved by the Public Works Department for which a fee of one rupee per cent. on the estimated cost of the works is charged by them. By the employment of professional overseers by Local Boards, the Boards save the 12 per cent. payable for every work done through Public Works Agency."

37. Táluka Boards also appoint a works committee who supervise works in progress and attest the certificates of completion of the works. The general experience is that non-official members take very little interest in the carrying out of works undertaken by the Boards and the work of supervision thus falls chiefly on the Mukhtyárkars. The Presidents of the District Local Boards, *i.e.*, the Collectors and Deputy Commissioners, and the Presidents of the Táluka Boards, *i.e.*, Assistant and Deputy Collectors, also inspect the works during the touring season and largely supply the initiative in works of improvement.

38. *Contributions.*—This includes contributions to Provincial, Rs. 415, and contributions to other Boards, Rs. 6,425-6-5.

(1) *Contributions to Provincial.*—The amount of Rs. 415 represents the annual Local Fund contribution on account of repairs to the Bagotoro road in the Karáchi District.

(2) *Contributions to other Boards* amounted to Rs. 6,425-6-5 against Rs. 9,757-4-0 in the preceding year. The details are :—

40. The balances of the Karáchi and Hyderabad Boards have been reduced, the latter somewhat considerably, while those of the other three districts have increased ; the reason assigned for the increase is that several works provided for in the Budget, but not urgently required, were held in abeyance in accordance with the wishes of Government in order to reserve as large a balance as possible in the treasury for plague or other unforeseen calamities. The Boards are, however, anxious to utilize as much of the balance as they can on works of utility, and their accumulations will not long retain their present proportions.

## Statement No. IV.

42. The total expenditure on these works fell from Rs. 38,076-5-11 to Rs. 28,749-12-4. While a decrease is exhibited in Karáchi and Shikárpur districts, the Boards of Hyderabad, Thar and Párkar and Upper Sind Frontier Districts have spent more than they did in the preceding year. Out of the total expenditure of Rs. 26,483-12-9 on water-supply, Rs. 12,681-13-3 were spent on sinking 33 new wells; one new tank was also constructed in the Thar and Párkar District. The expenditure on improving the existing sources of water-supply amounted to Rs. 12,366-9-7, while a sum of Rs. 1,415-5-11 was spent in entertaining watchmen for guarding the sources of drinking water.

43. Out of the sum of Rs. 800-3-11 expended on "improvement of village sites, &c.", including removal of rank vegetation, the Boards of the Upper Sind Frontier District have incurred Rs. 758-13-11 on improving 39 village sites, and the remainder was spent by the Karáchi and Hyderabad Districts.

44. The conservancy of towns and villages received a little more attention judged by the expenditure incurred, Rs. 1,077-8-6 against Rs. 524-9-6, in the preceding year. The Hyderabad Local Boards have also spent Rs. 388-3-2 on sanitary arrangements at fairs and festivals.

45. Few Local Fund roads are in charge of the Public Works Department. The list appended shows that 8 only in the Hyderabad District are in charge of the Executive Engineer, Fuleli Canals. All others are maintained directly by the Local Boards. The repairs are supervised by the Assistant and Deputy Collectors in charge of divisions assisted by the Mukhtyárkars.

46. The reports from the several Collectors and Presidents of the District Local Boards in Sind are appended.

47. In accordance with the orders of Government in their Resolution No. 3179, dated 30th July 1895, the following resumé for each district of the progress made in material improvements is added: the more important works are also briefly noticed.

The existing sources of water-supply were improved at an outlay of Rs. 1,882-14-1.

The total outlay on material improvements in this district was Rs. 34,322-13-5.

53. The administration of the Local Boards during the year was on the whole satisfactory. But as it was necessary to reserve their balances to meet probable plague expenditure, the Boards were somewhat hampered during the year by having to postpone works which otherwise might have been brought to completion. Directed practically by the Collector, the Deputy Commissioner and by the Assistant and Deputy Collectors, all branches of the Administration received the consideration and attention they demanded.

To

THE COMMISSIONER IN SIND.

*President's Office,*
*Karáchi, 29th June 1898.*

SIR,

I have the honour the submit my Report on the Administration of the Local Boards in this district for the year 1897-98, together with the Statistical Tables I to IV, and to offer the following remarks on the same.

Local Boards' Administration Report for 1897-98.

STATEMENT No. I.—CONSTITUTION OF BOARDS.

2. A new triennial term of office of all the Táluka Boards commenced from the beginning of the year under report, and that of the District Board from the 5th May 1897. The information regarding the elections held in February 1897, required by Government Resolution No. 2617, dated 1st September 1887, is given in subjoined table :—

| District. | Names of Boards. | Number of persons entitled to vote. | Number of voters who attended the poll. | Percentage of voters who attended the poll to the total Number of voters. | Remarks. |
|---|---|---|---|---|---|
| Karáchi. | Karáchi Táluka Board ... ... | 93 | 18 | 19·35 | |
| | Sákro do. ... ... | 271 | 83 | 30·62 | |
| | Tatta do. ... ... | 223 | 89 | 39·91 | |

| | Kotri-Mánjhand do. ... ... | 471 | 207 | 43·94 | |
| | Sehwan do. ... ... | 388 | 96 | 24·74 | |
| | Dádu do. ... .. | 529 | 133 | 25·14 | |
| | Johi do. ... ... | 545 | 84 | 15·41 | |

The old term of the Táluka Boards expired on the 9th March 1897, and it was extended to 31st idem under the Commissioner in Sind's Notification No. 1163, dated 8th March 1897.

Separate Boards were established for the tálukas of Karáchi, Sákro, Sháhbandar, Jati, Sujáwal and Mirpur Batoro in place of the previous Joint Boards, and the change has caused the increase in the number of Boards from 10 to 13, and in that of members from 117 to 147.

3. The area and population of the district have remained unchanged, but the figures have been modified owing to the inclusion therein of the area and population of the town of Mirpur Batoro which ceased to be a municipal district since 1st November 1893.

4. The number of meetings held was 72 against 44 in the previous year, showing an increase of 28, which is chiefly due to increase in the number of Táluka Boards.

The number of meetings held by each Board as contrasted with that held in the previous year is given in the subjoined table:—

| Name of Board. | 1897-98. | 1896-97. | More in 1897-98. | Less in 1897-98. |
|---|---|---|---|---|
| District Local Board ... ... ... | 1 | 2 | ... | 1 |
| Karáchi Táluka Board ... ... | 4 | 1 | 10 | ... |
| Sákro do. ... ... | 7 | | | |
| Tatta do. ... ... | 5 | 5 | ... | ... |
| Ghorábari do. ... ... | 10 | 4 | 6 | ... |
| Sháhbandar do. ... ... | 3 | 2 | 5 | ... |
| Jati do. ... ... | 4 | | | |
| Sujáwal do. ... ... | 4 | 2 | 6 | ... |
| Mirpur Batoro do. ... ... | 4 | | | |
| Kotri-Mánjhand do. ... ... | 2 | 4 | ... | 2 |
| Sehwan do. ... ... | 6 | 7 | ... | 1 |
| Dádu do. ... ... | 9 | 12 | ... | 3 |
| Johi do. ... ... | 13 | 5 | 8 | ... |
| Total ... | 72 | 44 | 35 | 7 |

The District Board and Kotri-Mánjhand Táluka Board held only 1 and 2 meetings respectively owing to the prevalence of the plague which made it inconvenient to hold meetings; but the provisions of Section 34 of the Local Boards Act were more largely availed of, and business was transacted by circulating papers among the members.

5. A slight decrease in the average attendance of members occurs in that of officials, which is chiefly due to the services of European official members of Táluka Boards being required at Karáchi and Kotri during the prevalence of the plague at those places which interfered with their being present at several of the meetings held by Táluka Boards.

STATEMENT No. II.

6. The opening balance on 1st April 1897 was Rs. 96,593-2-3 for the whole district.

7. *VI—Provincial Rates—Local Rates.*—Receipts under this head amounted to Rs. 70,482-7-6 against Rs. 69,372-4-8 in the previous year, showing an increase of Rs. 1,110-2-10, which is chiefly due to outstanding balances of the previous year having been collected during the year under report.

8. *XII—Interest on Dispensary Securities.*—Under this head there is an increase of Rs. 585-1-10, the receipts during the year being Rs. 728-14-2 against Rs. 143-12-4 in the previous year. The increase is due to interest accrued on Rs. 11,600 belonging to Jati Dispensary and Sháhbandar Medical Relief Funds invested in Government Securities at the end of the year 1896-97; the interest realized during that year being that accrued on the Government Promissory Notes worth Rs. 4,300 belonging to the Jerruck, Tháno Bula Khán, and Sujáwal Dispensary Funds.

9. *XVII—Police—Receipts under Cattle Trespass Act.*—Receipts under this head amount to Rs. 2,048-5-4 against Rs. 2,019-10-5 in the previous year, showing an increase of Rs. 28-10-11 only which needs no explanation.

10. *XIX—Education.*—Receipts under this head amount to Rs. 1,216-8-9 against Rs. 1,342-5-7, showing a decrease of Rs. 125-12-10, which the Educational Inspector in Sind explains to be chiefly due to fewer articles manufactured at Talti and Dádu Technical Schools having found sale during the year.

11. *XX—Medical Hospitals and Dispensaries.*—Rs. 47-13-1 against Rs. 525-8-6 in the previous year. The decrease is chiefly due to the inclusion in

the previous year's figures of a sum of Rs. 419-4-6, being the unexpended balance of the amount sent to the Accountant General, Bombay, for investment in Government securities, *vide* paragraph 9 of that year's report.

*Contributions, Rs. 2,562-8-0.*—This sum is composed of the following items :—

Municipal contributions towards the cost of Vaccination—Rs. 207.
Popular contribution towards the Johi Dispensary Fund—Rs. 2,355-8-0.

*Miscellaneous, Rs. 37-0-7.*—This amount represents refund of travelling allowance paid to vaccinators and sale-proceeds of vaccinators' old boxes and fever mixture sold to zamindárs by the Mirpur Batoro Táluka Board.

12. *XXI—Scientific and other Minor Departments—Botanical and other Public Garden Receipts, Rs. 220-7-7.*—This represents sale-proceeds of fruit and vegetables in gardens not connected with roads.

13. *Veterinary Receipts, Rs. 1,132-12-0.*—This sum is made up of the following items :—

Fees on account of treatment of—

| | Rs. | a. | p. | | Rs. | a. | p. | |
|---|---|---|---|---|---|---|---|---|
| Horses ... ... ... | 947 | 6 | 0 | against | 160 | 14 | 0 | in 1896-97. |
| Shoeing forge receipts ... | 185 | 6 | 0 | „ | ... | | | „ |

The shoeing forge was established at the Richmond Crawford Veterinary Dispensary, Karáchi, in September 1897 at the request of a number of gentlemen of the station. The forge has not yet proved a success, and the services of the head farrier drawing Rs. 35 per mensem were consequently dispensed with from 1st May last. As compared with the previous year the figures given under the first item show an increase of Rs. 786-8-0, which is due to the fact that fees for treatment of horses were levied for the first time during that year from 1st November 1896.

14. *Other Exhibitions or Fairs.*—Rs. 64-2-8 against Rs. 11-3-0 in the previous year. The increase of Rs. 52-15-8 is due to the fair held at Mughalbin in March last which was stopped in 1896-97 owing to the prevalence of the plague in the corresponding month of that year.

15. *XXV—Miscellaneous Receipts.*—Receipts under this head amount to Rs. 1,524-6-11 against Rs. 3,526-15-3 in the previous year. The latter amount includes a sum of Rs. 2,000 which was advanced from Local Funds for operations connected with the plague and subsequently recovered and credited to this head. Deducting this amount the ordinary receipts of the previous year amount to Rs. 1,526-15-3, while those for the year under report amount to Rs. 1,524-6-11, showing a decrease of Rs. 2-8-4, which is too small to necessitate any explanation.

16. *XXXII—Civil Works—Tolls on Ferries, Rs. 16,921-5-11.*—This amount consists of—

| | 1897-98. Rs. | a. | p. | | 1896-97 Rs. | a. | p. |
|---|---|---|---|---|---|---|---|
| (1) District Ferries ... | 5,426 | 10 | 0 | against | 5,517 | 10 | 0 |
| (2) Kotri-Gidu Ferry ... | 4,093 | 1 | 5 | „ | 13,023 | 0 | 5 |
| (3) Syedpur Tanka Ferry. | 7,401 | 10 | 6 | „ | 8,344 | 13 | 8 |
| | 16,921 | 5 | 11 | | 26,885 | 8 | 1 |

The total decrease under this head amounts to Rs. 9,964-2-2 which is distributed and explained as under :—

(*1*) *District Ferries, Rs. 91-0-0.*—The decrease is chiefly due to poor competition at the sale of ferry toll farms in Mánjhand and Tatta Tálukas.

(*2*) *Kotri-Gidu Ferry, Rs. 8,929-15-0.*—This may be explained by the fact that the North-Western Railway after deducting all expenses makes over half of the net profit to Local Funds, out of which one-half is credited to the District Local Board, Hyderabad, and the other half to Karáchi. The

unusually large decrease of Rs. 8,929-15-0 in the receipts is chiefly due to the fact that a sum of Rs. 12,307-8-11 incurred by the Railway on account of loading and unloading charges from October 1895 to September 1896, and omitted from the accounts for that period, was deducted from the receipts for the year under report.

(3) *Syedpur Tanka Ferry, Rs. 943-3-2.*—The decrease is chiefly due to the ferry steamer being under repairs at Kotri for 1 month and 26 days during the year.

17. *Rent of Buildings and Lands, Rs. 580.*—This represents rent of huts erected at Malir at the cost of Local Funds for healthy persons during the plague.

18. *Sale of Buildings and other property (other than Nazul), Rs. 300.*—This is on account of one-half of sale-proceeds of 3 barges (the joint property of Karáchi and Hyderabad District Boards) which were lying idle at Kotri and were sold to save the monthly expenditure of Rs. 24 on their account.

19. *Miscellaneous, Rs. 1,879-2-5.*—This sum is composed of the following items:—

| | Rs. | a. | p. |
|---|---|---|---|
| (1) Sale-proceeds of road-side trees and their loppings ... | 1,160 | 12 | 6 |
| (2) Sale of produce of nurseries connected with roads ... | 201 | 8 | 8 |

| Total ... | | | | 69,604 | 3 | 10 |

There is an increase of Rs. 10,660-7-4 in fishery receipts which is chiefly due to favourable inundation which filled the Dunds with water. The decrease of Rs. 4,000 in the Government grant to schools is due to Government having in their Resolution No. 487 (Educational Department), dated 18th March 1897, decided to pay grants to indigenous schools directly from Provincial Revenues instead of crediting the amount in the first place to Local Funds for payment through the agency of the Local Boards.

21. The incidence of taxation is annas 2-7 per head, *i. e.*, the same as that in the previous year. There would have been an increase in the incidence of taxation owing to increase in local rates, had not the population of Mirpur Batoro town, which ceased to be a municipal district since 1st November 1893, been omitted from the previous year's returns. The incidence of income per head of population is annas 6-2 against annas 6-5. The decrease is due to decrease in total income and inclusion of the population of Mirpur Batoro town in the returns for the year under report.

STATEMENT No. III.

22. *18. Administration—Office Establishment.*—The expenditure under this head amounts to Rs. 2,971-0-0 against Rs. 3,305-8-0, showing a decrease of Rs. 334-8-0, which is explained as under :—

(1) The salary of the Local Fund Accountant during 1896-97 was paid at Rs. 125 for 4 months and at Rs. 100 for 8 months as explained in the last year's report, whereas in the year under report it was paid at Rs. 100 per mensem for the whole of the year owing to further change in the incumbents of the post.

(2) The actual charges for the year under report were adjusted, whereas during the previous year the total amount provided for the establishment in the budget was recovered from Local Funds.

23. *Office Contingencies.*—This item amounts to Rs. 219-12-9 against Rs. 164-14-4. The increase of Rs. 54-14-5 is chiefly due to increase in the number of Táluka Local Boards during the year and to the purchase of dead-stock articles, *e.g.*, chairs, tables, &c., by the Mirpur Batoro Táluka Board.

24. *Payment of Establishments for Offices of Accounts, Control and Audit, Rs. 985-0-8 against Rs. 986-6-4 in the previous year.*—This represents the expenditure on account of the following establishments :—

| | Rs. | a. | p. |
|---|---|---|---|
| Establishment in Commissioner in Sind's Office ... | 314 | 1 | 0 |
| Do. in Accountant General's Office ... | 576 | 0 | 0 |
| Do. in Educational Inspector's Office ... | 94 | 15 | 8 |
| | 985 | 0 | 8 |

## *22.—Education.*

25. *(1) Training and Special Schools, Rs. 1,954-10-7 against Rs. 1,804-1-4 in 1896-97.*—The increase, Rs. 150-9-3, is due to superintending allowance paid to the Superintendent of the Dádu Technical School and to more materials supplied during the year.

26. *(2) Primary Schools, Rs. 26,450-14-8 against Rs. 25,922-15-2 in the previous year.*—The increase, Rs. 527-15-6, is due to promotion given to old teachers and to the appointment of new trained teachers.

27. *(3) Grants-in-aid.*—The following grants, amounting to Rs. 9,980, were paid during the year against Rs. 11,871-8-0 in 1896-97, which shows a decrease of Rs. 1,891-8-0 :—

| | | Rs. |
|---|---|---|
| (1) | Grant to Dayáram Jethmal Sind College ... ... | 2,000 |
| (2) | Do. Sind Madressah ... ... ... | 2,000 |
| (3) | Do. Medical School, Hyderabad ... ... | 500 |
| (4) | Do. Karáchi Museum ... ... ... | 600 |
| (5) | Do. Karáchi Municipality for Female Normal School. | 1,100 |
| (6) | Do. Tatta Municipality for their schools ... | 560 |
| (7) | Do. Sehwan do. ... ... | 200 |
| (8) | Do. Bubak do. ... ... | 300 |
| (9) | Do. Mánjhand do. ... ... | 50 |
| (10) | Grants to Indigenous Schools within the Board's area for 1896-97 ... ... ... ... | 2,670 |
| | Total ... | 9,980 |

The decrease is due (1) to decrease in the grant towards the Medical School, Hyderabad, for the reasons given in this office No. 1760, dated 23rd September 1896, and (2) to the grants to Indigenous Schools for 1897-98 having been paid, as explained in paragraph 20, *supra*, direct from Provincial Revenues.

28. *Scholarships.*—Scholarships, amounting to Rs. 1,602-12-8, were paid as under :—

| | | Rs. | a. | p. |
|---|---|---|---|---|
| (1) | Stipends to students in the Training College, Hyderabad . | 880 | 15 | 0 |
| (2) | Do. Middle and Special Schools ... ... | 183 | 0 | 0 |
| (3) | Do. Technical School at Talti ... ... | 538 | 13 | 8 |
| | Total ... | 1,602 | 12 | 8 |

Expenditure under this head last year amounted to Rs. 1,838-0-10. The decrease, Rs. 235-4-2, is explained by the Educational Inspector in Sind to be due to the Training College at Hyderabad having been temporarily closed on account of the plague.

29. *Miscellaneous.*—Expenditure under this head amounts to Rs. 3,776-2-6 against Rs. 3,338-8-8 in 1896-97. The increase, Rs. 437-9-10, is due, as stated by the Educational Inspector in Sind, to more books and prizes having been given during the year under report.

## *24.—Medical.*

30. *Hospitals and Dispensaries.*—Expenditure under this head amounts to Rs. 4,854-0-7. It consists of the following items which have been contrasted with those of the previous year :—

| | | 1897-98. | | | 1896-97. | | |
|---|---|---|---|---|---|---|---|
| | | Rs. | a. | p. | Rs. | a. | p. |
| (1) | Grant to the Dispensary at Sehwan ... ... | 800 | 0 | 0 | 800 | 0 | 0 |

| (3) | Do. do. Kotri ... ... | 600 | 0 | 0 | 600 | 0 | 0 |
| (4) | Do. do. North-Western Railway at Dádu ... | 400 | 0 | 0 | 400 | 0 | 0 |
| (5) | Do. Lady Dufferin Hospital at Karáchi . | 666 | 10 | 8 | ..... | | |
| (6) | Expenditure of the Local Board Dispensaries ... | 1,687 | 5 | 11 | 13,861 | 2 | 4 |
| | Total ... | 4,854 | 0 | 7 | 16,361 | 2 | 4 |

The Lady Dufferin Hospital was opened to the public from 1st December 1897, and Rs. 666-10-8, being ⅓rd of Rs. 2,000, the annual Local Fund grant to the dispensary, was paid for the first time during the year under report. The expenditure of Local Board Dispensaries, as compared with the figures for the

previous year, shows a decrease of Rs. 12,173-12-5, but if Rs. 11,085-8-0, debited to the Jati Dispensary Fund and remitted to the Accountant General, Bombay, for investment in Government securities during 1896-97, be deducted from the total expenditure of the dispensaries for that year, the ordinary expenditure for the year will amount to Rs. 2,775-10-4. Thus, the real decrease during 1897-98 amounts to Rs. 1,088-4-5, which is due to the fact that the dispensaries were closed temporarily owing to the services of the Hospital Assistants in charge thereof being required elsewhere during the plague. The expenditure of the Richmond Crawford Veterinary Dispensary, which was entered under this head in the previous year's return, has been transferred to the more appropriate head "Veterinary charges" subordinate to "26—Scientific and other Minor Departments".

*Sanitation and Vaccination.*

31. *(1) Vaccination Establishment and Charges, Rs. 6,025-11-10 against Rs. 5,576-11-8 in the previous year.*—The increase, Rs. 449-0-2, is chiefly due to a contribution of Rs. 313 on account of the pay of vaccinators for February 1895 having been recovered from Local Funds during the year under report and to payment of charges on account of extra vaccinators appointed during the prevalence of small-pox.

31*A*. *(2) Sanitation Charges, Rs. 7-13-0 against Rs. 169-14-0.*—The decrease, Rs. 162-1-0, is due to no expenditure having been incurred by the Táluka Boards in Jerruck and Sehwan Divisions on account of removing rank vegetation, closing holes of snakes, &c., and the Assistant Collectors report that this was effected through the agency of village headmen.

*26.—Scientific and other Minor Departments.*

32. *Veterinary Charges.*—The expenditure under this head amounts to Rs. 5,034-8-7 against Rs. 3,918-15-11 in the previous year. The increase of Rs. 1,115-8-8 is due (1) to Mr. S. G. Haji, Veterinary graduate in charge of the dispensary, having been paid salary at the maximum rate, *viz.*, Rs. 200, from 1st June 1897; (2) grant of Rs. 25 per mensem on account of house-rent to the graduate from July 1897; (3) to the establishment of the shoeing forge at the dispensary from September 1897; (4) appointment of a bill-collector on Rs. 15 per mensem from December 1897.

The dispensary has completed the sixth year of its existence, has worked well, and is a very useful institution.

33. *Botanical and other Public Gardens.*—The expenditure under this head consists of—

| | Rs. | a. | p. |
|---|---|---|---|
| (1) Grant to public garden, Karáchi ... ... | 1,000 | 0 | 0 |
| (2) Grant to Sehwan garden ... ... ... | 200 | 0 | 0 |
| (3) Expenditure on arboriculture not connected with roads, *i.e.*, gardens ... ... ... ... | 1,942 | 2 | 3 |
| Total ... | 3,142 | 2 | 3 |

The grant towards the public garden at Karáchi was reduced from Rs. 1,800 to Rs. 1,000 for the reasons stated in this office No. 1760, dated 23rd September 1896.

34. *30.—Stationery and Printing.*—Expenditure under this head amounts to Rs. 656-5-8 against Rs. 1,894-1-1 in the previous year. The decrease is due to the figures for 1896-97, including the cost of forms required for the elections held during that year.

*32.—Miscellaneous.*

35. *Staging Bungalows and Sarai Establishment and Charges.*—Expenditure under this head amounts to Rs. 1,243-10-5 against Rs. 1,530-13-9 in 1896-97. The decrease is due to charges on account of the Travellers' Bungalow at Karáchi, which was abandoned by Local Funds from 1st August 1896, having been paid for five months during the previous year and to purchase of more cots, &c., for Dharmshálas during that year.

36. *Other Petty Establishment and Charges.*—The amount expended under this head is Rs. 11,215-2-3 against Rs. 13,541-9-5. The decrease is partly due to no expenses having been incurred during the year under report on account of the registration of trade between Jungshahi and Baghiar, and partly to less expenditure incurred on fuel and stores required for the Syedpur-Tanka ferry steamer, the vessel being under repairs at Kotri for one month and twenty-six days.

37. *Miscellaneous Unforeseen Charges, Rs. 12,647-4-0 against Rs. 7,506-13-10 in the previous year.*—This is made up of the following items :—

| | 1897-98. Rs. | a. | p. | 1896-97. Rs. | a. | p. |
|---|---|---|---|---|---|---|
| (1) Amount assigned to Municipalities on account of cess on lands under Section 47 of the Local Boards Act I of 1884... ... ... ... | 982 | 6 | 0 | 777 | 2 | 4 |
| (2) Cost of medicines... ... ... ... ... | 124 | 5 | 0 | 46 | 1 | 4 |
| (3) Expenses during epidemics ... ... ... | 11,540 | 9 | 0 | 6,656 | 10 | 2 |
| (4) Law and suit charges ... ... ... ... | .. | ... | | 27 | 0 | 0 |

The increase in item No. 1 is proportionate to increase in cess on land collected during the year, and that in item No. 2 is due to more medicines purchased by Táluka Boards during the year under report. The increase in the expenditure in connection with the plague is due—

(1) to payment of Rs. 3,744-13-4 to Kotri Municipality in aid of the cost of measures adopted by that Body for the suppression of the plague;

(2) to payments made during the year under report on account of expenses in connection with the camps at Dadu and Jungshahi and other expenses in connection with the plague incurred in Sujáwal, Mirpur Batoro, Ghorábari, Tatta and other tálukas;

(3) to the establishment of the observation and disinfecting camp at Jati to intercept travellers from Cutch owing to the outbreak of the plague in Cutch Mándvi and its neighbourhood. The item of expenses during epidemics consists of cost of disinfectants, construction of huts, subsistence allowance to persons in indigent circumstances detained in camps, pay, &c., to Hospital Assistants, Plague Inspectors, watchmen, and attendants, &c.

No expenditure was incurred during the year on account of law and suit charges.

Work No. 1 was commenced late in 1896-97, and completed during the year under report at a total cost of Rs. 3,584-4-6. Work No. 2 is estimated to cost Rs. 5,659, and it will be completed during the current year.

*Repairs—Communications.*

| | Rs. | a. | p. |
|---|---|---|---|
| Maintaining the road from Jungshahi to Baghar ... | 2,125 | 4 | 10 |

40. The total expenditure on account of works and repairs, both by Civil and Public Works agencies, amounts to Rs. 77,496-7-1 against Rs. 96,888-10-3, showing a decrease of Rs. 19,392-3-2 which is partly due to non-completion of (1) the Dispensary at Jati, (2) Dabeji-Gharo road, and (3) the road from Sujáwal to Shahkapur and partly to the stoppage of several minor works under orders contained in Government Resolution No. $\frac{53}{53}$ P., dated 5th January 1898.

*Arrangements for the Execution and Supervision of the works carried out by the Local Boards.*

41. The funds at the disposal of the District and Táluka Local Boards in this district are, as reported last year, too slender to enable them to employ a professional staff of their own. The Boards therefore depend on the assistance of the Executive Engineer of the district for the execution of all works requiring professional skill. Road repairs and other works not requiring professional skill are carried out by the Boards concerned by contracts under the supervision of the Mukhtyárkars who are also Vice-Presidents of Táluka Local Boards. The Mukhtyárkars are assisted by members of Local Boards in checking measurements and by Maistries temporarily employed to superintend the works while in progress.

42. *Contributions to Provincial, Rs. 415-0-0.*—This is the usual contribution on account of repairs to Bagotoro road.

43. *Contribution to other Boards, Rs. 674-6-5.*—This is made up of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| (1) Contribution to the Hyderabad District Board towards the maintenance of the Female Training College at Hyderabad ... ... | 500 | 0 | 0 |

45. The total receipts of the year, including balance, amounted to Rs. 2,66,097-11-0 and the expenditure to Rs. 1,72,257-14-3, leaving a closing balance of Rs. 93,839-12-9. The balance at the close of the year would have been smaller if the works mentioned in paragraph 40 had been completed during the year, and if Government had not in their Resolution No. $\frac{53}{53}$ P, dated the 5th January 1898, directed the curtailment of expenditure by Local Boards. The District Board have, however, sanctioned a supplementary budget estimate for the current year absorbing Rs. 23,301, and almost all the Táluka Local Boards have to provide funds for such works as are needed within the area subject to their authority by means of supplementary budgets.

I have the honour to be,
Sir,
Your most obedient Servant,
R. GILES,
Collector and President, District Local Board,
Karáchi.

No. 695 OF 1898-99.

LOCAL FUND DEPARTMENT.

FROM

THE COLLECTOR OF HYDERABAD;

To

THE COMMISSIONER IN SIND.

*Collector's Office,*
*Hyderabad, 8th July 1898.*

SIR

I have the honour to submit my annual Report on the Administration of Local Boards in the Hyderabad District for the year ending 31st March 1898 together with Statements Nos. I to IV.

Local Boards' Administration Report for the year 1897-98.

During the year under report, Mr. Steele was in charge of the district.

2. The District Local Board held two meetings and the Executive Committee of that Board also held two.

A comparative statement showing the number of meetings and the average attendance is given below :—

| | 1896-97. | | 1897-98. | | 1897-98. | | | |

| | 93 | 94 | 99 | 101 | 12 | 10 | 6 | 3 |

The above table shows an increase in the number of meetings and attendance. The reasons assigned for the increase are that more meetings were held for the transaction of business.

4. The population and the area of the district remained unchanged in the year under report.

There has been a change in the numbers of members nominated and elected as detailed below, the increase being of 10 members in both elected and nominated as compared with last year:—

| | | 1896-97. | 1897-98. |
|---|---|---|---|
| District Local Board, Hyderabad | ... | 30 | 28 |
| Táluka Local Board, Tando Alahyar | ... | 15 | 17 |
| Do. Shahdádpur | ... | 13 | 15 |
| Do. Badin | ... | 13 | 15 |
| Do. Sakrand | ... | 13 | 15 |
| Do. Naushahro | ... | 13 | 15 |

The decrease in the District Local Board of two members is due to the táluka of Mirpur Khás having been transferred to the Thar and Párkar District, whereas the increase of two members in each of the tálukas of Tando Alahyar, Shahdádpur, Badin, Sákrand and Naushahro is due to the holders of alienated villages in these tálukas having elected a member; the other member for each of the tálukas was nominated by the Commissioner in Sind.

On referring to figures in Statement I of the previous year it will be observed that the total number of members shown against District Local Board, General and the Táluka Local Board, Shahdádpur, was 29 and 12 respectively instead of 30 and 13; the decrease of one in each is accounted for by the fact that a vacancy of a member in each of the Boards was not taken into account.

STATEMENT No. II.

5. The year opened with a balance of Rs. 1,22,214-11-6 as shown below:—

| | Rs. | a. | p. |
|---|---|---|---|
| General ... ... ... ... | 40,679 | 2 | 6 |
| Educational ... ... ... ... | 23,388 | 9 | 2 |
| Dispensaries ... ... ... ... | 3,279 | 10 | 10 |
| Veterinary Dispensaries ... ... ... | 6,415 | 13 | 7 |
| Talukas ... ... ... ... | 44,801 | 7 | 5 |
| Advances ... ... ... ... | 3,650 | 0 | 0 |

The following remarks explain causes of increase and decrease as well as the figures generally under the various heads as compared with the previous year:—

6. *VI.—Provincial Rates—Local Rates.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 1,24,063 | 6 | 6 |
| 1897-98 ... ... ... ... | 1,11,475 | 1 | 0 |
| Decrease ... | 12,588 | 5 | 6 |

The decrease may be explained by the fact that in consequence of bubonic plague several zamindárs, from whom land-revenue instalments were due, left their homes and went away, with the result that all collections could not be made during the year. This brought about a proportionate decrease in the local cess collected.

The following amounts were transferred by the District Local Board during the year :—

| | | | Rs. | a | p. |
|---|---|---|---|---|---|
| Contribution towards the Sind Arts College and Madresseh ... ... ... ... | | | 4,000 | 0 | 0 |
| Contribution to the educational portion on account of share of cost of establishment employed in the office of the Educational Inspector in Sind ... ... | | | 198 | 6 | 2 |
| Dispensaries ... ... ... ... | | | 3,450 | 0 | 0 |

7. *XII—Interest.*—The receipts under this head were the same as last year, *viz.*, Rs. 883-4-10, and relate to interest received on investments of dispensary funds.

8. *XVII.—Police.*

| | | | Rs. | a. | p. |
|---|---|---|---|---|---|
| Receipts under Cattle Trespass Act— | | | | | |

| 1897-98... ... ... ... ... | | | 4,120 | 14 | 1 |
| | Decrease ... | | 2,631 | 6 | 4 |

The decrease is due to a smaller number of cattle having been impounded during the year under report.

9. *XIX.—Education—School-fees.*

| | | | Rs. | a. | p. |
|---|---|---|---|---|---|
| 1896-97 ... .. ... | | | 920 | 12 | 3 |
| 1897-98 ... ... ... | | | 1,221 | 6 | 6 |
| | Increase ... | | 300 | 10 | 3 |

The increase is due to the introduction of the fourth standard.

*Contributions, Rs. 3,900.*—This amount was received from the following Boards towards the maintenance of the Female Training College :—

| | Rs. |
|---|---|
| Karáchi Local Board ... ... ... | 500 |
| Thar and Párkar ... ... ... ... | 500 |
| Shikárpur ... ... ... ... | 1,100 |

| Shikárpur do. ... ... ... | 200 |
| Larkhána do. ... ... ... | 100 |
| | 3,900 |

*Miscellaneous, Rs. 2,479-15-7.*—This sum is made up of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| Industrial schools' product ... ... | 2,446 | 11 | 1 |
| Sales of old articles ... ... ... | 15 | 2 | 6 |
| Batta received from Courts by school-masters ... | 16 | 10 | 0 |
| Unexpended balance drawn for construction of school at Matli ... ... ... | 1 | 8 | 0 |

The decrease under miscellaneous receipts is chiefly due to fewer manufactured articles in the Industrial schools of the Naushahro Division having found sale during the year.

10. *XX—Medical.*—The sum of Rs. 124-15-3 shown under this head is made up of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| Dispensary receipts ... ... ... | 26 | 6 | 6 |
| Municipal contributions for vaccination ... | 52 | 0 | 0 |
| Other receipts... ... ... ... | 46 | 11 | 9 |
| Value of a lancet lost by a vaccinator... ... | 0 | 12 | 0 |
| Refund of travelling allowance drawn in excess by vaccinators ... ... ... ... | 45 | 15 | 9 |
| | 124 | 15 | 3 |

11. *XXI—Scientific and other minor Departments—Garden Receipts.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1896-97 | ... ... | 3,754 | 12 | 3 |
| 1897-98 | ... ... | 2,532 | 3 | 9 |
| | Decrease ... | 1,222 | 8 | 6 |

The receipts under this head show decrease of Rs. 1,222-8-6.

The decrease is mainly due to less receipts from the Economic Garden on account of plague.

*Veterinary Receipts.*

The receipts under this head in 1897-98 amounted to Rs. 339-13-6, which are made up of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| Refund of stipends of veterinary student ... | 38 | 0 | 0 |
| Contribution by the Municipality at Hyderabad towards Veterinary Dispensary at Hyderabad ... | 300 | 0 | 0 |
| Sale-proceeds of old articles of the Veterinary Dispensary at Hyderabad ... ... ... | 1 | 13 | 6 |

Last year there was no receipt under this head, as the Municipality did not pay their usual contribution of Rs. 300 to the Veterinary Dispensary, as it had to incur plague expenses.

*Receipts on account of Experimental Cultivation.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1896-97 ... ... ... ... | | 1,825 | 8 | 2 |
| 1897-98 ... ... ... ... | | 915 | 10 | 6 |
| | Decrease ... | 909 | 13 | 8 |

The decrease is attributable to the dairy, which was abolished in February 1897, not having been found self-supporting.

*Public Exhibitions and Fairs—Horse Fairs.*

The receipts under this head amount to Rs. 1,193-14-11, which form the unexpended balance of horse shows.

*Other Exhibitions and Fairs.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1896-97 ... ... ... ... | | 1,269 | 0 | 10 |
| 1897-98 ... ... ... ... | | 1,245 | 14 | 0 |
| | Decrease ... | 23 | 2 | 10 |

The decrease being too small calls for no remark. It may here be noted that several fairs had to be discontinued during the year on account of bubonic plague in the same way as last year.

12. *XXV—Miscellaneous.*—Rs. 170-6-0 were realized from the sale of old stores and materials, and Rs. 524-4-0 were received on account of staging bungalow fees.

13. *XXXII—Civil Works—Tolls on Ferries.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... | 16,872 | 0 | 5 |
| 1897-98 ... ... | 8,268 | 9 | 5 |
| Decrease ... | 8,603 | 7 | 0 |

The decrease occurs in Gidu-Kotri ferry receipts and may be explained by the fact that, owing to the prevalence of plague both in Karáchi and Hyderabad, the passenger traffic had gone down considerably for some months.

It may also be accounted for owing to the stoppage of the steam launch for the same reason, and to heavy expenditure having been incurred by the Railway authorities in putting a new boiler to the launch and in floating her when she sank in a storm on the 9th August last.

| | Rs. | a. | p. |
|---|---|---|---|
| Gidu-Kotri ferry receipts ... ... | 4,392 | 9 | 5 |
| Ferry receipts from other districts ... | 3,291 | 0 | 0 |

*Miscellaneous.*

| 1897-98 ... ... | 1,122 | 2 | 1 |
| Decrease ... | 321 | 2 | 0 |

The decrease is due to less realizations from sale-proceeds of trees this year.

*Contributions, Rs. 400.*—This amount represents the popular contribution for a well at Bhairia village, táluka Naushahro.

The sum of Rs. 174-6-5 was received from the District Local Board, Karáchi, towards the pay of care-takers employed to look after the ferry plant, being the joint property of both the Boards of Karáchi and Hyderabad.

Itinerating Veterinary Dispensary at Moro was opened in November 1897.

STATEMENT No. III.

The total expenditure during the year amounted to Rs. 2,64,056-1-1 as under, against Rs. 2,28,681-1-8 last year :—

| 1897-98 ... ... ... ... | 1,073 | 1 | 2 |
| Increase ... | 788 | 2 | 4 |

The increase under the Local Board's establishment is due to the employment of a temporary Local Fund clerk in the office of the Assistant Collector, Tando, throughout the whole year, and in that of the Assistant Collector, Hála, for three months.

*Office Contingencies.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 1,351 | 14 | 7 |
| 1897-98 ... ... ... ... | 1,320 | 11 | 0 |
| Decrease ... | 31 | 3 | 7 |

The decrease being small needs no explanation.

The total expenditure on account of payment of establishment for office of account, control and audit during the year amounted to Rs. 4,899-9-9 against Rs. 5,029-13-10 last year, which include Rs. 3,478-5-6 on account of Collector's office establishment as stated in this paragraph.

The decrease is chiefly noticeable in the Collector's office establishment, as during the year none of the members of the Collector's Local Fund office establishment remained absent on leave, for the performance of whose duties otherwise pay and acting allowances would have been paid as was the case last year.

The sum of Rs. 4,899-9-9 consists of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| Collector's office establishment ... ... ... | 3,478 | 5 | 6 |
| Share of establishment in the office of the Commissioner in Sind ... ... ... ... | 497 | 4 | 3 |

| | 4,899 | 9 | 9 |

16. *22.*—EDUCATION.—The sum of Rs. 90,118-5-3 was expended by the District Local Board on education and is made up of the following items :—

*Training and Special Schools.*

| | Rs. | a. | p. |

| 1896-97 ... ... ... ... | 14,044 | 14 | 6 |
| 1897-98 ... ... ... ... | 15,174 | 8 | 2 |
| Increase ... | 1,129 | 9 | 8 |

The increase is due to more materials supplied to the Technical schools.

*Middle Schools.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 1,043 | 0 | 0 |
| 1897-98 ... ... ... ... | 1,162 | 0 | 0 |
| Increase ... | 119 | 0 | 0 |

The increase is due to the appointment of an extra hand in the Tháru Sháh School.

*Primary Schools.*

The total expenditure on account of these schools amounted to Rs. 47,552-5-7 against Rs. 45,960-3-9 in the previous year, showing an increase of Rs. 1,592-1-10, which is due to the appointment of new trained teachers and promotion to the old ones.

| Grant-in aid— | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 9,422 | 0 | 0 |
| 1897-98 ... ... ... ... | 7,809 | 0 | 0 |
| Decrease ... | 1,613 | 0 | 0 |

The latter sum of Rs. 7,809-0-0 was spent as follows :—

| Refund to Provincial Revenues on account of grant to Indigenous schools erroneously paid from it during 1896-97 ... ... | 3,164 |
| | 7,809 |

The decrease is due to the fact that grants to Indigenous schools for the year were paid out of Provincial Revenues.

The total expenditure on account of scholarships amounted to Rs. 4,293-5-9 against Rs. 4,724-8-7 in the previous year, showing a decrease of Rs. 431-2-10, which is due to less amount paid to scholars owing to the closing of the Training College on account of the plague.

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 7,492 | 14 | 11 |
| 1897-98 ... ... ... ... | 7,828 | 11 | 4 |
| Increase ... | 335 | 12 | 5 |

The increase is attributable to increased expenditure on prizes.

The sum of Rs. 358-15-6 spent under this head is composed of the following items:—

| | Rs. | a. | p. |
|---|---|---|---|
| On account of constructing a bund at Jam Shoro ... | 200 | 0 | 0 |

18. 26.—Scientific and other Minor Departments.

*Experimental Cultivation.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 1,560 | 3 | 7 |
| 1897-98 ... ... ... ... | 326 | 14 | 1 |
| Decrease ... | 1,233 | 5 | 6 |

The decrease is attributable to the abolition of the dairy.

*Horse and Cattle Shows.*

Two horse shows were held, one at Moro and the other at Talhár.

The Naushahro Horse Show was held at Moro on the 17th January 1898 and the two following days.

The total amount placed at the disposal of the Horse Show Committee was Rs. 3,600, of which Government contributed Rs. 600, the District Local Board Rs. 2,000, and Táluka Boards Rs. 1,000, in the following proportions :—

| | Rs. |
|---|---|
| Kandiáro ... ... ... ... | 50 |
| Naushahro ... ... ... ... | 150 |
| Moro ... ... ... ... ... | 400 |
| Sákrand ... ... ... ... | 400 |
| | 1,000 |

The details of expenditure are as follows :—

| | Rs. |
|---|---|
| 1. Prizes ... ... ... ... | 2,384 |
| 2. Races ... ... ... ... | 87 |
| 3. Miscellaneous expenditure incurred in connection with the show ... ... ... ... | 213 |
| 4. Saving ... ... ... ... | 916 |

The number of exhibits was 399 against 878 last year, showing a falling off of 479. Deducting from this the total number of 255 exhibits on account of cattle and camels the net decrease will be 224. The cause of this decline is attributed to the effects of an unfavourable season and to the prevalence of an idea that the opportunity would be availed of by the authorities to secure animals for transport purposes in connection with the operations on the frontier. This inferiority of the exhibits may partly be accounted for by the fact that the Division changed hands no less than three times. The only satisfactory feature observable was the progress shown to have been made in mule-breeding. Owing to the paucity and inferiority of the exhibits a number of prizes which had been provided for were withheld, and the saving on the grant allotted came to Rs. 916. The num-

ber of remounts purchased for Government purposes was 7. These were all bought for the Hyderabad Police. The quality of the remounts purchased was not up to the average of former years.

The show at Talhár was held on the 24th January 1898 and the two following days.

The total amount placed at the disposal of the Horse Show Committee was Rs. 3,900, of which Government contributed Rs. 400 and the District Local Board Rs. 1,500 and Táluka Boards Rs. 2,000, in the following proportions :—

| | Rs. |
|---|---|
| Guni ... ... ... ... ... | 400 |

| Dero Mohbat ... ... ... ... | 250 |
| | 2,000 |

The details of expenditure are as follows :—

| | Rs. | a. | p. |
|---|---|---|---|

It proved a great advance on all previous shows.

The total number of exhibits rose from 791 in 1896-97 to 823.

A great and decided improvement was noticed in the brood mares, and there was a large increase in the number in foal to Government stallions. Horses, 14 hands and over, were a large and good class, with a very large percentage fit for remounts. Seventeen remounts were purchased—11 for the Hyderabad Police and 6 for the Thar and Párkar Police.

Mule breeding has made a good start and promises to become popular.

The services of the stallions appear to have been well utilised, and it would seem that an increase in their number is desirable.

Mr. Steele considered that Mr. Brendon was to be congratulated on the success which had attended his efforts to promote horse-breeding operations in his sub-division.

A sum of Rs. 388-3-2 was spent on sanitary arrangements on fairs this year against Rs. 555-2-3 last year.

*Veterinary Charges.*

The total expenditure incurred under this head amounted to Rs. 3,394-12-11 against Rs. 2,772-11-0 last year. Government contributed Rs. 775 towards the maintenance of the Veterinary Dispensary at Hyderabad and Rs. 125 for the Itinerating Veterinary Dispensary at Moro, which was opened in November 1897.

The total sum of Rs. 900 has been shown under the head of Provincial contributions.

*Veterinary Dispensary at Hyderabad.*

The number of in-patients was 216 against 276 last year and of out-patients 907 against 1,049 last year.

Out of those treated—

| | |
|---|---|
| 972 were cured. | 38 died. |
| 33 relieved. | 47 unknown. |
| 4 incurable. | 29 remaining. |

The total number of cases during the year was 1,123 against 1,325 last year. The decrease of 202 cases is due to the prevalence of plague in the town of Hyderabad for the first four months of the year. During the latter part of the year, plague broke out at Kotri on the other side of the river Indus, and this also accounts for the falling off of the attendance at the dispensary.

The dispensary has completed the fifth year of its existence and worked well.

It is still located in a hired building. A site for the new building adjacent to the north of the forest depôt has been finally selected and acquired.

This has been personally inspected and approved of by the Superintendent, Civil Veterinary Department, Bombay Presidency.

Revised plans and estimates for the new building have been called for.

Construction of the building will be undertaken during the year 1898-99 on receipt of the plans and estimates.

Mr. Asudamal, officer in charge of the veterinary dispensary, continues to take unflagging interest in the institution committed to his care, and its increasing popularity is largely due to the attention he pays to his duties and to the manner in which he carries them out.

It may here be remarked that horses belonging to the Police are also sent for treatment to the dispensary. The question regarding the treatment of sick horses sent by the Police, and entrusting them to the charge of the Veterinary Officer, has been the subject of correspondence.

*Itinerating Veterinary Dispensary at Moro.*

The dispensary was opened from the 1st November 1897. The number of in-patients treated at the dispensary was 14 and of out-patients 84. In addition to these, 27 rinderpest cases were treated at Karáchi by the Veterinary Assistant who was called for duty there at the end of March. Out of the 125 cases treated by the Veterinary Assistant,

| | |
|---|---|
| 84 were cured. | 5 died. |
| 6 relieved. | 21 unknown. |
| 1 incurable. | 8 remaining. |

*Bull and Stallion Charges.*

The expenditure under this head was Rs. 2,304-9-3 against Rs. 2,158-5-4.

The increase is partly due to the increase in the stud and partly to the high prices of food-grains.

During the year under report two stallions named "Paradox" (horse stallion) and "Pindi" (donkey stallion) were shot, as they were found incapable of serving mares. The stallions employed in the district here are the following :—

*Horse Stallions.*

| Name. | Class. |
|---|---|
| 1. "Spero." | T. B. E. |
| 2. "Madina." | Arab. |
| 3. "Moonstone." | Arab |
| 4. "Minstrel." | Arab. |

*Donkey Stallions.*

| 1. "Billy." | Italian. |
| 2. "Joseph." | Persian. |
| 3. "Jubilee." | (Local Fund). |
| 4. "Israel." | Persian. |
| 5. "Rattle." | |
| 6. "Yarkand." | Persian. |

*Bulls.*

*Botanical and other Public Gardens.*

| 1896-97 ... ... ... ... | 10,991 | 14 | 7 |
| 1897-98 ... ... ... ... | 11,381 | 2 | 4 |
| Increase ... ... ... ... | 389 | 3 | 9 |

The increase is due to the increased expenditure on gardens.

A sum of Rs. 589-13-5 was spent under this head against Rs. 770-9-11 last year, showing the decrease of Rs. 180-12-6, which is due to the abolition of the statistical establishment from December 1897.

19. 20.—STATIONERY AND PRINTING.

Stationery purchased in the country—

| | Rs. | a. | p. |
|---|---|---|---|
| 1896-97 ... ... ... ... | 71 | 14 | 5 |
| 1897-98 ... ... ... ... | 78 | 15 | 4 |
| Increase ... ... ... ... | 7 | 0 | 11 |

The increase being insignificant needs no explanation.

*Printing.*

A sum of Rs. 152-4-11 was spent during the year against Rs. 208-12-4 last year. The decrease of Rs. 56-7-5 is due to less number of forms having been purchased.

20. *32.—Miscellaneous Petty Establishments.*

Staging bungalow and serái establishment charges were Rs. 814-14-3 against Rs. 77-9-6 last year. The increase of Rs. 737-4-9 is mainly due to the furniture having been purchased for the travellers' bungalow at Hyderabad.

*Miscellaneous and Unforeseen Charges.*

Rs. 13,515-0-9 spent under this head is made up of the following items:—

| | Rs. | a. | p. |
|---|---|---|---|
| Ferry charge ... ... ... | 513 | 1 | 10 |
| Expenditure incurred in connection with the plague, such as construction of huts, purchase of disinfectants, &c.... ... ... | 13,001 | 14 | 11 |

3. The area and population of the district are the same as before. The number and constitution of the Boards also remained unchanged. The holders of the entire alienated villages of the Ghotki Táluka have not yet returned their representative to the Táluka Local Board, nor have those of the district elected a member for the District Board. Consequently, their places are vacant as shown in the accompanying Statement No. I. One of the elected members of the District Board died during the year under report. He was a representative of the Sukkur Táluka Local Board and his place also remains vacant, both on the Táluka and the District Boards. Correspondence is going on in the matter and it is hoped that all the vacancies, *viz.*, 4 in number, will soon be filled up.

4. The number of meetings held during the year under report was 106 against 109 in the previous year, showing a decrease of 3 as shown below :—

| | 1897-98. | 1896-97. |
|---|---|---|
| District Board ... ... ... | 2 | 2 |

| Do. Mehar ... | 6 | 3 |
| Do. Kakar ... | 3 | 4 |
| Do. Nasirabad .. | 3 | 5 |
| Total ... | 106 | 109 |

It will be seen from the above table that out of the 15 Boards, 7 show an increase in the number of meetings held by them, 2 remained steady, and the remaining 6 show decrease, which may be attributed to the prevalence of plague in the early part of the last financial year which restricted the movement of numbers living outside the head-quarter stations. The provisions of Section 34 of the Local Boards Act I of 1884, which authorizes the conduct of business by

133274

circulating propositions for the sanction of the Board, are resorted to whenever it is found necessary to do so. During the year under report the District Board acted under the said section on one occasion only, against 15 in the preceding year.

STATEMENT No. II.—INCOME.

5. The year opened with a balance of Rs. 47,776-11-3 and closed with that of Rs. 58,457-2-1 for the whole district.

6. The following remarks explain generally the figures shown under the various heads of receipt, as also the causes of increase and decrease.

7. *VI—Provincial Rates—Local Rates.*—This is the principal source of revenue of the Local Boards. The receipts under this head amounted to Rs. 2,02,368-9-6 during the year under report against Rs. 1,76,602-3-5 in the previous year, giving an increase of Rs. 25,766-6-1, which is due to the favourable inundation, according to the nature of which the receipts under this head usually vary.

8. *XII—Interest.*—During the year under report Rs. 98-13-10 were realized from interest on investment of securities belonging to dispensary funds. In the previous year only Rs. 87-4-8 were realized under this head. The increase of Rs. 11-9-2 is attributable to an additional sum of Rs 300 having been invested on behalf of the Dokri Dispensary during the year under report.

9. *XVII—Police.*—Receipts under Cattle Trespass Act are shown under this head. These during the year amounted to Rs. 10,645-9-4 against Rs. 14,357-10-2 in the previous year. The decrease of Rs. 3,712-0-10 is due to the plague scare during which the Maldars moved together with their cattle to the hills in distant parts of the country After the plague the country was flooded and the Maldars did not return to head-quarters till the floods subsided.

10. *XIX—Education.*—Receipts under this head are made up of school fees Rs. 211-13-9, miscellaneous receipts Rs. 183-8-11= Rs. 395-6-8, against Rs. 217-13-6 under the former head and Rs. 276-8-4 under the latter in 1896-97. The decrease in school fees is not great and calls for no remark. That of Rs. 93 in the latter is due to less realizations from the sale-proceeds of Technical School's produce in the Ubauro Táluka.

11. *XX—Medical.*—(*a*) Receipts under the head "Hospital and Dispensaries" amounted to Rs. 50-2-0 in 1897-98 against Rs. 74-2-9 in the preceding year. The receipts of the year under report include Rs. 27-2-8 on account of books, adjustment of pay of a Hospital Assistant. The real receipts under this head amounted to Rs. 22-15-4 which, when compared with the receipts of the preceding year, show a decrease of Rs. 51-3-5, which is due to the Ubauro and the Mehar Dispensaries having remained closed for some time owing to the deputation of the Hospital Assistants and their compounders on plague duty. In the printed report of 1896-97 the receipts of that year under the above head are shown as Rs. 574-2-9, but out of them Rs. 500 are on account of an advance made by the District Local Board to the dispensaries which has to be recovered from them, and has therefore not been taken into account in making the comparison of the receipts of the two years. No new dispensaries were opened during the year of report, but new buildings were constructed for dispensaries at Ghotki and Rato-dero and they are mentioned lower down in the proper place.

(*b*) Contributions—

| | Rs. | a. | p. |
|---|---|---|---|
| In 1897-98 ... ... ... ... | 101 | 0 | 0 |
| „ 1896-97 ... ... ... ... | 68 | 0 | 0 |

Rs. 33 were contributed by the Garhi Yasin Municipality in 1897-98 towards the cost of vaccination for the year 1896-97, and hence the difference.

(*c*) Miscellaneous other receipts amounted to Rs. 19-4-0 in 1897-98 against Rs. 2-0-3 in 1896-97.

The increase of Rs. 17-3-9 is due to Rs. 5-15-9 having been realized from the sale of quinine against nothing in the preceding year, and Rs. 11-4-0 more having been realized from the sale of unserviceable boxes of vaccinators.

12. *XXI—Scientific and other Minor Departments.*—(*i*) Botanical and other public garden receipts amounted to Rs. 2,470-3-11 against Rs. 2,574-3-1 in the previous year. The decrease occurred chiefly in the realizations from the Bogri Garden in the Rohri Táluka.

(*ii*) *Veterinary Receipts.*—The receipts under this head amounted to Rs. 6 only in the year of report. In the preceding year Rs. 426 were credited under this head. The difference of Rs. 420 is due to Rs. 300, being the amount of the contribution of the Shikárpur Municipality towards the Veterinary Dispensary for the year 1897-98, having been since paid in the current year, and the remaining sum of Rs. 120, which was contributed by some of the minor Municipalities towards the expenses of the Itinerating Veterinary Graduate, having not been paid owing to the Itinerating Veterinary Graduate's services having been dispensed with.

13. *XXV.—Miscellaneous.*—The receipts under this head are made up as under :—

| | Rs. | a. | p. |
|---|---|---|---|
| (*a*) Sale of old stores and materials ... ... | 183 | 8 | 9 |
| (*b*) Staging bungalow fees ... ... | 9 | 8 | 0 |
| (*c*) Other items ... . ... ... | 1,202 | 13 | 9 |
| | 1,395 | 14 | 6 |

In the preceding year, Rs. 551-6-2, Rs. 57-0-3 and Rs. 814-6-9 were realized from each of the above-mentioned sources. The decrease under " (*a*) " is due to the fact that in the preceding year about Rs. 370 were realized from the sale of

(*a*) Old iron rails,
(*b*) Old materials of a certain school,
(*c*) Do. of a bridge,
(*d*) Old furniture of the staging bungalow at Wagan.

No such item occurred during the year of report. Sale-proceeds of furniture of the Wagan Staging Bungalow were accounted for in the last year's report under "Sale of old stores and materials" and not under other items as shown in paragraph 12 of that year's report.

Decrease under (*b*) is due to the staging bungalows having been less frequently occupied during the year under report. Under (*c*) there is an increase which is mostly due to the following causes :—

| | Rs. |
|---|---|
| Excess contribution on account of pay of syces of Government stallions and of the Local Fund clerk in the Educational Inspector's office having been refunded to the Local Funds in the preceding year ... ... ... ... ... ... | 249 |
| Amount overpaid in 1897-98 on account of cost of disinfectants and subsequently adjusted within the year ... ... ... | 584 |
| Net increase ... | 335 |

14. *XXXII—Civil Works.*—The total realizations under this head amounted to Rs. 20,983-10-3 against Rs. 16,760-4-8 in the previous year. The details are as under :—

*(1) Tolls on ferries—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... | 10,923 | 11 | 4 |
| 1896-97 ... ... | 10,741 | 10 | 5 |
| Increase, ... | 182 | 0 | 11 |

This is an item of assigned revenue, of which the net proceeds are credited to Local Fund after deducting the expenditure. The increase is not great and calls for no remark.

*(2) Rent of buildings and lands—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... | 1,273 | 13 | 0 |
| 1896-97 ... ... ... | 1,214 | 6 | 0 |
| Increase ... | 59 | 7 | 0 |

The receipts under this head represent the amount of rent realized from shops in the Bugri Bágh in the Rohri Táluka and in the Sadar Bazár of Mehar. The realizations depend upon the number of plots taken up for occupation.

(3) *Sale of Lands.*—Under this head Rs. 315 were credited during the year under report. The amount represents the occupancy fees which were realized from the sale of building sites in the village of Dokri. Compensation was paid for the extension of this village from Local Funds, and realizations were credited to that fund. There were no such realizations in the preceding year.

*(4) Miscellaneous—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... | 4,433 | 1 | 11 |
| 1896-97 ... ... ... | 1,576 | 4 | 3 |
| Increase ... | 2,856 | 13 | 8 |

The figures shown above are the sale-proceeds of road-side trees, bábul pods, and dead timber. The increase is due to a larger number of trees having been blown down and become available for disposal.

(5) *Contributions.*—These amounted to Rs. 4,038 against Rs. 3,228 in the previous year. The increase of Rs. 810 is explained as under :—

| | Rs. |
|---|---|
| Credited by the Shikárpur Municipality in 1896-97 for the maintenance of roads in the Shahibagh ... ... ... | 600 |
| Credited by the Shikárpur Municipality in 1897-98 ... ... | 300 |
| Decrease ... | 300. |
| Credited by the Garhi Yásin Municipality in 1896-97 for the construction of a dispensary ... ... ... | 1,312 |
| Credited by the Rato-dero Municipality in 1896-97 for the construction of a dispensary in 1897-98 ... ... ... | 754 |
| Decrease ... | 558 |
| Credited by people in 1896-97 for the sinking of wells ... | 1,316 |
| Credited by people in 1897-98 for the sinking of wells ... | 1,200 |
| Decrease ... | 116 |
| Total decrease ... | 974 |

Last year nothing was recovered from villagers towards village sanitation, whereas this year Rs. 1,784 were so recovered.

Thus a net increase of Rs. 810 is arrived at.

*Contributions.*

15. Contributions from Provincial to Local—

| | Rs. | a. | p. |
|---|---|---|---|
| In 1897-98 ... ... ... | 57,968 | 2 | 0 |
| In 1896-97 ... ... ... | 44,935 | 15 | 0 |
| Decrease ... | 7,867 | 13 | 0 |

It may be noted that in the previous year's report, as also in statement 2 accompanying it, Rs. 51,349-13-5 were shown under this head, and it was explained that Rs. 13,852 contributed by the District Board to certain specified institutions were deducted from this head and included under the head "Local Rate subordinate to VI. Provincial Rates." But from the printed statements embodied in the General Report on the Administration of Local Funds for the Province of Sind for 1896-97, and the Accountant General, Bombay's No. $\frac{L.F.}{17328}$ of the 13th September 1897, it is clear that such deductions had to be made by *plus* and *minus* entries. This course has now been followed and the amount of contributions made by the District Board to dispensaries and the educational institutions is included in the receipts of those bodies under "Local rate", a corresponding reduction having been made from the receipts of the District Board, General under the same head, It may also be stated that the sum of Rs. 265-14-5 representing the contribution of the District Board towards the cost of the Local Fund clerk in the Educational Inspector's office has been less shown under "Contributions", the transaction having been brought in by *plus* and *minus* entries in Statement No. II as desired by the Accountant General, Bombay, in his remarks on the last year's statements. As before, the advances made by the District Board to the Táluka Local Board and *vice versâ* have been adjusted under this head, *viz.* "Contribution from Provincial to Local." The details of the contributions shown above are given in the subjoined table :—

| | 1897-98. | 1896-97. | Increase. | Decrease. |

| | | | Net Decrease ... | 7,867 13 0 |

(*i*) The increase under

I.—Sand and Quarry fees and

II.—Fishery fees

is due to keener competition at the sale of those farms for the year.

(*ii*) Provincial grants for the repairs of roads were made under two separate authorities of Government:—

Rs.

2,638 under Government Resolution No. 259-A-1653, dated 7th October 1886, and

1,500 under Government Resolution No. 275-A-1758, dated the 16th November 1885.

The former grant was subsequently reduced to Rs. 2,491, because a part of one of the roads for the maintenance of which the grant was intended passed through the Khairpur territory. Thus Rs. 3,991 continued to be drawn until 1896-97. In the last year the grant of Rs. 1,500 sanctioned by Government Resolution No. 275-A-1758 of the 16th November 1885 was not drawn, as it is said that it was meant to be included in the annual grant sanctioned in the Resolution of 7th October 1886. The question has not yet been settled and is before Government.

(*iii*) *Grants to Primary Schools.*—With effect from the year 1897-98, Government have reduced their grant to the primary schools by Rs. 9,000 and have taken upon themselves to aid the rural aided schools directly from Provincial. When the increased grant was paid to Local Funds, it was credited to the Educational section of the fund from which all grants-in-aid to the indigenous schools were paid.

(*iv*) Nothing was contributed by Government for the construction of wells during the year under report and hence the decrease. In view of Government Resolution No. 4225 of the 3rd August 1897 (General Department) a report was submitted under this office No. 723 of the 21st October last as regards the desirability of continuing the Provincial aid towards the sinking of wells, but nothing has since been heard, and it is not known what settlement has been made in this direction.

(*v*) Like the preceding year. Rs. 3,355 were contributed by Government for the maintenance of the undermentioned dispensaries in this district :—

| | Rs. |
|---|---|
| Mehar Dispensary ... ... ... ... | 700 |
| Dokri do. ... ... ... ... | 600 |
| Ubauro do. ... ... ... ... | 600 |
| Veterinary Dispensary ... ... ... | 1,455 |
| | 3,355 |

Local Funds also contribute towards these dispensaries as follows :—

| | Rs. |
|---|---|
| Mehar Dispensary ... ... ... ... | 1,000 |
| Dokri do. ... ... ... ... | 600 |
| Ubauro do. ... ... ... ... | 600 |
| Veterinary Dispensary ... ... ... | 2,900 |
| Total ... | 5,100 |

This amount is shown under "Local Rate" subordinate to "V.I.—Provincial Rates" in accordance with the instructions of the Accountant General, Bombay.

(*vi*) *Grants to School Buildings.*—No grants were received under this head in 1897-98. The Director of Public Instruction wrote in his No. 549 of the 27th April 1897 that pending further orders no claims for building grants were to be made. Since then no instructions have been received.

(*vii*) A Provincial grant of Rs. 96 was made during the year under report on account of village sanitation to the Ubauro Táluka Local Board.

16. The incidence of taxation and of the income per head of population for the last two years is compared as follows :—

| | 1897-98. Rs. a. p. | 1896-97. Rs. a. p. |
|---|---|---|
| Incidence of taxation per head of population ... | 0 4 1 | 0 3 10 |
| Incidence of income per head of population ... | 0 5 11 | 0 5 7 |

The increase in the year of report is owing to the income of the year being more than that of the preceding year, whereas the population is taken to be the same for the two years.

## Statement III.—Expenditure.

17. The expenditure of all the Boards taken together amounted to Rs. 2,84,922-5-2 as compared with Rs. 3,09,244-5-7 in the previous year. The decrease of Rs. 24,322-5-0 is explained under the several sub-heads as follows :

18. Office Contingencies—

| | Rs. a. p. |
|---|---|
| In 1897-98 ... ... ... | 742 4 3 |
| „ 1896-97 ... ... ... | 1,169 7 0 |
| Decrease ... | 427 2 9 |

The decrease under this head is due to the payment of Rs. 384-5-9 in 1896-97 on account of a moiety of Darbár charges incurred by the Shikárpur Municipality in 1895-96 owing to the arrival of His Excellency the Governor of Bombay and to the purchase of a second-hand shamiana by the District Board. No such charges were incurred during the year under report.

19. Payment of establishment for offices of Accounts, Control and Audit amounted to Rs. 6,040-0-11 in 1897-98 against Rs. 5,665-8-6 in 1896-97.

The increase of Rs. 374-8-5 is due to Rs. 214 more having been contributed on account of the Collector's Local Fund establishment, it being the amount of arrears of the previous year. Rs. 244 more were paid on account of the audit fee of the Accountant General. This charge is determined by the Accountant General, Bombay, in reference to Article 854 of the Civil Service Regulations and is adjusted to the debit of Local Funds on the requisition of that office. On the other hand a comparatively smaller payment of Rs. 84 was made towards the pay of the Local Fund establishment in the Commissioner's office. Payments under this head are calculated on the estimated receipts for the year. Contributions towards the establishment in the Educational Inspector's office are omitted from the head, in view of the Accountant General's remarks referred to above under the head "Income."

*22.—Education.*

20. The total charges under this head amounted to Rs. 74,716-9-11 against Rs. 79,988-2-2 in the previous year. The decrease of Rs. 5,271-8-3 is distributed under several sub-heads and is explained below in detail. Last year's figured under this head included Rs. 1,100 on account of Local Fund contribution to the Hyderabad Female Training College shown under the subordinate head "Grants-in-aid." It has now been shown under "Contributions to other Boards": *vide* Accountant General, Bombay's No. $\frac{L.F.}{17828}$ of the 13th September 1897.

*Details of Expenditure.*

*(a) Primary Education.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| In 1897-98 ... ... | ... | 55,389 | 0 | 4 |
| „ 1896-97 ... ... | ... | 54,191 | 10 | 2 |
| Increase | ... | 1,197 | 6 | 2 |

The figures shown above represent the pay and allowances of head masters and teachers, pay of servants and the travelling allowances of teachers. The increase is chiefly under the head "Head Masters and Teachers" and is apparently due to trained teachers getting into the Department in place of untrained men, whose pay is comparatively much less than that of the trained men. The Deputy Educational Inspector, Shikárpur Division in his annual report puts down the average pay of a trained head master at Rs. 27-5-4 as compared with Rs. 11-4-0 of an untrained one. During the year under report, 5 boys' schools were opened at Chandia and Kebar in the Lárkhána Táluka and Adulpur in the Ghotki Táluka, Sita in the Kakar Táluka and Loung Tunio in the Mehar Táluka. On the other hand 3 day and 2 night schools were closed owing to paucity of attendance at the following places:—

(1) Mitho Dero.
(2) Ladho Kalhoro.
(3) Bakapur in the Lárkháná Táluka.
(4) Goth Mian Sahib night school in the Shikárpur Táluka.
(5) Kebar night school in the Nausháhro Táluka.

The village of Ulra in the Rohri Táluka having been washed away by the Indus, the school there was also closed. Thus there was a net decrease of one school. The number of pupils was also reduced by 106. The Deputy Educational Inspector, Shikárpur Division, writes as follows in his annual report as regards the falling off in the attendance of pupils generally:—

"The decrease is generally due to the facts that there raged famine and plague last year which affected the prosperity of the schools to a great extent. Besides these, there was a great alarm amongst the Hindus that some evils were to fall in 'Maugh' (January 1898) which induced them to keep back their children. Again, there was the appearance of plague at Kotri which greatly worked on public minds here, and there was an unusually sickly malarious season for a long time during the year under review. All these have contributed more or less towards the decrease."

In another place the Deputy Educational Inspector writes as follows as regards the School Committees :—

"The School Committees are generally reported to take interest in the welfare of the schools and are gradually rousing to a sense of their duty, but it is a pity that some of the members in the village schools are illiterate men and unable to test and check the work of teachers."

*(b).—Grants-in-aid.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1897-98 ... ... | ... | 10,754 | 0 | 0 |
| 1896-97 ... ... | ... | 18,947 | 8 | 0 |
| Decrease | ... | 8,193 | 8 | 0 |

The details of Rs. 10,754 are as under :—

| | | Rs. |
|---|---|---|
| (*a*) Grant to Sind Arts College | ... | 2,000 |
| (*b*) Do. Madressa ... | ... | 2,000 |
| (*c*) Do. Technical Institute, Sukkur | ... | 2,500 |
| (*d*) Do. Municipal Schools | ... | 1,210 |
| (*e*) Do. Indigenous Schools | ... | 3,044 |
| Total | ... | 10,754 |

Items *a, b, c and d* are the same as in the previous year. Item *e* represents the amount of grants-in-aid to indigenous schools for 1896-97 paid in the first instance from Provincial Funds in 1897-98 and subsequently recovered under instructions from the Accountant General, Bombay, from Local Funds and credited to Provincial Services on the ground that the claim appertained to the year 1896-97, for which the Local Funds had received the Provincial grant in full amounting to Rs. 15,129-9-4.

The decrease of Rs. 8,193-8-0 shown above is due to—

| | Rs. | a. | p. |
|---|---|---|---|
| (1) No expenditure having to be incurred from Local Funds for the Sukkur Technical School for building purposes during the year under review ... ... | 2,252 | 0 | 0 |
| (2) Less paid to Indigenous Schools ... ... | 5,941 | 8 | 0 |
| Total ... | 8,193 | 8 | 0 |

*(c).—Scholarships.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... | 2,101 | 2 | 5 |
| 1896-97 ... ... ... | 2,514 | 14 | 7 |
| Decrease ... | 413 | 12 | 2 |

The following are the details of the expenditure under this head :—

| | Rs. | a. | p. |
|---|---|---|---|
| Scholarships in the Training College at Hyderabad. | 1,593 | 0 | 5 |
| „ Middle and Special Schools ... | 252 | 0 | 0 |
| Scholarship for the student sent by the Board to the Veterinary College, Bombay... ... ... | 256 | 2 | 0 |
| Total ... | 2,101 | 2 | 5 |

The decrease falls chiefly under the Training College Scholarships and is due to no scholarships having been drawn for March and April and May 1897, because the college was closed owing to the prevalence of plague.

At the end of the previous year there were 100 trained men employed as teachers of primary schools in this district; 6 more were supplied by the Train-

ing College during the year under report, thus making a total of 106. Out of these, 2 retired on pension and 2 were transferred to the municipal schools, leaving 102 trained men in charge of Local Boards' schools.

21. *24—Medical.*—The expenditure under this head amounted to Rs. 18,184-12-3 in 1897-98 and to Rs. 18,945-6-6 in 1896-97, showing a decrease of Rs. 760-10-3.

The expenditure consists of the following items :—

*Grants to Hospitals and Dispensaries—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... ... | 6,800 | 0 | 0 |
| 1896-97 ... ... ... ... | 6,969 | 10 | 3 |
| Decrease ... | 169 | 10 | 3 |

The figures shown above represent the amount of Local Fund grant to Municipal Dispensaries and the Victoria Jubilee Female Medical Institute at Shikárpur. The details of the grant are as under—

| | Rs. |
|---|---|
| Rohri Dispensary ... ... ... ... | 300 |
| Ghotki do. ... ... ... ... | 500 |
| Larkhána do. ... ... ... ... | 1,200 |

| Rato-dero do. ... ... ... ... | 400 |
| Garhi Yasin do. ... ... ... ... | 600 |
| Victoria Jubilee Female Medical Institute ... | 3,000 |
| Total ... | 6,800 |

The decrease represents the amount of Local Fund grant to the Garhi Yasin Dispensary for the year 1895-96 paid in 1896-97.

*Purchase of Quinine.*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... ... | 535 | 3 | 1 |
| 1896-97 ... ... ... ... | ... | | |
| Increase ... | 535 | 3 | 1 |

Nothing was spent on quinine in 1896-97, the quantity in stock from the previous year's supply having been distributed, in that year. This medicine is freely distributed in the district, and it is only in the case of rich and well-to-do men that its cost is recovered from them. It is much appreciated.

*Maintenance of Local Board Dispensaries.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1897-98 ... ... ... ... | | 3,242 | 13 | 6 |
| 1896-97 ... ... ... ... | | 4,570 | 7 | 11 |
| Decrease ... | | 1,327 | 10 | 5 |

The decrease is in a great measure due to the Local Board Dispensary at Ubauro having remained closed, and the Hospital Assistants in charge of the other two dispensaries having been deputed on plague duty for some part of the year. Their pay, &c., was therefore saved to the Local Funds.

*Vaccination Establishment and Charges.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1897-98 ... ... ... ... | | 6,258 | 15 | 8 |
| 1896-97 ... ... ... ... | | 6,524 | 6 | 4 |
| Decrease ... | | 265 | 6 | 8 |

The decrease under this head is due to the fact that in the year 1896-97 Rs. 323 8-8 were adjusted on account of difference of the Local Fund contribution towards the cost of vaccination for 1895-96. If this amount is omitted from the figures of 1896-97 there will be an increase of Rs. 58 only in the year of report which needs no remark.

*Sanitation Charges.*

| | | Rs. | a. | p. |
|---|---|---|---|---|
| 1897-98 ... ... ... ... | | 847 | 12 | 0 |
| 1896-97 ... ... ... ... | | 380 | 14 | 0 |
| Increase ... | | 466 | 14 | 0 |

This increase is explained below.

During the year under report the Ubauro Táluka Local Board spent Rs. 377-12-0 under this head. They entertained sweepers for conservancy arrangements at Khairpur, Deharki and Ubauro. The Táluka Local Boards of Mirpur and Labdarya paid Rs. 120 and Rs. 50 as contribution to the Sanitary Committees at those places respectively.

*Medical Schools and Colleges.*

| | Rs. |
|---|---|
| 1897-98... ... ... ... ... | 500 |

This represents the amount of the annual contribution of the District Board towards the Medical School at Hyderabad.

22. 26.—*Scientific and other Minor Departments.*

(*a*) *Horse Fairs*—

The Sind Horse Show has hitherto been held alternately at Shikárpur and Jacobabad and the Board spent about Rs. 7,000 when the show was held at Shikárpur and contributed Rs. 2,500 to the Jacobabad District Board when it was held at Jacobabad; but it has been observed that when held at Shikárpur the horse show has not been popular with the principal exhibitors—the Baluchis and other frontier tribes. In 1896, when the last show was held at that place, the exhibits numbered 876 and the highest number ever exhibited at Shikárpur was only 962. This compared very unfavourably with the number exhibited at Jacobabad, where the average of three years prior to 1896 was 1,375. It was then

proposed that the show should be held every year at Jacobabad. The question was fully discussed in the report on the Sind Horse Show for the year 1896, and while reviewing that report the Government of Bombay in their Resolution No. 6515 of the 12th August 1896 (R. D.) hesitated to pass final orders in the matter until the question of funds had been settled. A decision having been arrived at on this point, the Government of Bombay in their Resolution No. 6227, dated 21st August 1897, accepted the recommendation of the Commissioner in Sind, that the show of 1898, which according to the usual rotation would have been held at Shikarpur, should be held at Jacobabad, and that after the show had been held for three years in succession at Jacobabad, the question should be again considered. Accordingly the show of 1898 was held at Jacobabad in January last and the Shikarpur District Board contributed Rs. 1,000 to it, which amount is shown under " Contributions to other Boards."

(*b*) *Veterinary Charges amounted in—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... | 2,956 | 7 | 2 |
| 1896-97 ... ... ... | 3,425 | 15 | 4 |

The decrease of Rs. 469-8-2 is due to the fact that until July 1896 the Itinerating Veterinary Graduate was in the service of the Board. Consequently the figures of 1896-97 include the charges defrayed from Local Funds on account of 5 months' pay of that officer.

The working of the Veterinary Dispensary is compared as follows : —

| | 1897-98. | 1896-97. |
|---|---|---|
| Number of animals admitted ... ... | 768 | 1,025 |
| Relieved ... ... | 30 | 44 |
| Cured ... ... | 698 | 689 |
| Died ... ... | 10 | 45 |
| Unknown ... ... | 6 | 212 |
| Remaining ... ... | 16 | 22 |
| Incurable ... ... | 8 | 13 |

Of the number admitted, 144 were in- and 624 out-patients, against 127 and 898 in the preceding year respectively. The out-patients of 1896-97 include no less than 299 rinderpest cases. During the year under report, only 10 such cases came under treatment. Omitting rinderpest cases from calculation, the dispensary work shows an increase, but it cannot be said to have worked satisfactorily, and there is no doubt that there is much room for improvement. The location of the dispensary in an outlying place is no doubt a great impediment to the prosperity of the institution. A more suitable and a convenient plot in the close proximity of the town has now been selected after a protracted consideration, and it is hoped that before long the matter will be finally settled and a new dispensary constructed.

(*c*) *Bull and Stallion Charges—*

The expenditure under this head was as follows :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1897-98 ... ... ... | 2,192 | 15 | 2 |
| 1896-97 ... ... ... | 2,551 | 3 | 3 |
| Decrease ... | 358 | 4 | 1 |

In the preceding year, about Rs. 650 were spent on the purchase of gear for stallions. This year only about Rs. 60 were spent on that account. If the difference of Rs. 590 between these 2 items is deducted from the figures of 1896-97, there will be an increase in expenditure, in the year under report, of Rs. 231.

The number of stallions was comparatively smaller in 1897-98 than in 1896-97, but on the other hand the prices of fodder, &c., were higher in the year under report, and to that cause the increase referred to above is due.

The history of services rendered by stallions is briefly given below :—

Early in April 1897 there were 3 horse and 13 donkey stallions in this district; of these, 1 horse and 2 donkey stallions were destroyed in the first quarter of the year and one donkey stallion was destroyed in February 1898. Two horse stallions were newly received from Ahmednagar: one in May 1897 and the other in November 1897. This last animal, who was called "Ormuz", covered no mares in this district from November 1897 to March 1898. He has since been transferred to the Upper Sind Frontier District. From the above it will be seen that two horse and ten donkey stallions worked for the whole year and one horse and one donkey stallion worked from 1st May 1897 to 31st March 1898 and from 1st April 1897 to 11th February 1898 respectively. These two stallions covered 7 and 27 mares respectively. The two horse and 10 donkey stallions who worked for the whole year covered 45 and 329 mares respectively, *i. e.*, each horse stallion covered 22·5 mares and each donkey stallion covered 32·9 mares during the year. According to the rules, the maximum number of mares to be covered by a horse stallion is 50 and by a donkey stallion 80. The reason why the stallions have done so little work may be attributed partly to the unpopularity of the system of branding mares and partly to the prevalence of plague in some parts of the province and consequent restrictions in communications. In order to make the industry of mule-breeding more popular, it is in contemplation that the system of branding mares should be abolished. The Superintendent, Civil Veterinary Department, Baluchistan, to whom the administration of the horse-breeding operations in Sind has been transferred with effect from 1st April last, intends making some changes in the internal working of this branch of service, but correspondence is going on between him and Government, and nothing has yet been settled.

(*d*) *Botanical and other Public Gardens*—

Under this head Rs. 5,202-2-1 were expended during the year under review, against Rs. 4,611-13-8 in the previous year. The increase of Rs. 590-4-5 is accounted for by the fact that Rs. 103 were spent by the Mirpur Táluka Local Board on the purchase of a chaff-cutting machine; about Rs. 200 were spent on repairing compound walls and pillars in the Dokri Garden, the landhi for bullocks and the clearances of the Mirpur Garden. Then the maintenance of bullocks also cost comparatively more in the year of report owing to high prices of fodder.

About Rs. 500 are annually spent on the purchase of Europe seeds which are sent for from England for distribution amongst the Local Board and Municipal gardens and private growers. The amount spent on this account is also shown under the above-mentioned head as usual. The price of seeds supplied to Municipal gardens is recovered from Municipalities.

23. *29.—Superannuation Allowances and Pensions.*

| | Rs. |
|---|---|
| Pensions ... ... ... ... | 420 |
| Gratuities ... ... ... ... | 30 |
| | 450 |

The former figure represents the amount of a superannuation pension granted under Government Resolution No. 3529 of the 17th August 1897 (Financial Department) to the late captain of ferry steamers and was charged to Incorporated Local Funds—an occurrence of which a precedent, as already explained in the papers on the subject, could not be found. The monthly rate of pension is Rs. 20, but the amount drawn in the year under report covers the payment for 22 months commencing from 1st June 1896. Rs. 30 were paid as gratuity to Kamalsing Jethsing, late Supervising Tapedár, in accordance with Government Resolution No. 2053, dated 12th May 1897, Fiancial Department.

24. *30.—Stationery and Printing.*

Stationery purchased in the country Rs. 319-7-0 against Rs. 252-0-6 in the preceding year. The increase of Rs. 67-6-6 needs no explanation.

Under printing, the expenditure amounted to Rs. 212-2-5 in 1897-98 against Rs. 1,029-5-1 in 1896-97. The decrease of Rs. 817-2-8 is due to the election lists 1 and 2 having been printed and published in the preceding year.

25. *32.—Miscellaneous.*

(*a*) *Staging Bungalows and Serái Establishments and Charges—*

| | Rs. | a. | p. |
|---|---|---|---|

| 1896-97 ... ... ... ... | 1,595 | 0 | 8 |
| Decrease ... | 87 | 9 | 1 |

The figures for the year 1896-97 include Rs. 66-13-5 on account of arrears of watchmen's pay, and besides this the watchmen at the Aghamain staging bungalow in the Mehar Táluka, who was entertained in the preceding year, was discharged owing to the bungalow having been converted into a musafirkhána.

(*b*) *Other Petty Establishment and Charges—*

| | Rs. | a. | p. |
|---|---|---|---|
| 1897 98 ... ... ... ... | 1,415 | 5 | 11 |
| 1896-97 ... ... ... ... | 1,424 | 5 | 10 |
| The decrease of | 8 | 15 | 11 is insignificant. |

(*c*) *Miscellaneous and Unforeseen Charges—*

| | Rs. | a. | p. |
|---|---|---|---|
| In 1897-98 ... ... ... | 28,057 | 2 | 8 |
| „ 1896-97 ... ... ... | 1,145 | 6 | 0 |
| | 26,911 | 12 | 8 |

The increase is entirely due to the appearance of plague, that caused a great drain on the resources of Local Funds. The figures of 1897-98 include Rs. 716-10-0 on account of one-anna cess assigned to Municipalities under Section 47 of the Bombay Local Board Act I of 1884. This amount compared with Rs. 1,145-6-0 of the preceding year shows a decrease, and that is because of less cultivation within municipal limits. The remainder of the expenditure, less a sum of Rs. 584 which was twice debited in accounts and was re-adjusted within the year, was necessitated by plague and is roughly detailed as under :—

| | Rs. |
|---|---|
| Contribution to the Sukkur Municipality ... ... | 10,000 |

| Do. Ghotki do. ... ... | 309 |

| Pay and allowances of Hospital Assistants and cost of other temporary establishments ... ... | 636 |
| Other miscellaneous expenses ... ... | 1,171 |
| Total ... | 26,756 |

26. *45.—Civil Works in charge of Civil and Public Works Officers.*

The total expenditure under this head amounted to Rs. 1,40,825-7-10. In the preceding year it was Rs. 1,84,135-7-9, including Rs. 324-12-8 spent on the repairs of Local Board Dispensary buildings. The decrease in expenditure amounted to Rs. 43,309-15-11. Full details of expenditure are given below for each sub-head separately, but the decrease in general is due partly to a smaller number of new works having been carried out through Civil Agency and partly to want of funds caused by re-appropriations made for plague expenses.

The figures for 1896-97 include Rs. 24,191-4-10 on account of the establishment which should have been shown under "Communications" subordinate to the major head "45. Civil Works" in the preceding year's report. The sum of Rs. 12-1-3 shown under tools and plant represents the cost of spades purchased for khalasis to repair the roads.

These are both municipal dispensaries. Their construction at the expense of Local Funds requires some explanation. The construction of new dispensary buildings was very necessary. The old building at Rato-dero was not a suitable one for the purposes of a dispensary. It was, therefore, reserved for the use of the Hospital Assistant in charge of the dispensary. The dispensary building at Ghotki was quite uninhabitable. Its roof had suddenly fallen down in parts and whatever remained was in a dangerous state, so much so that for some time the dispensary was located in out-houses, and a tent was pitched for the Hospital Assistant. Thus new buildings at both the above-mentioned places were very desirable, but neither the dispensary nor the Municipal Funds could bear the burden of the entire expenditure. Local Funds were therefore resorted to, and with their aid the above-mentioned two works were carried out: *vide* Government Resolutions Nos. 5335 of the 4th December 1896 (General Department) and 1784 of the 1st April 1897 (General Department). The Rato-dero Municipality contributed the entire cost of the mortuary and latrines from the dispensary funds, which were credited to Local Funds. They have yet to pay $\frac{1}{3}$ of the cost of the dispensary and the bathing platforms which will be credited to Local Funds on which the entire cost of the dispensary and its above-mentioned appendages falls. As regards the Ghotki Dispensary, Rs. 3,000 were paid to the Public Works Department direct from the Municipal Funds and Rs. 8,359-0-8 have been spent from Local Funds.

The increase of Rs. 853-9-10 is due to a larger expenditure having been incurred through the Public Works Agency during the year 1897-98 than in the preceding year.

27. *Contributions.*

As already explained above under paragraph 22(*a*), the sum of Rs. 1,000, shown under this head against the District Board, General, represents the amount of that Board's contribution to the Sind Horse Show, which during the year under report was held at Jacobabad. Rs. 1,100, being the amount of contribution to the Female Training College at Hyderabad which was before shown under grants-in-aid subordinate to 22. Education, has now been shown under this head under the orders of the Accountant General, Bombay, contained in his No. $\frac{\text{L. F.}}{17328}$, dated 13th September 1897.

Some of the Táluka Local Boards have got much more than the minimum balances required to be retained by them under the Act. About Rs. 16,000 out

of the balance has, however, already been absorbed in the current year's budget, and the remainder is reserved for plague emergencies, &c.

28. This statement shows in detail the works undertaken for the improvement of village sanitation.

Eight new wells were sunk during the year under report at a cost of Rs. 2,384-15-11, and Rs. 4,259-14-5 were spent on the improvement of 96 existing wells, 3 tanks and their steps. In the previous year, Rs. 9,049-3-8 were spent on new wells and tanks and Rs. 6,001-2-4 on improvements, &c. Besides the above, Rs. 1,415-5-11 were spent during the year of report in entertaining watchmen for watching the sources of water-supply. LOCAL FUNDS DEPARTMENT.

FROM

THE DEPUTY COMMISSIONER,
Thar and Párkar;

To

THE COMMISSIONER IN SIND.

*Deputy Commissioner's Office,*
*Hyderabad, 30th June 1898.*

SIR,

Report on the Administration of the Local Boards in the Thar and Párkar District for the year 1897-98.

I have the honour to submit my Report on the Administration of the Local Boards in this district for the year 1897-98 together with Statements I to IV.

STATEMENT No. I.

2. With the exception of the Mirpur Board transferred from the Hyderabad Collectorate with effect from the 1st August 1894 the District and Táluka Local Boards were constituted under Government Resolution No. 1293, dated the 12th February 1885, as modified by Government Resolution No. 4389, dated 29th June 1891.

3. The total population and area of the district shown in columns 4 and 5 is the same as last year, the area and population of the municipal towns of Umarkot and Mitti having been omitted from these columns.

4. The number of members constituting the several Boards has been the same as last year, *viz.* 68, of whom 60 are nominated and 8 elected. The extension of the elective franchise in this district (exclusive of Mirpur Khás) was not considered expedient owing to the comparatively backward condition of the people. Of the 8 elected members 6 were returned on the Mirpur Khás Board in which táluka the elective system is in force; the remaining 2 are representatives of the Municipalities of Umarkot and Mitti.

5. A sufficient number of meetings has been held in consideration of the work to be done. The provisions of Section 34 of the Act were also availed of on 17 occasions for the circulation of propositions amongst the members of the District Boards. The business of the Board is practically carried out by the official members. The non-official members take comparatively little interest in their duties, but content themselves generally with attending the meetings and agreeing to the proposals brought forward by the official members. The official members have discharged their duties satisfactorily.

6. The inadequate attendance of members at the meetings is to be accounted for by the distances at which some members reside from the head-quarter station.

STATEMENT No. II.

7. The year opened with a balance of Rs. 32,228-9-6. The income of the several Boards during the year amounted to Rs. 77,349-1-5. The total amount at the disposal of the Boards was thus Rs. 1,09,577-10-11. The items of income and the reasons for increases and decreases as compared with the last year are given below.

8. *VI—Provincial Rates.*—Receipts under this head amounted to Rs. 54,812-15-0 against Rs. 48,238-2-0 in the previous year. The increase of Rs. 6,574-13-0 is chiefly due to favourable inundation and timely rains which caused an increase in cultivation.

9. *XII—Interest.*—The sum of Rs. 715-11-2 is on account of the interest on the closing balances of certain minor Municipalities which have been abolished. These balances were invested in Government paper and the interest is annually credited to Local Funds, in consideration of which the Local Boards have undertaken to maintain certain institutions in the villages concerned. The sum of Rs. 52-6-0 against dispensaries under the same head is on account of interest on Rs. 1,500 invested in Government paper for Cháchra Dispensary at 3½ per cent.

10. *XVII—Police—Receipts under Cattle Trespass Act.*—The receipts under this head amount to Rs. 3,742-7-6 as against Rs. 6,818-10-9 in the previous year, showing a decrease of Rs. 3,076-3-3, which is chiefly due to larger receipts under this head in Sánghar Táluka during 1896-97 owing to the opening of a pound as a temporary measure in the Makhi Dhand in connection with measures taken for the suppression of outlawry. Another cause leading to a diminution in receipts under this head was the plentiful supply of fodder in the Desert tálukas owing to timely rains, which induced people to remove their cattle from the Nára valley.

11. *XIX—Education.*—The sum of Rs. 52-13-0 represents fees levied in Khán and Mirpur schools in táluka Mirpur Khás. In other tálukas of this district no regular school fees are levied, as the district is generally in a backward condition as compared to other parts of Sind.

12. The amount of Rs. 11-12-6 shown under miscellaneous is made up as follows:—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Sale-proceeds of unserviceable articles belonging to the schools at Mirpur, Nagar and Nobisar ... ... | 1 | 4 | 6 |
| 2. On account of rent of building erroneously drawn by the school-master at Chachra and subsequently refunded ... | 2 | 8 | 0 |
| 3. Unexpended amount of the usual prize allotment refunded by the Deputy Commissioner, Thar and Párkar ... | 6 | 0 | 0 |
| 4. On account of examination fees levied under the middle and special school scholarship rules... ... ... | 2 | 0 | 0 |
| Total ... | 11 | 12 | 6 |

13. *Hospitals and Dispensaries.*—The sum of Rs. 7,995-10-0, including balance and other receipts against dispensaries, is composed of the following items:—

| Dispensaries. | Balance. | Grant-in-aid from Government. | Contribution from the Local Funds. | Interest. | Hospital stoppages fees. | Miscellaneous, such as unserviceable articles &c. | Total. |

As compared with the last year's figures there is an increase of Rs. 299-7-10 only which is chiefly due to larger actual balances during the year under report.

14. *XX—Medical Contributions, Rs. 66.*—This sum was received from the Umarkot and Mithi Municipalities towards the vaccination charges under orders conveyed in Government Resolution No. 975, dated 14th March 1891, General Department.

15. *XX—Medical—Miscellaneous.*—The sum of Rs. 75-12-0 shown under other receipts is made up of the following items :—

| | Rs. a. p. |
|---|---|
| 1. Refund by the Deputy Sanitary Commissioner, Sind Registration District, on account of the travelling allowance of the vaccinators for March and June 1897 drawn erroneously from the Local Fund instead of from the Provincial Funds ... ... ... ... ... | 30 12 0 |
| 2. Refunded by Mr. Asumal, late Hospital Assistant, Mirpur Khás, on account of plague allowance drawn by him and objected to by the Accountant General, Bombay... ... | 45 0 0 |
| Total ... | 75 12 0 |

16. *XXI—Scientific and other Minor Departments.*—Botanical and other public garden receipts amounted to Rs. 2,015-1-11 as against Rs. 1,753-13-0, showing an increase of Rs. 261-4-11 which is due to higher bids received for garden produce during the year under report.

17. *XXV—Miscellaneous.*—The sum of Rs. 64-15-9 is on account of sale-proceeds of old materials. The amount shown under "Serái fees," *viz.*, Rs. 366-8-9, represents rents paid by Government servants for occupying quarters built by Local Boards and also rent realized from the market at Nagar Párkar. There is an increase under this head as compared with the last year's figures of Rs. 58-4-3 and this is chiefly due to higher occupancy prices received for the market at Ngaar. The total Rs. 17 under "Other items" is made up as follows :—

| | Rs. a. p. |
|---|---|
| 1. Recovery of pay drawn in excess by the Local Fund servant employed for watching dharmshála at Golari in táluka Khipra ... ... ... ... ... | 7 0 0 |
| 2. On account of damage done to Local Fund roads ... | 10 0 0 |
| Total ... | 17 0 0 |

18. *XXXII—Civil Works—Miscellaneous.*—The sum of Rs. 85 shown under this head is on account of sale-proceeds of road-side trees and their loppings. As compared with the last year's figures there is a decrease of Rs. 122-1-1 which is due to a larger number of trees having been sold during the year 1896-97 than 1897-98.

19. The sum of Rs. 1,316 represents the contributions received from the following zamindárs for constructing wells in order to improve water-supply in villages—*vide* Government Resolution No. 1140, dated 10th March 1896, General Department, and also for constructing bridges on karias crossing the Local Fund roads :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. By Panchâyat of Virawah for constructing well at Virawah ... ... ... ... | 38 | 0 | 0 |

| 6. By Jindalshah for constructing a well at Rájpar, táluka Sánghar ... ... ... ... | 244 | 0 | 0 |
| Total ... | 1,316 | 0 | 0 |

20. *Contributions.*—The total Rs. 13,877-13-5 from Provincial to Local is made up of the following items :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Net proceeds of fees and fines and penalties under Bombay Act VIII of 1866 ... ... | 10 | 0 | 0 |
| 2. Fees for permission to remove sand or to quarry ... | 2,706 | 9 | 9 |
| 3. Grant in lieu of one-anna cess on excise revenue ... | 433 | 0 | 0 |

| 5. „ to Provincial roads ... ... ... | 833 | 0 | 0 |
| 6. „ to dispensaries ... ... ... | 2,550 | 0 | 0 |
| Total ... | 13,877 | 13 | 5 |

As there is no special column provided for the above items in Statement No. II they have been shown under this head as directed by Government Resolution No. 3847, dated 5th June 1891. As compared with the last year's figures there is a decrease of Rs. 2,336-14-4 which is chiefly due to the grants for constructing wells and school-buildings not having been given by Government during the year under report.

21. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is Re. 0-2-8 per head and that of income (excluding opening balances) is Re. 0-3-9 per head. This shows an increase of pies 4 on the former and pie only on the latter as contrasted with that of the preceding year. The increase is due to the increase in total amount of income.

## Statement No. III.

22. The sum of Rs. 2,955-11-6 under 18, Administration is on account of pay and batta to the establishment entertained in the following offices :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Local Fund Establishment in the office of the Deputy Commissioner, Thár and Párkar ... ... | 2,677 | 14 | 2 |
| 2. Local Fund Establishment in the office of the Deputy Collector, Nára Valley ... ... ... | 277 | 13 | 4 |
| | 2,955 | 11 | 6 |

The increase of Rs. 587-9-10 is due to the employment of a Local Fund clerk on Rs. 25 per mensem in the office of the Deputy Collector, Nára Valley, and also to the adjustment of Rs. 293-8-6, being the difference between the amount recoverable and that actually recovered from the District Local Board, Thár and Párkar, on account of the Deputy Commissioner's Local Fund Establishment for the year 1896-97.

23. *Office Contingencies.*—There is an increase of Rs. 440-12-8 under this head, which is chiefly due to the purchase of dead-stock articles required for the use of the office of the District Board and for keeping in the bungalows at Sánghar and Jhuda.

24. The sum of Rs. 375-13-9 shown under payments of establishments for offices of accounts, control and audit is made up as follows :—

| 8. Contribution towards the Indigenous schools .. | 318 | 0 | 0 |
| | 2,178 | 0 | 0 |

As compared with the last year's figures there is a decrease of Rs. 454 which is due to the grants to indigenous schools having during the year under report been paid from the Provincial Funds direct instead of from Local Funds : *vide* Government Resolution No. 487, dated 18th March 1897, Educational Department.

27. *Scholarships.*—The sum of Rs. 609-5-9 represents the pay of students at the Training College Hyderabad, as also the scholarships given to the primary, middle and special schools.

| 6. Prizes ... ... ... ... | 493 | 12 | 9 |
| | 2,672 | 1 | 11 |

As compared with the last year's figures there is an increase of Rs. 654-3-7, which is chiefly due to more prize books having been distributed during the year under report.

29. *Hospitals and Dispensaries.*—The sum of Rs. 3,192-1-6 shown under this head against the District Board, General, represents the following grants to

charitable dispensaries and on account of cost of medicines and expenses during epidemics :—

| 4. Expenses during epidemics ... ... | 2,112 | 5 | 6 |
| | 3,192 | 1 | 6 |

As compared with the last year's figures there is an increase of Rs. 1,837-2-6 which is chiefly due to the cost on account of constructing isolation sheds, rations to persons coming from Cutch and Pálanpur and placed in observation camps, and on account of cost of medicines &c., having been all shown under head "Expenses during epidemics" as desired by the Accountant General, Bombay.

This year, too, the district remained free from plague, but still precautionary measures were taken on a larger scale. Owing to the prevalence of the plague in Cutch and Palanpur several observation camps were established along the Ran of Cutch, where every suspicious arrival was detained for 7 days. During the year under report, Rs. 2,112-5-6 were spent in this connection as follows :—

|---|---|---|---|
| 1. Constructing isolation sheds and their repairs. | 802 | 7 | 11 |

| | 2,112 | 5 | 6 |

30. The sum of Rs. 6,419-9-7 represents the total expenditure on the following Government grant-in-aid dispensaries :—

| Dispensaries. | Hospital Assistants' pay and allowance. | Second Class servants. | On account of repairs to the dispensary buildings. | Miscellaneous. | Total. |
|---|---|---|---|---|---|

| Total ... | 1,710 10 1 | 793 7 3 | 337 10 0 | 3,577 14 3 | 6,419 9 7 |

As compared with last year there is a decrease of Rs. 97-1-0 which is chiefly due to the dispensary at Cháchra having remained closed in consequence of the deputation of the Hospital Assistant on plague duty.

31. The sum of Rs. 3,538-8-1 represents the expenditure on account of vaccination establishment.

As compared with the last year there is an increase of Rs. 217-9-11 which is chiefly due to the entertainment of additional temporary vaccination establish-

ment for three months to assist in the small-pox affected tálukas in this district.

*26.—Scientific and other Minor Departments.*

32. The sum of Rs. 78-11-9 shown under experimental cultivation is on account of the cost of English vegetable seeds obtained for experimental purposes.

33. *Veterinary Charges.*—The sum of Rs. 78-8-0 shown against the District Board, General, is on account of the pay and contingencies of a student by name Wahidbux valad Faiz Mahomed, who has joined the Veterinary College on the condition that on finishing his course at the college he will serve this district for a period of not less than three years on a salary of Rs. 50 *plus* travelling allowance admissible under the rules when proceeding from one táluka headquarter station to another, and that he will further undertake to refund the Board all the expenses incurred by them in the event of his relinquishing his post before the expiration of the prescribed period.

34. The sum of Rs. 149-8-11 shown under "Bull and Stallion Charges" is on account of feeding charges of the donkey stallion "Pharoah." As compared with the last year's figures there is a decrease of Rs. 28-6-1 which is due to the donkey stallion having been given barley instead of gram, which is dearer.

35. The sum of Rs. 1,873-6-4 shown against Botanical and other public gardens is made up as follows :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. On account of contribution towards the Zoological Garden at Karáchi ... ... | 50 | 0 | 0 |
| 2. Expenditure on public gardens ... ... | 1,823 | 6 | 4 |
| Total ... | 1,873 | 6 | 4 |

As compared with the last year's figures there is a decrease of Rs. 445-12-3 which is chiefly due to abolition of the Khipra Garden establishment which was entrusted to the care of a contractor on specified condition.

36. The sum of Rs. 87-2-6 represents the cost of forms. The increase of Rs. 8-8-5 under this head is due to larger purchases.

37. The sum of Rs. 929-9-3 represents the pay of watchmen employed at dharmsháles. As compared with last year's figures there is an increase under this head of Rs. 122-3-5 due to the appointment of watchmen for the following dharmsháles :—

1. One watchman for the dharmshála at Islamkot @ Rs. 7 per month.
2. One watchman for the dharmshála at Dengan Bhurgiri @ Rs. 4 per month.

38. The sum of Rs. 182-8-11 under "Other Petty Establishment" represents the expenditure for the maintenance of two boats at the 18th and 24th miles of the Mithrao Canal. There were originally wooden bridges at those places, but it was found necessary to remove them, as they obstructed the flow of water and would not admit of the passage for boats. In lieu of these two bridges, ferry boats have been provided by the Public Works Department, and the working expenses are met from the Local Funds.

39. The sum of Rs. 43 shown under "Miscellaneous and Unforeseen Charges" is made up as follows :—

| | Rs. | a. | p. |
|---|---|---|---|
| 1. Amount assigned to Umarkot Municipality under Section 47 ... ... ... | 43 | 0 | 0 |

40. The sum of Rs. 223 was contributed by Haji Khudabux for constructing a well at Allahkhahi in táluka Khipra and was credited to the Thar and Párkar Local Funds. But as Haji Khudabux expressed his willingness to incur the whole cost of the well himself, and have it constructed by a private arrangement of his own, this amount was refunded to him at his request.

As desired in your No. 1733, dated the 6th August 1895, I here mention the progress made in material improvements in this district during the year under report :—

(1) The road from Phulahdi to 35 mile, Mithrao Canal, and the road from Phulahdi to Bund Bachai were raised at an aggregate cost of Rs. 1,123 in order to facilitate traffic between Khipra and Shadipali Station *viâ* Phulahdi during the inundation season.

A sum of Rs. 240 was also spent in constructing two roads in Mithi Táluka desert portion of the district.

In order to improve village water-supply a sum of Rs. 3,232 was spent in constructing two wells in táluka Sánghar, one well in táluka Nagar, one in

Five new dharmshálas—one at Jhole in Sánghar Táluka and one at Gapni in Khipra Táluka, one at Jhuda in Umarkot Táluka and two at Borilo and Dharindaro in Cháchra Táluka—were constructed at an aggregate cost of Rs. 2,230-5-6 and a sum of Rs. 1,102-2-2 was spent in making additions and alterations to the old dharmshálas at Jihole and Cháchra and in constructing verandah to the dharmshála at Kaloi in Dipla Táluka.

A bridge over the Lethwah on the road from Mirpur Khás to Mirpur Khás Station *viâ* district bungalow was constructed at a cost of Rs. 1,259-11-3 to replace the old unsafe bridge close by which has been removed.

Rs. 259-3-0 were spent in constructing a cook-room and latrine to the Hospital Assistant's quarters at Sánghar. Rs. 946-11-5 were spent on repairing the road along the bank of the Mithrao Canal to facilitate communication with the railway at Shadipali Station.

*Contributions.*

43. The sum of Rs. 1,872 is on account of contributions to the following Boards under Government Resolution No. 1171, dated 11th March 1896, General Department:—

45. The opening cash balance of the District and Táluka Boards on the 1st April 1897 amounted to Rs. 32,228-9-6 and income during the year under report amounted to Rs. 77,349-1-5, making a total of Rs. 1,09,577-10-11.

The expenditure of the year amounted to Rs. 67,665-5-6, leaving a closing cash balance of Rs. 41,912-5-5 on the 1st April 1898. The maximum balance for this district is fixed at Rs. 8,000, whereas the balance on the 1st April 1898, including the sum of Rs. 1,500 on account of the permanent advance for Local Fund works given to the Mukhtyárkars, amounted to Rs. 43,412-5-5. The heavy balance is due to non-execution of several works provided for in the Budget, 1897-98, in accordance with Government Resolution No. $\frac{1556}{1005}$, dated 18th March 1897, and No. $\frac{53}{53}$P, dated 5th January 1898. These works have again been provided in the current year's budget.

46. As desired by Government in paragraph 1 of their Resolution No. 4870, dated 8th September last, regarding arrangements for the execution and supervision of works carried out by the District and Táluka Local Boards, I beg to state that works costing over Rs. 2,500 are carried out by the Executive Engineer, Public Works Department—*vide* Section 61 of the Bombay Act I, of 1884—and those below that amount are carried out under the supervision of the Mukhtyárkars of the tálukas who give out the works to petty contractors. Where, however, professional agency is necessary, as for instance in construction of wells, bridges, new buildings, &c., up to Rs. 2,500, the Local Fund overseer, who is employed in this district on Rs. 40 pay and Rs. 15 travelling allowance, prepares plans and estimates and also supervises and measures up the works. The Deputy Collectors, Nára Valley, and of the Desert Tálukas exercise supervision and the Deputy Commissioner, general control.

STATEMENT No. IV.

47. In the year under report, six wells and one tank were sunk, and one well improved and 22 wells repaired.

GENERAL REMARKS.

48. I regret to say that while I was in England on three months' privilege leave, Mr. Lucas, who was acting for me, found it necessary to summarily dismiss the Local Fund overseer Mr. Tirithsing owing to his evident collusion with the contractor for a number of bridges, the work of which was examined just before I went home by Khán Bahádur Sirdár Mahomed Yakub, Deputy Collector, and found to be not only inferior, but not in accordance with specification. The Board confirmed Mr. Lucas' action, which was, in fact, the only course open under the circumstances. Another man has been engaged, and I trust will prove to be honest and capable.

I have been dissatisfied with the system, or rather the manner in which the system has been worked, of carrying out road repairs and have been obliged to issue very stringent orders on the subject. In other respects there has been no change. As usual, Mr. Ghanshamdas, Local Fund Accountant, has been very useful and worked well throughout the year.

I have the honour to be,
Sir,
Your most obedient Servant,
H. C. MULES,
Deputy Commissioner,
Thar and Párkar.

No. 242 OF 1898-99.

LOCAL FUND DEPARTMENT.

FROM
THE DEPUTY COMMISSIONER,
Upper Sind Frontier;

To
THE COMMISSIONER IN SIND.

*Deputy Commissioner's Office,*
*Jacobabad, 27th June 1898.*

SIR,

I have the honour to submit the Annual Administration Report on the working of the Local Boards in the Upper Sind Frontier District for the year 1897-98, together with the statistical Tables I to IV in the form prescribed by the Government of India.

STATEMENT No. I.—CONSTITUTION OF BOARDS AND MEMBERS.

2. This statement shows the strength of each Local Board, the number of meetings held, and the average attendance at each. The Local Boards of this district are constituted in accordance with Government Resolution No. 9547, dated the 3rd December 1884.

3. The total population and the area of the district are the same as shown last year.

4. The number of meetings held during the year were sufficient.

5. The District Local Board held two half-yearly meetings. On seven occasions the provisions of Section 34 of the Local Boards Act were availed of.

6. The business of the Board is, as usual, carried on by the official members; the others do little more than attend meetings and acquiesce in the proposals placed before them. They occasionally make suggestions, but with one or two exceptions they do no supervision works and are apathetic to a degree. They have been addressed on this subject, and with regard to certain arrangements it is hoped that some slight improvement will be noted in next report.

STATEMENT No. II.—INCOME.

7. The year opened with a balance in hand of Rs. 61,633-4-1 as against Rs. 57,656-11-6, opening balance of the previous year. The items of income and the reasons for increases and decreases as compared with the previous year are given below—

This represents the net proceeds of the one-anna cess levied under the Sind Local Fund Act, 1865. The increase in the cess is due to the expansion of cultivation in the district owing chiefly to improvements in the Begári Canal, as well as to the disposal of applications for land, a very large area of which was given out during the year.

9. *XII.—Interest.*

|---|---|---|---|
| On dispensary securities, 1897-98 ... ... | 31 | 6 | 10 |

14. *XXV.—Miscellaneous Receipts.*—Staging bungalow fees amounted to Rs. 141-8-0 as compared with Rs. 122 collected last year. The increase is due to a larger number of travellers having occupied the bungalow.

Repairs to 870¾ miles of roads and 160 bridges cost Rs. 16,470-14-5. A sum of Rs. 3,761-4-1 was also expended on preservation and planting of road-side trees. The latter sum has been shown under this head, in accordance with the instructions contained in Government Resolution No. 2843, dated 25th May 1897.

Full details are also given in Statement No. IV.

32. The sum of Rs. 1,296-0-3 shown under the sub-head "Establishment and Contingencies appertaining to Public Works" subordinate to "45. Civil Works" in charge of Civil Officers represents the pay, travelling allowance and contingencies of the overseer's establishment. As the expediency of employing the overseer has been questioned, I would here take the opportunity of remarking that he has not only been exremely useful on emergencies and for the purposes of consultation, but also for inspecting works. He prepares plans and estimates and is thereby a distinct saving to the Board of the 12 per cent. Public Works charges. The works under each Board in my district are inspected by Works Committee appointed for each Táluka Local Board in terms of Rule 2 of the Local Board rules consisting of not less than five members.

The several works in progress in each táluka are inspected by them at the request of the Presidents or Vice-Presidents. In consequence, however, of the members being very illiterate, the measurement of works and assistance of every description, such as is obtainable in the more advanced districts of the Province, is unobtainable here.

33. The total expenditure on civil works amounted to Rs. 33,885-6-3 against Rs. 40,270-3-6 last year, showing a decrease of Rs. 6,384-13-3.

In view of the prevailing famine, several works which were provided in the budget estimate of the year under report were held in abeyance in order to reserve as large a balance in the treasury as possible, as desired by Government in their Resolution No. 4046, dated 28th November 1896.

34. The entire expenditure of the year under report was Rs. 70,659-12-5 as against Rs. 76,731-2-0 last year, leaving a balance of Rs. 69,410-9-9 at the close of the year.

STATEMENT No. IV.

35. This statement shows the number and cost of new tanks and wells dug or sunk and other sources of water-supply repaired by each Board, and requires no comment.

36. The Village Sanitation Act is not in force in any of the villages in this district.

37. No special grants were made by Government during the year for water-works in this district.

Summary of the present arrangement for execution and supervision of the works carried out by District Local Boards.

39. The present arrangement for the execution of Local Fund works in the Upper Sind Frontier, in the case of bridges over karias crossing the roads and such other original works as require professional skill, is that they are carried out by the Boards themselves through their trained overseer, whereas other works of petty construction, such as landhis for travellers, repairs to roads, musáfirkhánas, travellers' bungalows, bridges, schools, &c., are executed through the local contractor or through establishments entertained by the Boards, and superintended by the Vice-Presidents and members of the Boards

40. Plan and estimates for all original works which require engineering skill are prepared by the Board's overseer; and those estimated to cost over Rs. 500 each are sent to the Government Executive Engineer for review under the rules for which a percentage of rupee one is paid to the Public Works Department.

41. Last year I anticipated the departure of the late Local Fund Accountant, Mr. Narayansing. He has since received his promotion to Hyderabad. All local works are efficiently carried out by the overseer and mukhtyárkars, and their high state of efficiency as exhibited at the time of the show especially is of the greatest credit to them.

I have the honour to be,
Sir,
Your most obedient Servant,
M. D. MACKENZIE,
Deputy Commissioner, Upper-Sind Frontier.

DHA'RWA'R.

*Statement showing the Original Cost, Mileage and present Condition of all Local Roads in charge of the Executive Engineer, Dhárwár District, for the year 1897-98.*

| No. | Name of Local Road. | Length in Miles. | Original Cost. | Remarks as to the present condition. |
|---|---|---|---|---|
| | | | Rs. | |
| 1 | Navalgund-Annigeri Road ... | 11½ | 1,10,226 | Metalled throughout and in good order. Three unbridged streams sometimes give a little trouble. |
| 2 | Navalgund-Ron Road ... | 28 | 1,49,007 | A fair-weather road only, unbridged as to large streams. |
| 3 | Masur-Mundargi Road ... | 47 | 32,248 | A fair-weather road misnamed. From Masur to Guttal the road is made. North of Guttal towards Mundargi for a distance of 25 miles, there is no road at all, nor is a road likely to be made for many years. Just outside Mundargi a road is made for 9 miles only in the direction of Guttal. |
| 4 | Palla-Bádámi Road ... | 78 | 1,45,600 | This also is a too ambitiously named road. From Palla to Bankápur (19 miles), it is good muram road, bridged throughout. From Bankápur to Yelvaji (14 miles), the road is bridged and metalled in the British territory with bad breaks in the Native States. The portion in Sávanúr State was repaired, but has again fallen in bad repairs and the portion in Miraj State remains as it was last year. From Yelvaji the road runs through Native States for about 15 miles and is fair in places and indifferent in others. Near Mulgund, the road enters British territory. A road from here to Gadag is under construction. The road from Gadag to Bádámi is fair though unbridged and heavy during rains, and leaves much room for improvements. |
| 5 | Tadas-Gondi Road ... | 34½ | Not known. | A fair-weather road mostly unbridged. |
| 6 | Harihar-Sámasgi Road ... | 51¼ | Do. ... | A fair-weather road, metalled in places but mostly unbridged. |
| 7 | Byádgi-Hávasbhávi Road ... | 10¾ | 24,690 | Do. do. |
| 8 | Dhárwár-Tadas Road .. | 29¼ M. ft. | 37,138 | A partially metalled road, bridged throughout. The portion from Kalghatgi to Tadas is in bad state. |

RATNA'GIRI AND KOLA'BA.

*Statement showing the Local Fund Roads in charge of the Executive Engineer, Ratnágiri and Kolába Districts, with the Original Cost, Mileage and Present Condition for the year 1897-98.*

| No. | Name of Road. | Length in Miles. | Original Cost. | Present condition. | Remarks. |
|---|---|---|---|---|---|
| | | | Rs. | | |
| 1 | Road from Alibág to Revas. | 15 | 1,54,188 | In good order; bridged and drained throughout. Last three miles embanked through salt marsh. The pitched embankment is gradually settling in some places. Good in all seasons. | |
| 2 | Alibág-Revdanda Road (portion from Sakhar to Revdanda). | 8 | Not known... | This road is in some places merely a narrow lane winding through the villages and gardens of the locality. The road being in some places lower than the gardens and compounds, the water in rainy reason collects in pools over its surface or becomes a running stream. Good in fair weather and fairly good in rains. | Some encroachment of the creek at Raiwadi is going on and threatens to affect the embanked road. A plan and estimate for remedial measures are under preparation. |
| 3 | Salao-Korlaie road... | 2¼ | 5,359 | In very good order and passable at all seasons. | |
| 4 | Pen-Panvel road. Portion from Pen to Khárepáda.. | 8 | Not known... | In very good order, but crosses three unbridged creeks which at sometimes, in rainy season, are quite impassable and in fair season at high tides are more or less so. | Good road in fair weather. |
| 5 | Pen-Panvel road. Portion from Dusviford to Palaspe. | 9⅛ | ..... | This road from the creek at Khárepáda to Palaspe is bridged and drained and completed in every respect as a Murum road and is in very good order. | |
| 6 | Pen-Panvel road. Portion from Palaspe to Kolka. | 1 | ..... | A good fair weather road, requires one nálá to be bridged and owing to the defects in construction is susceptible of much improvement, especially the Palaspa Village portion, which is narrow and rocky. | There is a famine project prepared for a much better and shorter line which might be taken up without waiting for the next famine. |
| 7 | Uran-Karanja road. | 5 | ..... | In good order, but the masonry is old and has a delapidated appearance most likely owing to faulty or a very cheap class of construction originally. | The surface is in course of further improvement by substituting blasted metal for murum for repairs in miles 4 and 5. |

APPENDIX V—*concluded.*
